Magic Is Dead - Ian Frisch 2019-02-26

In the vein of Neil Strauss' *The Game* and Joshua Foer's *Moonwalking with Einstein* comes the fascinating story of one man's colorful, mysterious, and personal journey into the world of magic, and his unlikely invitation into an underground secret society of revolutionary magicians from around the world. *Magic Is Dead* is Ian Frisch's head-first dive into a hidden world full of extraordinary characters and highly guarded secrets. It is a story of imagination, deception, and art that spotlights today's most brilliant young magicians—a mysterious club known as the52, who are revolutionizing an ancient artform under the mantra *Magic Is Dead*. Ian brings us with him as he not only gets to know this fascinating world, but also becomes an integral part of it. We meet the52's founding members—Laura London, Daniel Madison, and Chris Ramsay—and explore their personal demons, professional aspirations, and what drew them to their craft. We join them at private gatherings of the most extraordinary magicians working today, follow them to magic conventions in Las Vegas and England, and discover some of the best tricks of the trade. We also encounter David Blaine; hang out with Penn Jillette; meet Dynamo, the U.K.'s most famous magician; and go behind the scenes of a Netflix magic show. *Magic Is Dead* is also a chronicle of magic's rich history and how it has changed in the internet age, as the young guns embrace social media and move away from the old-school take on the craft. As he tells the story of the52, and his role as its most unlikely member, Ian reveals his own connection with trickery and deceit and how he first learned the elements that make magic work from his poker-playing mother. He recalls their adventures in card rooms and casinos after his father's sudden death, and shares a touching moment that he had, as a working journalist, with his childhood idol Shaquille O'Neal. "Magic—the romanticism of the inexplicable, the awe and admiration of the unexpected—is an underlying force in how we view the world and its myriad possibilities," Ian writes. As his journey continues, Ian not only becomes a performer and creator of magic—even fooling the late Anthony Bourdain during a chance encounter—he also cements a new brotherhood, and begins to understand his relationship with

his father, fifteen years after his death. Written with psychological acuity and a keen eye for detail, *Magic Is Dead* is an engrossing tale full of wonder and surprise.

Magic Card Tricks - Varda Toussaint
2020-09-15

What is a self-working card trick? A trick that does not depend upon legerdemain or special abilities on the part of the magician, but a trick that works automatically because of the mathematics inherent in the card deck itself. Long practice and supernormal dexterity are not needed to perform these tricks, yet they are often among the most entertaining and most spectacular of all card tricks. Some of these sure-fire tricks are simple, a good place to begin. Others were specially adapted from professional routines and are here presented for the first time for amateurs. Almost all of these tricks can be worked informally, with a borrowed deck of cards. Some also adapt to stage presentation. Individual tricks in this book have sold for more than the price of the entire book. Amateurs can use them to get a start in magic and to feel, at once, the rewards of giving a professional performance.

Magic Tricks with Props - Elsie Olson
2019-03-01

Simple step-by-step instructions and photos show readers how to do fun magic tricks with props such as pencils, coins, and even a banana. Readers will love learning tips for performing magic and information about famous magicians.
