General View of Education for National Minorities in Romania During 2003-2006 - 2006

Hindoostanee Philology - John Borthwick Gilchrist 1825

Contrastive Sociolinguistics - Marlis Hellinger 1996-01-01
CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students, researchers and practitioners in all of the social and language-related sciences carefully selected book-length publications dealing with sociolinguistic theory, methods, findings and applications. It approaches the study of language in society in its broadest sense, as a truly international and interdisciplinary field in which various approaches, theoretical and empirical, supplement and complement each other. The series invites the attention of linguists, language teachers of all interests, sociologists, political scientists, anthropologists, historians etc. to the development of the sociology of language.

Imprisoned in English - Anna Wierzbicka 2014

Imprisoned in English argues that in the present English-dominated world, social sciences and the humanities are locked in a conceptual framework grounded in English and that scholars need to break away from this framework to reach a more universal, culture-independent perspective on things human.

The Philosophy of Teaching - Saint Augustine (of Hippo) 1924

Library Collection Development Policy - National Agricultural Library (U.S.) 1977

How to Teach Grammar - Scott Thornbury 2008

Grammar of the Greek Language - Alpheus Crosby 1855

The Life of Michelangelo - David Hemsoll 2018-04-03

The fame and influence of Michelangelo Buonarroti (1475-1564) were as immediate as they were unprecedented. It is not surprising, therefore, that he was the only living artist Giorgio Vasari included in the first edition of *Lives of the Most Excellent Painters, Sculptors and Architects*, published in 1550. Revised and expanded in 1568, Vasari's monumental work comprises more than two hundred biographies; for centuries it has been recognized as a seminal text in art history and one of the most important sources on the Italian Renaissance. Vasari's biography of Michelangelo, the longest in his *Lives*, presents Michelangelo's oeuvre as the culminating achievement of Renaissance painting, sculpture, and architecture. He tells the grand story of the artist's expansive career, profiling his working habits; describing the creation of countless masterpieces, from the David to the Sistine Chapel ceiling; and illuminating his relationships with popes and other illustrious patrons. A lifelong friend, Vasari also quotes generously from the correspondence between the two men; the narrative is further enhanced by an abundance of colorful anecdotes. The volume's forty-two illustrations convey the range and richness of Michelangelo's art. An introduction by the scholar David Hemsoll traces the textual development of Vasari's *Lives* and situates his biography of Michelangelo in the broader context of Renaissance art history.

Idiomatic Creativity - Andreas Langlotz 2006-04-15

This book revisits the theoretical and psycholinguistic controversies centred around the intriguing nature of idioms and proposes a more systematic cognitive-linguistic model of their grammatical status and use. Whenever speakers vary idioms in actual discourse, they open a linguistic window into idiomatic creativity - the complex cognitive processing and representation of these heterogeneous linguistic constructions. Idiomatic creativity therefore raises two challenging questions: What are the cognitive mechanisms that underlie and shape

idiom-representation? How do these mechanisms define the scope and limits of systematic idiom-variation in actual discourse? The book approaches these problems by means of a comprehensive cognitive-linguistic architecture of meaning and language and analyses them on the basis of corpus-data from the British National Corpus (BNC). Therefore, Idiomatic Creativity should be of great interest to cognitive linguists, phraseologists, corpus linguists, advanced students of linguistics, and all readers who are interested in the fascinating interplay of language and cognitive processing. This book has a companion website: www.idiomatic-creativity.ch.

Britishness and Multiculturalism - Gabriel Roman-Bărbuți 2011

May We Introduce the Romanian Language to You? - Mioara Avram 2000

Software Booklet - Florentin Bota 2021-04

There are a lot of problems in the software development industry: burnout, stress, responsibility, unrealistic expectations to name a few. In addition, we have to implement more features than ever. We may feel drained at times, and going forward seems to be an impossible mission. This book will show you exactly what 10X development is and how you can capitalize on your skills to deliver better products, without wasting energy.

Analytic Architecture for Capabilities-based Planning, Mission-system Analysis, and Transformation - Paul K. Davis 2002

Capabilities-based planning has become a central theme of defense planning. It is defined in broad terms in the 2001 Quadrennial Defense Review, but opinions differ about its details and how to implement it. This book reviews and extends ideas developed over the last decade regarding capabilities-based planning. It puts capabilities-based planning in the larger context of defense activities generally, sketches an analytic architecture for carrying it out, and offers recommendations about how to proceed, including a suggested architecture that emphasizes mission-level work and such concepts as mission-system analysis, exploratory analysis, and hierarchical portfolio methods for integration and tradeoffs in an economical framework. Capabilities-based planning is related to the objective of transforming U.S. forces to deal effectively with the changes taking place in military affairs. The book also emphasizes that the new paradigm of capabilities-based planning is particularly apt given the objective of transforming U.S. forces to deal effectively with the changes taking place in military affairs.

The Roma in Romanian History - Viorel Achim 2004-08-01

One of the greatest challenges during the enlargement process of the European Union towards the east is how the issue of the Roma or Gypsies is tackled. This ethnic minority group represents a much higher share by numbers, too, in some regions going above 20% of the population. This enormous social and political problem cannot be solved without proper historical studies like this book, the most comprehensive history of Gypsies in Romania. It is based on academic research, synthesizing the entire historical Romanian and foreign literature concerning this topic, and using lot of information from the archives. The main focus is laid on the events of the greatest consequence. Special attention is devoted to aspects linked to the long history of the Gypsies, such as slavery, the process of integration and assimilation into the majority population, as well as the marginalization of Gypsies, which has historic roots. The process of emancipation of Gypsies in the mid-19th century receives due treatment. The deportation of Gypsies to Transnistria during the Antonescu regime, between 1942-1944, is reconstructed in a special chapter. The closing chapters elaborate on the policy toward Gypsies in the decades after the Second World War that explain for the latest developments and for the situation of this population in today's Romania.

100 Mistakes that Changed History - Bill Fawcett 2010-10-05

Collected in one volume, here are backfires and blunders that collapsed empires, crashed economies, and altered the course of the world. From the Maginot Line to the Cuban Missile Crisis, history is filled with bad moves and not-so-bright ideas that snowballed into disasters and unintended consequences. This engrossing book looks at one hundred such tipping points. Japan bombs Pearl Harbor. The Caliphs of Baghdad spend themselves into bankruptcy. The Aztecs greet the Conquistadors with open arms. Mexico invites the Americans to Texas-and the Americans never leave. And the rest is history...

10 Bed-Time Stories in French and English with Audio. - Frederic Bibard 2020-03-04

Bilingual Short Stories in French and English for Young Readers Introduce your children to the joys of reading while helping them improve their French and English proficiency at the same time. This book is perfect for kids between ages 8 and 12 and is designed to boost language skills, enhance the imagination, and pave the way for a life-long love of reading. 10 Fun and Engaging Stories Featuring a wide array of enjoyable themes, parents can rest assured that the material in this book is highly suitable for children. Written in Parallel Text to Boost Comprehension Each paragraph is written in both French and English - first in French, followed by its English equivalent. You can also read the stories in French only or in English only, which is perfect for bilingual children, whether native French or English speakers! The audio is designed as a perfect supplement to help readers learn the correct pronunciations and improve their listening skills in an enjoyable manner. Not Just for Children - It's Great for Adults, Too! This book is suitable for children, but adults can also enjoy it. Whether you are looking to improve your French (or English) with a fun method or you are simply in it for the joy of reading a short story, this book is great for adults. Technical Details 10 short stories Total of 120 minutes of audio (60 minutes of English, 60 minutes of French) Grab Your Copy Now!

Technology and Social Media and Their Impact on the Human Being, Society and Politics - 2020

Varna Shiksha - Peter F. Freund 2015-09-20

Varna Shiksha describes the qualities, colors, genders and Devas of the 50 letters of the Sanskrit alphabet, and the unique and profound benefits of speaking the different letters of Sanskrit. This ancient text shows that every letter of the Sanskrit alphabet is a particle of infinity, a treasure of knowledge and organizing power. Useful for scholars and beginners alike, *Varna Shiksha* unfolds for the first time the detailed knowledge of the effect or influence of the sounds of the Sanskrit language. The author provides an overview of the entire field of Vedic phonology, *Shiksha*, and explores the themes brought out in this text in the light of Vedic Science. The English translation of the 48 verses of *Varna Shiksha* is provided along with a chapter describing in detail the Devas of the 50 letters of the alphabet identified in this ancient manuscript. The original Sanskrit text is given in Devanagari and in Roman transliteration, and also in large Devanagari type. An epilog by Maharishi Mahesh Yogi explains the Sanskrit alphabet as the gateway to the unfoldment of the unbounded potential of every human being. The very first letter of the alphabet, "a," brings the seeker of knowledge and enlightenment to the door of the Infinite. The knowledge of the Sanskrit alphabet provided in this book introduces the Vedic Science of *Shiksha* as the gateway to complete unfoldment of the supreme knowledge and infinite organizing power latent in every human being. This entry into the letters of the Sanskrit alphabet will inspire every reader for deeper study of the ancient Vedic literature in Sanskrit.

Tagalog Down and Dirty - Emmett Henderson 2011-11-24

Every year, millions of foreigners visit The Philippines. They go to the World War II battlefield of Corregidor, tour the presidential home Malacañang Palace, play golf, lounge on the white sand beaches, and . . . Some do things that don't have chapters in the standard tourist phrasebooks and textbooks of the primary native language, Tagalog. Tagalog is spoken as a first language by millions of Filipinos in and around the nation's capital of Manila, including Angeles and Subic Bay. In addition, Tagalog is spoken and understood to some extent throughout the rest of the country because it's the language of school, TV, newspapers and movies. *Tagalog Down & Dirty* is your guide to the Tagalog you won't learn in the other books. Sex, drugs, alcohol, insults, obscenities, dirty talk, curse words, slurs about your mind, body and sexual equipment, the supernatural, gambling, and "gay

language"—which gay men use to hide their meaning from the general population. Best of all, words for lovers and would-be lovers. *Tagalog Down & Dirty* is arranged in chapters according to subject. Next is a chapter including a long list of gay language words. And finally is a list of all the standard Tagalog words arranged in alphabetical order - Tagalog to English - so it's easy to look up Tagalog words you don't know. Come to The Philippines prepared to recognize such basic insults as "Your mother is a _____," "You're _____" and "You have no _____." (Don't say yourself, though, unless you're prepared to defend yourself!) Discover the Tagalog words for parts of your body, at least the most interesting parts, and their functions. Learn the names of the many monsters and ghosts you must avoid at night. If you're a man who has sex with other men, discover how Filipino gays classify your sexuality. Because language is intimately tied to culture, you'll get an inside look at how different Filipinos value are from average Western countries. Call an American woman "ugly" and you'll probably get a lecture on how men objectify women and/or men should look for beautiful personalities. Call a Filipino woman "ugly" and look out! Tell an American they have no shame, and they probably won't even know what you're talking about. If you say it to a Filipino, you better run for your life. Describe an American woman as flirtatious and she'll take it as a compliment. Tell a Filipino woman that and, depending on circumstances, she may take it as an insult to her sexual morality. Whether you wish to learn more about The Philippines because you're chatting up some sweet young thing online and want to meet her in person, or you wish to check out the bar scene, or to swim and sun bathe at the white sand beaches, explore the jungles or oceans teeming with exotic wildlife, or to backpack in the mountains, or a linguist checking out the phenomenon of gay language, *Tagalog Down & Dirty* is where to start your adventure.

A Grammar of the Hindoostanee Language - John Borthwick Gilchrist 1796

Motivational Teaching - Nick Thorner 2017-02-14

Motivational Teaching provides a clear overview of the many factors that affect learner motivation and connects each of them to innovative teaching ideas and strategies. • Features over 100 tried and tested teaching ideas, underpinned by the latest research into learner motivation. • Explores how motivation to learn works both on an individual level and within the classroom environment. • Provides insights to enhance motivation through key teaching processes, from choosing materials and designing tasks to closing lessons and giving feedback. • Investigates how teachers can raise learner motivation across a range of ages, abilities, and backgrounds.

QualiTraining - Laura Mureşan 2007-01-01

There is growing interest in national and regional contexts for standard-setting in areas such as evaluation, approaches to quality control and management. In the first medium-term programme the ECML project "Quality Assurance and Self-assessment for Schools and Teachers" developed a CD-Rom entitled "Quality Management in Language Education". Building on the outcomes of this project, this publication - a training guide for teacher trainers and multipliers responsible for quality assurance in language teaching at various levels in the educational system - has been produced. The guide aims to provide them with a complementary tool for this work, linking theory to practice with illustrative case studies from a variety of sources.

Comprehensive Musical Analysis - John D. White 1994-01-01

Now available in paperback! Evolved from the author's widely used book, *The Analysis of Music* (Prentice-Hall, 1975; 2nd. ed. Scarecrow Press, 1984), *Comprehensive Musical Analysis* is a guide for acquiring the tools of musical analysis, skills which are essential to every serious musician and musical scholar. The new volume presents material on Heinrich Schenker and reductive linear analysis and additional material on set theoretical analysis. White's theoretical writing is characterized by logic of methodology, clarity of organization, and lucidity of prose. It should be eagerly received by theorists seeking a comprehensive view of current methodology. White's approach to current theoretical dogma is not uncritical. As Gerald Warfield (General Editor of the recent English translation of Schenker's *Der Freie Satz*) says in his Preface to White's new book, "...we begin to glimpse a powerful tool which does not exist in any single school of theory or musicology, but which draws upon any and all methodologies as required by the analyst. The opinions in this book are strong. Indeed, there is material which may disturb the dogmatic, yet the author's intentions are clear. White invites you to take your cue for analysis from the compositions themselves rather than from dogma." Replete with musical examples, charts, and diagrams, the book is more

than a treatise on analysis, it is a valuable tool for the advanced student of music as well as the musical scholar.

Tourism Economic Report - World Tourism Organization 1998

This report represents a major new initiative by the World Tourism Organization. It is the first analysis of the economic contribution of tourism conducted on a country-by-country basis worldwide. The study is complimented by seven essays on specialist economic issues relevant to tourism, contributed by acknowledged authorities in their respective fields.

In Resonance with Jasmuheen - Jasmuheen 1998

Redefining Scientific Thinking for Higher Education - Mari Murtonen 2019-09-21

This book examines the learning and development process of students' scientific thinking skills. Universities should prepare students to be able to make judgements in their working lives based on scientific evidence. However, an understanding of how these thinking skills can be developed is limited. This book introduces a new broad theory of scientific thinking for higher education; in doing so, redefining higher-order thinking abilities as scientific thinking skills. This includes critical thinking and understanding the basics of science, epistemic maturity, research and evidence-based reasoning skills and contextual understanding. The editors and contributors discuss how this concept can be redefined, as well as the challenges educators and students may face when attempting to teach and learn these skills. This edited collection will be of interest to students and scholars of student scientific skills and higher-order thinking abilities.

The Zohar - Michael Laitman 2009-01-01

The wisdom of Kabbalah teaches us how to perceive and live in the reality that spreads before us. It is a systematic method that has evolved over thousands of years, nurtured by individuals whose task was to ensure that the true wisdom would be given to those ready to receive it. The Book of Zohar (The Book of Radiance) is an ageless source of wisdom and the basis for all Kabbalistic literature. Since its appearance nearly 2,000 years ago, it has been the primary, and often only, source used by Kabbalists. Written in a unique and metaphorical language. The Book of Zohar enriches our understanding of reality and expands our worldview. However, this text should not be read in an ordinary fashion. We should patiently and repeatedly read and think about each sentence as we try to penetrate the author's feelings. We should read it slowly and try to extract the nuances of the text. Although the text deals with one subject only-how to relate to the Creator-it approaches it from different angles. This allows each of us to find the particular phrase or word that will carry us into the depths of this profound and timeless wisdom.

Who Was Jesus? - Ellen Morgan 2015-02-05

This fascinating addition to the best-selling Who Was...? series does not settle questions of theology. Instead, it presents young readers with a biography that covers what is known historically about Jesus and places in his life in the context of his world when Jerusalem was part of the Roman Empire. In an even-handed and easy-to-read narrative, this title—illustrated with eighty black-and-white drawings—also explains the early origins of Christianity and how it became a major religion.

Am I Small? Adim Obere? - 2014-02-12

Bilingual Edition English-Igbo "Am I small?" - Tamia is not sure and keeps asking various animals that she meets on her journey. Eventually she finds the surprising answer... Reviews "This is baby's favorite book!" -Amazon Customer Review from the United States "for children who enjoy lingering over pages full of magical creatures and whimsical details [...] told in simple and engaging words and imaginative pictures."-Kirkus Reviews "This has been my daughter's favourite book since she was 4 months old. The sentences are nice and short so she doesn't lose interest in the pictures while I'm reading each page." -Amazon Customer Review from the UK "Muito legal esse livro. Singelo, divertido e relacionado ao universo da criança. Bom pra desenvolver o vocabulário. As ilustrações são lindas. Meu filho adorou." -Amazon Customer Review from Brazil "You are small or big depending on with what you relate to. A simple cute book which exactly portrays this message." -Amazon Customer Review from India "Muy buen libro infantil. Dinámico, orgánico, perfecto para aprender en romaji. De fácil lectura y con una protagonista realmente encantadora" -Amazon Customer Review from Mexico "Beautifully illustrated and cleverly written." -Amazon Customer Review from Australia "We are in love with this book!"-Amazon Customer Review from the United States "Written in a very simple way but with a profound message for both adults and kids."-Amazon Customer Review from the United States "Whenever I have time to read to her, she wants this book.

And she repeats words. That's insanely cute." -Amazon Customer Review from Canada "Mia figlia di due anni e mezzo è entusiasta dei disegni bellissimi e dei colori. Apprezza anche le vicende di una bimba nè grande nè piccola ma giusta così." -Amazon Customer Review from Italy "My three year olds love it and the story's concept will grow with them for several years to come making it a keeper." -Amazon Customer Review from the U.S. "A nuestra hija le ha encantado. [...] Estamos muy satisfechos con la compra." -Amazon Customer Review from Spain "I got this book to read with my granddaughters, one from the US and one from Portugal. It is so incredibly cute! They loved it, and I did too. I highly recommend this book!" -Amazon Customer Review from the U.S. "Ce petit livre est tout ce que j'aime !!! Le graphisme, les couleurs, tout y est magnifiquement soigné, poétique et charmant !!! [...] Une merveille de beauté et de magie à ne pas loucher !!!" -Amazon Customer Review from France "My little boy loves this as a bedtime story. It's colourful and quirky. [...] I thought it would be uninteresting to a child, to be read to in another language, but he asks for 'Bin ich klein' and it melts my heart!" - Amazon Customer Review from the United Kingdom "readers will emerge from this book feeling slightly more confident about themselves- whatever their size."-ForeWord Clarion Reviews "This is done with simplicity at its finest. The art is whimsical, the message is clear and most of all my grandson loves it. I would recommend this book to any child provider as part of their reading library." -Amazon Customer Review from the U.S. Languages Available for every country in at least one official language. Please note: This book is a bilingual picture book with a 1:1 translation created by human translators (see translator's credits for details).

Is Human Nature Obsolete? - Harold W. Baillie 2005

An interdisciplinary exploration of whether modern genetics and bioengineering are leading us to a posthuman future.

Libraries of the Future - J. C. R. Licklider 1965

Electron Energy Spectra - Ovidiu Borchin 2010

Beyond New Media - Art Herbig 2014-11-14

Bringing together rhetorical, media studies, organizational communication, ethnographic, pop culture, mass communication, gender studies, and educational technology backgrounds to bear on polymediation, the authors interrogate the language by which we talk about the contemporary media landscape and the impact of the media on people's lives.

The Mask Wearer - Bryan Perro 2012-03-13

To defeat the forces of evil which threaten his world, young Amos Daragon, aided by mythical animal friends, sets out on a journey to find four masks that harness the forces of nature and sixteen powerful stones that give the masks their magic.

Grammaire de la Langue Roumaine - Vasile Alecsandri 2019-02-25

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Paganism in Our Christianity - Arthur Weigall 2013-10

This is a new release of the original 1928 edition.

Astrologia Gallica Book - Jean-Baptiste Morin 2008-08

This book is an English translation of Book 17 of the *Astrologia Gallica*. In the First Section, Morin explains the Cabala of the Twelve Houses and their natural foundation. The Second Section is devoted to different methods of House Division. Several horoscopes are shown. The Third Section discusses the formal reasons for the natures of the Houses and their mathematical basis. Morin was a physician who became the most renowned of all French astrologers. He was appointed Royal Mathematician to King Louis XIII and was summoned to be present at the birth of the royal heir, the future King Louis XIV. James Herschel

Holden, the translator, is Research Director of the American Federation of Astrologers and has been especially interested in the Morin Method of horoscope interpretation.

[A Good Spanish Book!](#) - Ricardo Roque Mateos 2017-01-22

The contents are modern (published in 2017), the method is extremely efficient for learning Spanish, and the author is a university lecturer native from Spain with a PhD in Spanish Studies.

Masterworks of George Enescu - Pascal Bentoiu 2010-10-11

Often considered Romania's greatest musical force and a significant mind of the 20th century, composer George Enescu (1881-1955) achieved international fame and succeeded in incorporating Romanian spirituality into worldwide culture. *Masterworks of George Enescu* provides a profound and very detailed analysis of more than 25 of this

important composer's most representative works. Translated from musicologist Pascal Bentoiu's Romanian publication, Lory Wallfisch presents this vital work for the first time to English-speaking audiences, providing the worldwide public with the tools to understand and enjoy Enescu's music. Bentoiu presents a kind of travel diary through Enescu's creative legacy, offering a comprehensive, well-documented, knowledgeable, and generously illustrated analytical study of the composer's greatest masterpieces. Works such as the Romanian Rhapsodies, the Second Suite for Orchestra, Vox Maris, Impressions d'Enfance, his opera Oedipe, and several sonatas and quartets are carefully examined and admired for their substance and their ability to add dignity to the musical world. The works are presented chronologically, considering their conceptual realization as well as their inception and completion. Illustrated with more than 400 musical examples, this impressive study is a perfect guide toward the thorough enjoyment of Enescu's masterpieces.
