Liberalism and Its Discontents - Alan Brinkley 1998

Discusses the impact of Franklin Roosevelt, Robert Penn Warren, T. Harry Williams, Huey Long, Allard Lowenstein, and Oral Roberts upon American political culture

Tour of Duty - Douglas Brinkley 2009-10-13

One of our most acclaimed historians explores the decorated military service of one of America's most intriguing politicians—the leading Democratic presidential candidate for 2004—and its profound effects on his career and life In Tour of Duty, Brinkley explores Senator John Kerry's career and deftly deals with such explosive issues as U.S. atrocities in Vietnam and the bombing of Cambodia. Using new information acquired from the recently released Nixon tapes, Brinkley reveals how White House aides Charles Colson and H.R. Haldeman tried to discredit Kerry. Refusing to be intimidated, Kerry started running for public office, eventually becoming a U.S. Senator from Massachusetts. Covering more than four decades, this is the first full-scale definitive account of Kerry's journey from war to peace. In writing this riveting, action-packed narrative, Brinkley has drawn on extensive interviews with virtually everyone who knew Kerry well in Vietnam. Kerry also relegated to Brinkley his letters home from Vietnam and his voluminous "war notes" journals, notebooks, and personal reminiscences written during and shortly after the war. This material was provided without restriction, to be used at Brinkley's discretion, and has never before been published.

The American Pageant - Thomas Andrew Bailey 1998

USAs historie indtil 1996

Brinkley, American History: Connecting with the Past UPDATED AP Edition, 2017, 15e, Student Edition - Alan Brinkley 2016-01-06

Includes the "AP Advantage 3-Step Solution, 1 Platform" formula for learning.

Documenting United States History - Jason Stacy 2015-06-18

Authored by experienced AP® teachers, workshop leaders, and AP® exam readers, this document reader is the perfect resource for your redesigned AP® classroom. The 22 chapters follow the nine periods of U.S. History as defined in the new framework. Within each period and chapter, pedagogical tools scaffold students' development of the historical thinking skills as are central to the course and the exam. Key concepts are illustrated by primary documents and secondary sources including written texts, drawings, photographs, maps, and charts.

Alexander Hamilton's Famous Report on Manufactures - United States. Department of the Treasury 1892

Americanism - Michael Kazin 2012-01-01

What is Americanism? The contributors to this volume recognize Americanism in all its complexity--as an ideology, an articulation of the nation's rightful place in the world, a set of traditions, a political language, and a cultural style imbued with political meaning. In response to the pervasive vision of Americanism as a battle cry or a smug assumption, this collection of essays stirs up new questions and debates that challenge us to rethink the model currently being exported, too often by force, to the rest of the world. Crafted by a

cast of both rising and renowned intellectuals from three continents, the twelve essays in this volume are divided into two sections. The first group of essays addresses the understanding of Americanism within the United States over the past two centuries, from the early republic to the war in Iraq. The second section provides perspectives from around the world in an effort to make sense of how the national creed and its critics have shaped diplomacy, war, and global culture in the twentieth and twenty-first centuries. Approaching a controversial ideology as both scholars and citizens, many of the essayists call for a revival of the ideals of Americanism in a new progressive politics that can bring together an increasingly polarized and fragmented citizenry. Contributors: Mia Bay, Rutgers University Jun Furuya, Hokkaido University, Japan Gary Gerstle, University of Maryland Jonathan M. Hansen, Harvard University Michael Kazin, Georgetown University Rob Kroes, University of Amsterdam Melani McAlister, The George Washington University Joseph A. McCartin, Georgetown University Alan McPherson, Howard University Louis Menand, Harvard University Mae M. Ngai, University of Chicago Robert Shalhope, University of Oklahoma Stephen J. Whitfield, Brandeis University Alan Wolfe, Boston College

The American Vision, Student Edition - McGraw-Hill Education 2009-01-21

Incorporate research-based reading strategies to give all your students access to the rich history of the United States. The program includes the finest scholarship and the most up-to-date maps from National Geographic.

Witness - Genna Rae McNeil 2013-12

Presents a history of the Abyssinian Baptist Church in Harlem, New York City, discussing its organization in 1809, its famous senior pastors, and its struggles and triumphs.

Teaching What Really Happened - James W. Loewen 2018-09-07

"Should be in the hands of every history teacher in the country."— Howard Zinn James Loewen has revised Teaching What Really Happened, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled "Truth" that addresses how traditional and social media can distort current events and the historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: An up-to-date assessment of the potential and pitfalls of U.S. and world history education. Information to help teachers expect, and get, good performance from students of all racial, ethnic, and socioeconomic backgrounds. Strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography. Ideas from teachers across the country who are empowering students by teaching what really happened. Specific chapters dedicated to five content topics usually taught poorly in today's schools.

and themes, develop historical thinking skills, and succeed on the new AP U.S. History Exam. --

American History - 1987

Alan Brinkley - David Greenberg 2019-01-08

Few American historians of his generation have had as much influence in both the academic and popular realms as Alan Brinkley. His debut work, the National Book Award-winning *Voices of Protest*, launched a storied career that considered the full spectrum of American political life. His books give serious and original treatments of populist dissent, the role of mass media, the struggles of liberalism and conservatism, and the powers and limits of the presidency. A longtime professor at Harvard University and Columbia University, Brinkley has shaped the field of U.S. history for generations of students through his textbooks and his mentorship of some of today's foremost historians. *Alan Brinkley: A Life in History* brings together essays on his major works and ideas, as well as personal reminiscences from leading historians and thinkers beyond the academy whom Brinkley collaborated with, befriended, and influenced. Among the luminaries in this volume are the critic Frank Rich, the journalists Jonathan Alter and Nicholas Lemann, the biographer A. Scott Berg, and the historians Eric Foner and Lizabeth Cohen. Together, the seventeen essays that form this book chronicle the life and thought of a working historian, the development of historical scholarship in our time, and the role that history plays in our public life. At a moment when Americans are pondering the plight of their democracy, this volume offers a timely overview of a consummate student—and teacher—of the American political tradition.

American History Connecting with the Past - Alan Brinkley 2012

Coin's Financial School - William Hope Harvey 1894

Pivotal Decade - Judith Stein 2010-05-25

In this fascinating new history, Judith Stein argues that in order to understand our current economic crisis we need to look back to the 1970s and the end of the age of the factory--the era of postwar liberalism, created by the New Deal, whose practices, high wages, and regulated capital produced both robust economic growth and greater income equality. When high oil prices and economic competition from Japan and Germany battered the American economy, new policies--both international and domestic--became necessary. But war was waged against inflation, rather than against unemployment, and the government promoted a balanced budget instead of growth. This, says Stein, marked the beginning of the age of finance and subsequent deregulation, free trade, low taxation, and weak unions that has fostered inequality and now the worst recession in eighty years. Drawing on extensive archival research and covering the economic, intellectual, political, and labor history of the decade, Stein provides a wealth of information on the 1970s. She also shows that to restore prosperity today, America needs a new model: more factories and fewer financial houses. --Publisher's description.

Intellectual Property Law and History - Steven Wilf 2017-07-05

Intellectual property has become a dominant feature of our knowledge based economy in recent years, but how has property rights in intangible items developed? This book brings together for the first time exemplary scholarship with diverse approaches to the history of United States intellectual property protection, including trade secrets, trademark, copyright, and patent law. These articles, written by leading experts in the field and often challenging conventional narratives, underscore the importance of historical perspectives for understanding how an extensive, evolving framework for the regulation of knowledge emerged in the modern period. By tracing intellectual property from an historical perspective - not merely providing justifications in philosophy or economics in the abstract - this book draws upon the past to address contemporary debates over such varied topics as: access to knowledge; policing copyright infringement; whether employees should own the products of their minds; the role of national borders in an age of digital information; and the very future of intellectual property as stakeholders and consumers contest the extent of its legal protection.

Japanese American Internment During World War II - Wendy L. Ng 2002

Collects sources of information regarding the internment of Japanese Americans during World War II,

including personal essays, photographs, and biographies of the major figures involved.

Uncommon Type - Tom Hanks 2017-10-17

A collection of seventeen wonderful short stories showing that two-time Oscar winner Tom Hanks is as talented a writer as he is an actor. A gentle Eastern European immigrant arrives in New York City after his family and his life have been torn apart by his country's civil war. A man who loves to bowl rolls a perfect game--and then another and then another and then many more in a row until he winds up ESPN's newest celebrity, and he must decide if the combination of perfection and celebrity has ruined the thing he loves. An eccentric billionaire and his faithful executive assistant venture into America looking for acquisitions and discover a down and out motel, romance, and a bit of real life. These are just some of the tales Tom Hanks tells in this first collection of his short stories. They are surprising, intelligent, heartwarming, and, for the millions and millions of Tom Hanks fans, an absolute must-have!

Ways of the World, Volume 2 - Robert W. Strayer 2015-09-25

Ways of the World is one of the most successful and innovative textbooks for world history. The brief-by-design narrative is truly global and focuses on significant historical trends, themes, and developments in world history. Authors Robert W. Strayer, a pioneer in the world history movement with years of classroom experience, along with new co-author Eric W. Nelson, a popular and skilled teacher, provide a thoughtful and insightful synthesis that helps students see the big picture while teaching students to consider the evidence the way historians do.

Rethinking American History in a Global Age - Thomas Bender 2002-05-14

In rethinking and reframing the American national narrative in a wider context, the contributors to this volume ask questions about both nationalism and the discipline of history itself. The essays offer fresh ways of thinking about the traditional themes and periods of American history. By locating the study of American history in a transnational context, they examine the history of nation-making and the relation of the United States to other nations and to transnational developments. What is now called globalization is here placed in a historical context. A cast of distinguished historians from the United States and abroad examines the historiographical implications of such a reframing and offers alternative interpretations of large questions of American history ranging from the era of European contact to democracy and reform, from environmental and economic development and migration experiences to issues of nationalism and identity. But the largest issue explored is basic to all histories: How does one understand, teach, and write a national history even as one recognizes that the territorial boundaries do not fully contain that history and that within that bounded territory the society is highly differentiated, marked by multiple solidarities and identities? *Rethinking American History in a Global Age* advances an emerging but important conversation marked by divergent voices, many of which are represented here. The various essays explore big concepts and offer historical narratives that enrich the content and context of American history. The aim is to provide a history that more accurately reflects the dimensions of American experience and better connects the past with contemporary concerns for American identity, structures of power, and world presence.

AP Achiever (Advanced Placement* Exam Preparation Guide) for AP US History (College Test Prep) - Jason George 2007-01-05

Designed to help Advanced Placement students succeed in their studies and achieve a '5' on the AP Exam, AP Achiever for American History provides: An introduction to the American History Advanced Placement Course and Exam, including tips on essay writing for the free-response section of the Exam. A discussion of the AP Themes within the chapter, a chapter summary, as well as practice multiple-choice, free-response and document-based questions with detailed answers in every chapter. Two complete practice exams parallel the AP American History Exam in terms of question type and number of questions. Each practice exam is also similar to the AP Exam with regard to content, style, and format, and it includes thorough explanations for your students. AP Achiever for American History may be used independently or in conjunction with any American history text. For the most benefit use in conjunction with McGraw-Hill's leading text, *American History: A Survey*, 12th Edition, by Brinkley.

Hooded Americanism - David Mark Chalmers 1981-01-01

The nature and objectives of the Ku Klux Klan are revealed in a study of its development, activities, and members over one hundred years

Harvard Law Review: Volume 129, Number 5 - March 2016 - Harvard Law Review 2016-03-09

The March 2016 issue, No. 5, features these contents: • Article, "Marriage Equality and the New Parenthood," by Douglas NeJaime • Essay, "Horizontal Shareholding," by Einer Elhauge • Book Review, "Keeping Track: Surveillance, Control, and the Expansion of the Carceral State," by Kathryn M. Young and Joan Petersilia • Note, "Constitutional Courts and International Law: Revisiting the Transatlantic Divide" • Note, "Defining the Press Exemption from Campaign Finance Restrictions" • Note, "Let the End Be Legitimate: Questioning the Value of Heightened Scrutiny's Compelling- and Important-Interest Inquiries" In addition, student commentary analyzes Recent Cases on state abortion laws and precedent; expectation of privacy in pocket dial; tax deductions for medical marijuana dispensary; appointments clause test for executive branch reassignments; takings by residential inclusionary zoning; and statutory interpretation using corpus linguistics. A commentary focuses on the Recent Court Filing by the DOJ arguing that a city ordinance prohibiting camping and sleeping outdoors violates the Eighth Amendment. Finally, the issue includes two brief comments on Recent Publications. The Harvard Law Review is offered in a quality digital edition, featuring active Contents, linked footnotes, active URLs, legible tables, and proper ebook and Bluebook formatting. The Review is a student-run organization whose primary purpose is to publish a journal of legal scholarship. It comes out monthly from November through June and has roughly 2500 pages per volume. Student editors make all editorial and organizational decisions. This is the fifth issue of academic year 2015-2016.

The Unfinished Nation - Alan Brinkley 1997

"In *The Unfinished Nation*, Alan Brinkley provides a clear and intelligent account of the American past that strikes a balance between the new diversity in scholarship and the narrative unity that any general history must have. He makes clear that one can incorporate the rich and varied experiences of America's many cultures into a coherent and compelling story and at the same time retain a sense of what ties Americans together as members of a perpetually troubled but remarkably successful nation"--Description from amazon.com.

Colonial America - Alan Taylor 2013

In this Very Short Introduction, Alan Taylor presents the current scholarly understanding of colonial America to a broader audience. He focuses on the transatlantic and a transcontinental perspective, examining the interplay of Europe, Africa, and the Americas through the flows of goods, people, plants, animals, capital, and ideas.

[America's History](#) - 2018

Major Problems in American History, 1920-1945 - Colin Gordon 2010-08

This collection of primary source documents and essays provides in-depth coverage of the cultural, social, political, economic, and intellectual events of the 1920-1945 era. In keeping with the proven strengths of the Major Problems series, the compelling documents are grouped with important secondary sources, accompanied by chapter introductions, selection headnotes, and suggested readings.

American History - Alan Brinkley 2011-06-01

Alan Brinkley's *American History* sets the standard for balance of perspective and the exploration of ongoing historical questions. In this AP edition, we are pleased to announce a number of firsts for *American History*: a new primary-source feature that makes connections between the present and the past; a new pedagogy program that helps students to comprehend and think critically about content; and a groundbreaking set of digital tools, powered by Connect; that create a unique learning environment. The result is greater course success. Connect to the stories, connect to the experience, connect to success in history. - Back cover.

Franklin Delano Roosevelt - Alan Brinkley 2009-12-30

"No president since the founders has done more to shape the character of American government," notes Alan Brinkley in this magnificent biography of America's thirty-second president. "And no president since Lincoln has served through darker or more difficult times. Roosevelt thrived in crisis. It brought out his greatness, and his guile. It triggered his almost uncanny ability to communicate effectively with people of all kinds. And at times, it helped him excoriate his enemies, and to revel in doing so." This brilliant, compact biography chronicles Franklin Delano Roosevelt's rise from a childhood of privilege to a presidency that forever changed the face of international diplomacy, the American party system, and the government's role in global and domestic policy. Brinkley, the National Book Award-winning New Deal historian, provides a clear, concise introduction to Roosevelt's sphinx-like character and remarkable achievements. In a vivid narrative packed with telling anecdotes, the book moves swiftly from Roosevelt's youth in upstate New York--characterized by an aristocratic lifestyle of trips to Europe and private tutoring--to his schooling at Harvard, his brief law career, and his initial entry into politics. From there, Brinkley chronicles Roosevelt's rise to the presidency, a position in which FDR remained until death, through an unparalleled three-plus terms in office. Throughout the book, Brinkley elegantly blends FDR's personal life with his professional one, providing a lens into the President's struggles with polio and his somewhat distant relationship with the first lady. Franklin Delano Roosevelt led the United States through the worst economic crisis in the nation's history and through the greatest and most terrible war ever recorded. His extraordinary legacy remains alive in our own troubled new century as a reminder of what bravery and strong leadership can accomplish.

John F. Kennedy - Alan Brinkley 2012-05-08

The young president who brought vigor and glamour to the White House while he confronted cold war crises abroad and calls for social change at home John Fitzgerald Kennedy was a new kind of president. He redefined how Americans came to see the nation's chief executive. He was forty-three when he was inaugurated in 1961—the youngest man ever elected to the office—and he personified what he called the "New Frontier" as the United States entered the 1960s. But as Alan Brinkley shows in this incisive and lively assessment, the reality of Kennedy's achievements was much more complex than the legend. His brief presidency encountered significant failures—among them the Bay of Pigs fiasco, which cast its shadow on nearly every national-security decision that followed. But Kennedy also had successes, among them the Cuban Missile Crisis and his belated but powerful stand against segregation. Kennedy seemed to live on a knife's edge, moving from one crisis to another—Cuba, Laos, Berlin, Vietnam, Mississippi, Georgia, and Alabama. His controversial public life mirrored his hidden private life. He took risks that would seem reckless and even foolhardy when they emerged from secrecy years later. Kennedy's life, and his violent and sudden death, reshaped our view of the presidency. Brinkley gives us a full picture of the man, his times, and his enduring legacy.

American History - Alan Brinkley 2006-08-30

Highly respected for its impeccable scholarship and elegant writing style, Alan Brinkley's *American History* provides students and instructors with a reliable, comprehensive account of the American past in which no single approach or theme predominates. From its first edition, this text has included a scrupulous account of American political and diplomatic history. Today, the book explores areas of history such as social, cultural, urban, racial and ethnic history, the history of the West and South, environmental history, the history of women and gender, and American history in a global context. The twelfth edition of this text includes the McGraw-Hill's hit Primary Source Investigator (PSI) cd-rom, with hundreds of sources and a

program that walks students through how to write a paper using those sources as evidence.

The Age of Catastrophe - Heinrich August Winkler 2015-09-28

Characterized by global war, political revolution and national crises, the period between 1914 and 1945 was one of the most horrifying eras in the history of the West. A noted scholar of modern German history, Heinrich August Winkler examines how and why Germany so radically broke with the normative project of the West and unleashed devastation across the world. In this total history of the thirty years between the start of World War One and the dropping of atomic bombs on Hiroshima and Nagasaki, Winkler blends historical narrative with political analysis and encompasses military strategy, national identity, class conflict, economic development and cultural change. The book includes astutely observed chapters on the United States, Japan, Russia, Britain, and the other European powers, and Winkler's distinctly European perspective offers insights beyond the accounts written by his British and American counterparts. As Germany takes its place at the helm of a unified Europe, Winkler's fascinating account will be widely read and debated for years to come.

Buckley - Carl T. Bogus 2011-11-01

"This is an insightful book that will please anyone interested in midcentury American history and politics. Anyone serious about political philosophy will learn from it. Highly recommended." -Library Journal (starred review) William F. Buckley Jr. was the foremost architect of the conservative movement that transformed American politics between the 1960s and the end of the century. When Buckley launched National Review in 1955, conservatism was a beleaguered, fringe segment of the Republican Party. Three decades later Ronald Reagan-who credited National Review with shaping his beliefs-was in the White House. Buckley and his allies devised a new-model conservatism that replaced traditional ideals of Edmund Burke with a passionate belief in the free market; religious faith; and an aggressive stance on foreign policy. Buckley's TV show, Firing Line, and his campaign for mayor of New York City made him a celebrity; his wit and zest for combat made conservatism fun. But Buckley was far more than a controversialist.

Deploying his uncommon charm, shrewdly recruiting allies, quashing ideological competitors, and refusing to compromise on core principles, he almost single-handedly transformed conservatism from a set of retrograde attitudes into a revolutionary force.

Give Me Liberty! An American History - Eric Foner 2016-09-15

Give Me Liberty! is the #1 book in the U.S. history survey course because it works in the classroom. A single-author text by a leader in the field, Give Me Liberty! delivers an authoritative, accessible, concise, and integrated American history. Updated with powerful new scholarship on borderlands and the West, the Fifth Edition brings new interactive History Skills Tutorials and Norton InQuizitive for History, the award-winning adaptive quizzing tool.

American History: Connecting with the Past - Alan Brinkley 2014-10-08

The latest iteration of Alan Brinkley's American History, a comprehensive U.S. History program, transforms the learning experience through proven, adaptive technology helping students better grasp the issues of the past while providing instructors greater insight on student performance. Known for its clear, single voice and balanced scholarship, Brinkley asks students to think historically about the many forces shaping and re-shaping our dynamic history. 0073513296

The Unfinished Nation: A Concise History of the American People - Alan Brinkley 2013-01-03

Known for its clear narrative voice and impeccable scholarship, Alan Brinkley's best-selling program for the U.S. survey course invites students to think critically about the many forces that continually create the Unfinished Nation that is the United States. In a concise but wide-ranging narrative, Brinkley shows the diversity and complexity of the nation and our understanding of its history--one that continues to evolve both in the events of the present and in our reexamination of new evidence and perspectives on the past. This edition features a series of Patterns of Popular Culture essays, as well as expanded coverage of pre-Columbian America, new America in the World essays, and updated coverage of recent events and developments that demonstrates how a new generation continues to shape the American story.
