Danger, Memory! - Arthur Miller 1987

In "Danger: Memory!" Two contrasting but thematically related one-act plays, I Can't Remember Anything and Clara, are concerned with remembrance. The first play portrays the shared and disputed recollections of two elderly friends, and Clara dramatizes the resistance to brutal present-day fact when a young woman's father speaks with a detective investigating her murder. Like all of Miller's plays, Danger: Memory! holds the powerful emotional charge and social perceptions associated with his work while reaching for one of the

fundamental issues of mankind, the selective amnesia of the past.

**Achtung-Panzer!** - Heinz Guderian 1995

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a

textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
