Love Yourself Like Your Life Depends on It -
Kamal Ravikant 2020-01-07

THE SELF-PUBLISHED PHENOMENON —NOW
FULLY REVISED AND EXPANDED I almost
didn't publish Love Yourself Like Your Life

Depends on It. Here I was, a CEO who'd fallen apart after his company failed, writing a book about how loving himself saved him. I thought I'd be a laughingstock and my career would be finished. But I stepped through the fears and shared my truth with the world. The book went viral. Amazing people all over bought copies for

friends and family. For some, this book saved their lives. For others, it was the first time they ever loved themselves. Many readers reached out and asked questions. This taught me that, to create lasting impact, I had to go deeper. So, seven years later, here it is. All the questions I received, resolved. My intention is that by the time you finish this new edition, not only will you be committed to loving yourself, you'll know exactly how to do it. And, most importantly, how to make it last.

Animation in Process - Andrew Selby
2009-07-29

From Hollywood blockbuster to striving independent filmmaker, from mobile phone games to characters advertising products on television, from pseudo live action through to virtual environments, animation is able to transcend boundaries to new audiences. This book shows how artists, designers, filmmakers, programmers, directors, writers, and producers have seized the chance to entertain using a

versatile and compelling medium. Animation in Process is not only a creative showcase exposing the best talent in the field today, but an in-depth exploration of working methods and processes behind the highly polished features they create, with previously unseen material such as sketches, working drawings, storyboards, and other work-in-progress that documents the animators' craft.

Battleground Western Europe - Beatrice de Graaf 2007

This book throws light on a lesser-known aspect of the history of Western Europe and looks at Germany and the Netherlands as the terrain on which some crucial intelligence battles were fought throughout the last century. Beatrice de Graaf is a historian and assistant professor at the Center for Terrorism and Counterterrorism at Leiden University in the Hague (the Netherlands). Ben de Jong is a historian and lecturer at the Department of Russian and East European studies at the University of

Amsterdam (the Netherlands). Wies Platje is a retired lieutenant-commander of the Royal Dutch Navy with a long career in the Netherlands Navy Intelligence Service.

Bright Lights, Dark Places - Debra Gauthier
2011-07-12

Little could stand in Debra Gauthier's way. A marathon runner, Debra excelled in the Police Academy, garnering respect as one of the few female police officers in Las Vegas. However, through her twenty-one years on the police force, Debra faced discrimination in the male-dominated profession, suffering demotions and unsafe working conditions when other officers would not provide backup. In addition to the disappointment of injustice, she struggled with her sexuality, becoming entrenched in a homosexual lifestyle. After establishing an identity as a respected police officer, Debra was devastated when her career crumbled. *Bright Lights, Dark Places* thoughtfully expresses the painful reality of combating biased attitudes and

the joy that comes from surpassing limitations. Packed with fascinating stories of a vibrant career, from teaching at the academy to pioneering a bicycle patrol, *Bright Lights, Dark Places* gives you an inside look at the career of one of the first female officers in Las Vegas. You will be encouraged by this powerful story of one woman finding grace to overcome trials.

Distance Education - David Sewart 2020-07-24
Distance education, for long the Cinderella of the educational spectrum, had emerged in the 1970s and early 1980s as a valued component of many national educational systems in both developed and developing countries. The foundation of the Open Universities, developments in communications technology and in audio-, video- and computer-based learning, a

new sophistication in the design of print-based materials and better support systems for the student learning at a distance had all contributed to the availability and quality of distance education programmes. Originally published in 1988, this book chronicles this great change in distance education. It presents the best writings on the subject published during the previous ten years. The articles selected for this volume provided a new scholarly basis for the theory and practice of distance education. The editors have brought together contributions from many countries and present authoritative introductions to each of the nine sections. This book provided those in both developed and developing countries with a guideline to one of the most rapidly expanding areas of education at the time.

The Language of Cities - Deyan Sudjic

2016-10-06

The director of the Design Museum defines the greatest artefact of all time: the city We live in a world that is now predominantly urban. So how do we define the city as it evolves in the twenty-first century? Drawing examples from across the globe, Deyan Sudjic decodes the underlying forces that shape our cities, such as resources and land, to the ideas that shape conscious elements of design, whether of buildings or of space. Erudite and entertaining, he considers the differences between capital cities and the rest to understand why it is that we often feel more comfortable in our identities as Londoners, Muscovites, or Mumbaikars than in our national identities.

The Happy Body - Aniela & Jerzy Gregorek

2015-07-15

Becoming lean and fit is not a matter of training for a few weeks, like Rocky, to become a world

champion. That only happens in Hollywood movies that portray professional athletes exercising for hours every day until they are exhausted. Real athletes never do that. They train only to the point that they can recover for the next day s training. Their progress comes in small increments, not heroic triumphs.

Unfortunately, movies have persuaded people that they can become lean and fit virtually overnight. Even the weight loss and fitness industry bought into this distortion and began pushing people to become like Rocky. When that approach failed, because people were injuring themselves or burning out or jumping from one program to another, trainers began to entertain their clients instead of finding solutions to their problems. If you want to become truly lean and fit, you must work at it like an athlete, following a structured routine and that is easier and more pleasant than you may expect. The principles that work for athletes also work for ordinary people of all ages. Athletes, of course, have

coaches. The Happy Body program, on the other hand, will teach you everything you need to know to be your own coach. This innovative program establishes, for the first time, exact scientific and testable methods and goals to engineer your own weight loss and fitness within precise time periods. That empowers you to self-correct your progress at every step. The Happy Body is a total health program, not just an exercise or diet plan. It will teach you to safely lose 1.0 to 2.5 pounds every week, and keep them off, without getting stuck at plateaus. You will have full control over the process, right down to the ounce. In addition to teaching you how to lose weight, the program will also help you to restore the flexibility and posture you had as a young child, and to be leaner, stronger, and faster than you have ever been. In essence, The Happy Body program will not only make you as youthful as you were at twenty, but twenty as you would have been if you had followed the program at that age.

Essay on the Principles of Translation -

Alexander F T Woodhouselee 2021-04-14

If it were possible accurately to define, or, perhaps more properly, to describe what is meant by a good Translation, it is evident that a considerable progress would be made towards establishing the Rules of the Art; for these Rules would flow naturally from that definition or description. But there is no subject of criticism where there has been so much difference of opinion. If the genius and character of all languages were the same, it would be an easy task to translate from one into another; nor would anything more be requisite on the part of the translator, than fidelity and attention. But as the genius and character of languages is confessedly very different, it has hence become a common opinion, that it is the duty of a translator to attend only to the sense and spirit of his original, to make himself perfectly master of his author's ideas, and to communicate them in those expressions which he judges to be best

suited to convey them.

Guy Laliberté - Ian Halperin 2009

Looks at the life and career of the street performer who went on to create Cirque de Soleil.

Aftertime - Sophie Littlefield 2013-04-01

Awakening in a bleak landscape, Cass Dollar vaguely recalls enduring something terrible. Having no idea how many days—or weeks—have passed, she slowly realizes the horrifying truth: her daughter, Ruthie, has vanished. And with her, nearly all of civilization. Instead of winding through the once-lush hills, the roads today see only cannibalistic Beaters—people turned hungry for human flesh by a government experiment gone wrong. In a broken, barren California, Cass will undergo a harrowing quest to get Ruthie back. Few people trust an outsider—much less one who bears the telltale scars of a Beater attack—but she finds safety with an enigmatic outlaw, Smoke. And she'll need him more than ever when his ragged band

of survivors learn that she and Ruthie have become the most feared, and desired, weapons in a brave new world....

Streetfighter - Ron Fortier

Rated M for Mature - Matthew Wysocki
2015-10-22

The word sex has many implications when it is used in connection with video games. As game studies scholars have argued, games are player-driven experiences. Players must participate in processes of play to move the game forward. The addition of content that incorporates sex and/or sexuality adds complexity that other media do not share. Rated M for Mature further develops our understanding of the practices and activities of video games, specifically focusing on the intersection of games with sexual content. From the supposed scandal of "Hot Coffee" to the emergence of same-sex romance options in RPGs, the collection explores the concepts of sex and sexuality in the area of video games.

Homebrew Wind Power - Dan Bartmann 2009
Harnessing the wind can be a tricky business, but in this ground-breaking book the authors provide step-by-step, illustrated instructions for building a wind generator in a home workshop and then installing it in an off-grid home electrical system. Even if you don't plan on building your own turbine, this book is packed with valuable information for anyone considering wind energy. It covers the basic physics of how the energy in moving air is turned into electricity, and most importantly, it will give you a realistic idea of what wind energy can do for you--and what it can't.

Cult Television - Sara Gwenllian-Jones 2004
A television series is tagged with the label "cult"

by the media, advertisers, and network executives when it is considered edgy or offbeat, when it appeals to nostalgia, or when it is considered emblematic of a particular subculture. By these criteria, almost any series could be described as cult. Yet certain programs exert an uncanny power over their fans, encouraging them to immerse themselves within a fictional world. In *Cult Television* leading scholars examine such shows as *The X-Files*; *The Avengers*; *Doctor Who*, *Babylon Five*; *Star Trek*; *Xena, Warrior Princess*; and *Buffy the Vampire Slayer* to determine the defining characteristics of cult television and map the contours of this phenomenon within the larger scope of popular culture. is a lecturer in television and digital media at Cardiff University and co-editor of *Intensities: The Journal of Cult Media*. Roberta E. Pearson is a reader in media and cultural studies at Cardiff University. She is the author of the forthcoming book *Small Screen, Big Universe: Star Trek and Television*.

Smartbomb - Heather Chaplin 2006-11-10
A history of video games and a behind-the-scenes look at the industry, from where they're made to who's playing them. What started as a game of Pong, with little blips dancing across a computer screen, has evolved into a multi-billion-dollar industry that is changing the future, making inroads into virtually all aspects of our culture. Who are the minds behind this revolution? How did it happen? Where is it headed? In *Smartbomb*, journalists Heather Chaplin and Aaron Ruby take the reader behind the scenes at gaming conventions, into powerhouse think tanks where new games are created, into the thick of the competition at

cyberathlete tournaments, and into the homes of gamers for whom playing a role in a virtual world has assumed more relevance and reality than life in the real world. "The entertaining and vivid Smartbomb brings video games to life in all their bewildering, provocative, and disturbing forms." —The Boston Globe "Smartbomb explodes with intelligence, insight, and first-rate writing on every page. Here is your future, in all its fascinating, scary, and very human dimensions." —Kevin Baker, author of Paradise Alley "A surprisingly poignant book." —USA Today

Truck Stop Tango - Krissy Daniels 2017-02-07

How far would you fall for the one you love? Six years ago, I made the biggest mistake of my life. I betrayed Slade Mason. Then disappeared. I'm home now. And I want her back. Trouble is, she's lying. Keeping secrets. Pushing me away. What she doesn't know is that not even her deception could make me leave her again. Five years ago, I made the toughest decision of my

life. I did the unthinkable. Then covered my crime. Now, Tango Rossi is back. And I want him more than ever. Problem is, he wants answers I can't give. What he doesn't realize is that his betrayal is the very reason we can never be together. Betrayal tore us apart. Tragedy brought us back together. Can forgiveness set us free?

Calculus: Early Transcendentals - Soo T. Tan
2010-01-07

Known for accuracy, precision, and rigor, Soo Tan now brings those same qualities to the Calculus course. With his clear, concise writing style, and use of relevant, real world examples, Tan introduces abstract mathematical concepts with his intuitive approach that captures student interest without compromising mathematical rigor. In keeping with this emphasis on conceptual understanding, each exercise set begins with concept questions and each end-of-chapter review section includes fill-in-the-blank questions which help students master the

definitions and theorems in each chapter. Additionally, many questions asking for the interpretation of graphical, numerical, and algebraic results are included among both the examples and the exercise sets. The Dare - Harley Laroux 2021-01-26

Warning: This erotica contains scenes and elements that may be disturbing to some readers. Please review the full content warning below. Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The "freak," Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare

to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? This book contains intense fantasy scenes of hard kinks/edgeplay, graphic sex, and harsh language. It is intended only for an adult audience. Beware: this is a dark, weird,

kinky read. The activities depicted therein are dangerous and are not meant to be an example of realistic BDSM. Reader discretion is advised. Kinks/Fetishes within: erotic humiliation, fearplay, painplay, knifeplay, consensual non-consent (CNC), orgasm denial, boot worship, spanking, crying, blowjobs, clowns, group sexual activities, spit, bondage, public play, bloodplay.
