**Organizational Behavior** - Stephen P. Robbins  
2013

*Essentials of Organizational Behavior* - Stephen P. Robbins 2017-01-04

For courses in organizational behavior. A streamlined presentation of key organizational behavior concepts *Essentials of Organizational Behavior* teaches readers how to communicate and interact within organizations, through real-world scenarios. The text offers comprehensive coverage of key organizational behavior (OB) concepts, making each lesson engaging and easy to absorb. Readers can use the book's concepts to apply what they've learned to their own education, future career plans, and other organizational endeavors. Currently used at more than 500 colleges and universities worldwide, *Essentials of Organizational Behavior* serves as a popular resource so readers can learn and understand the most important concepts in OB. With updated research and the integration of contemporary global issues, the 14th Edition focuses on the most relevant OB concepts that resonate with readers. Also available with MyLab Management MyLab(tm) Management is an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course

material and understand difficult concepts. Note: You are purchasing a standalone product; MyLab Management does not come packaged with this content. Students, if interested in purchasing this title with MyLab Management, ask your instructor for the correct package ISBN and Course ID. If you would like to purchase both the physical text and MyLab Management, search for: 0134639596 / 9780134639598 *Essentials of Organizational Behavior Plus MyLab Management with Pearson eText -- Access Card Package* 0134523857 / 9780134523859 *Essentials of Organizational Behavior* 0134527275 / 9780134527277 MyLab Management with Pearson eText -- Access Card - for *Essentials of Organizational Behavior Environment and Society* - Paul Robbins 2014-01-28

Substantially updated for the second edition, this engaging and innovative introduction to the environment and society uses key theoretical approaches to explore familiar objects. Features substantial revisions and updates for the second edition, including new chapters on E waste, mosquitoes and uranium, improved maps and graphics, new exercises, shorter theory chapters, and refocused sections on environmental solutions Discusses topics such as population and scarcity, commodities, environmental ethics, risks and hazards, and political economy and applies them to objects like bottled water, tuna, and trees Accessible for

students, and accompanied by in-book and online resources including exercises and boxed discussions, an online test bank, notes, suggested reading, and website links for enhanced understanding. Offers additional online support for instructors, including suggested teaching models, PowerPoint slides for each chapter with full-color graphics, and supplementary images and teaching material.

**Principles of Management (Collection)** - Dev Patnaik 2011-10-24

The Truth About Managing People offers real solutions for the make-or-break problems faced by every manager. Readers will discover: how to overcome the true obstacles to teamwork; why too much communication can be as dangerous as too little; how to improve hiring and employee evaluations; how to heal layoff survivor sickness; even how to learn charisma. This isn't someone's opinion; it's a definitive, evidence-based guide to effective management: a set of bedrock principles to rely on throughout an entire management career. The Rules of Management: They're surprisingly easy to learn and live by. Now, Richard Templar's brought them all together in one place. Templar covers everything from setting realistic targets to holding effective meetings; finding the right people to inspiring loyalty. Learn when and how to let your people think they know more than you (even if they don't) -- and recognize when they really do. The first edition of The Rules of Management became a global phenomenon, topping bestseller charts around the world. This new, even better edition contains 10 brand new rules to take you further, faster. In *Wired to Care*, top business strategist Dev Patnaik tells the story of how organizations of all kinds prosper when they tap into a power each of us already has: empathy, the ability to reach outside of ourselves and connect with other people. When people inside a company develop a shared sense of what's going on in the world, they see new opportunities faster than their competitors. They have the courage to take a risk on something new. And they have the gut-level certitude to stick with an idea that doesn't take off right away. People are *Wired to Care*, and many of the world's best organizations are, too.

### **Financial Accounting with International**

**Financial Reporting Standards** - Jerry J. Weygandt 2018-08-06

While there is growing interest in IFRS within the US, interest outside the US has exploded. Weygandt's fourth edition of *Financial Accounting: IFRS* highlights the integration of more US GAAP rules, a desired feature as more foreign companies find the United States to be their largest market. The highly anticipated new edition retains each of the key features (e.g. TOC, writing style, pedagogy, robust EOC) on which users of Weygandt Financial have come to rely, while putting the focus on international companies/examples, discussing financial accounting principles and procedures within the context of IFRS, and providing EOC exercises and problems that present students with foreign currency examples instead of solely U.S. dollars.

*Principles of Organizational Behavior* - John W. Slocum 2009

Build the foundation you need to become a successful manager with Slocum and Hellriegel's *FUNDAMENTALS OF ORGANIZATIONAL BEHAVIOR 12e, International Edition*. Master the seven core competencies of highly effective business leaders through real-world examples and current OB trends.

**Management, Global Edition** - Stephen P. Robbins 2015-06-01

For undergraduate Principles of Management courses *REAL Managers, REAL Experiences*. With a renewed focus on skills and careers, the new edition of this bestselling text can help better prepare your students to enter the job market. *Management, Thirteenth Edition* vividly illustrates effective management theories by incorporating the perspectives of real-life managers. Through examples, cases, and hands-on exercises, students will see and experience management in action, helping them understand how the concepts they're learning actually work in today's dynamic business world. Students will gain hands-on practice applying management concepts with MyManagementLab. They'll engage in real business situations with simulations, build their management skills by writing and talking about different management scenarios, have access to a video library to help put concepts into perspective, and more. Also available with MyManagementLab

MyManagementLab is an online homework,

tutorial, and assessment program designed to work with this text to engage students and improve results. Within its structured environment, students practice what they learn, test their understanding, and pursue a personalized study plan that helps them better absorb course material and understand difficult concepts. Please note that the product you are purchasing does not include MyManagementLab. MyManagementLab Join over 11 million students benefiting from Pearson MyLabs This title can be supported by MyManagementLab, an online homework and tutorial system designed to test and build your understanding. Would you like to use the power of MyManagementLab to accelerate your learning? You need both an access card and a course ID to access MyManagementLab. These are the steps you need to take: 1. Organizational Behavior - Steven Lattimore McShane 2000

**Essentials of Human Behavior** - Elizabeth D. Hutchison 2020-12-17  
Essentials of Human Behavior combines Elizabeth D. Hutchison's two best-selling Dimensions of Human Behavior volumes into a single streamlined volume for understanding human behavior. The text presents a multidimensional framework integrating person, environment, and time to show students the dynamic, changing nature of person-in-

environment. In this Third Edition, Hutchison is joined by new co-author Leanne Wood Charlesworth, who uses her practice and teaching experience to help organize the book's cutting-edge research and bring it into the classroom. The text will thoroughly support students' understanding of human behavior theories and research and their applications to social work engagement, assessment, intervention, and evaluation across all levels of practice. This title is accompanied by a complete teaching and learning package.

Essentials of Business Law and the Legal Environment - Richard A. Mann 2015-01-01  
Packed with reader-friendly illustrations, ESSENTIALS OF BUSINESS LAW AND THE LEGAL ENVIRONMENT, 12e uses a nontechnical presentation to help your students understand the dynamics of today's legal environment for business. Covering a broad variety of key subjects and emphasizing ethical decision making, the text presents all business law topics required for success on the CPA exam. Cases are carefully summarized and integrated in order to present both recent legal issues and landmark court decisions while minimizing legal jargon. Students learn to effectively apply legal reasoning to cases and legal issues using the Issue, Rule, Application and Conclusion (IRAC) method. In addition to new Going Global features that highlight the international aspects of legal issues, the 12th Edition also includes more than 30 recent cases, updated coverage of limited liability companies and suretyship, amendments to UCC Articles, SEC rules on social media, recent U.S. Supreme Court decisions, and much more. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Organizational Behaviour : Concepts, Controversies, Applications, Third Canadian Edition. Test Item File** - Stephen P. Robbins 2003

*Organization Theory and Design* - Jonathan Murphy 2014

Organizing involves continuous challenges in the face of uncertainty and change. How is globalization impacting organizations? How will new strategies for a turbulent world affect

organizational design? In this second edition of *Organization Theory and Design*, developed for students in the UK, Europe, the Middle East and Africa, respected academics Jonathan Murphy and Hugh Willmott continue to add an international perspective to Richard L. Daft's landmark text. Together they tackle these questions in a comprehensive, clear and accessible study of the subject.

*Fundamentals of Management* - Stephen P. Robbins 1995

*International Business* - Donald A. Ball 1993

For a first course in international business at the undergraduate or M.B.A. Level. Section 1 discusses the nature of international business and the three environments in which an international businessperson works. Section II examines the important international organizations, the international monetary system and their input in business. Section III discusses the uncontrollable forces that make up the foreign environments and illustrates their effects on business practices. The final section deals with the functions of management and shows how managers deal with the uncontrollable forces. Trends and new directives of international companies are also treated.

*Organizational Behavior* -

**Organizational Behaviour** - Andrzej Huczynski 2009-07-01

This text encourages participate teaching and active learning through a structured style and format, with each chapter containing a list of key concepts and objectives.

*Financial Management for Decision Makers* - Peter Atrill 2009

Adopting an innovative, open-learning approach to introduce the main principles of financial management in an accessible, non-technical way, this fully updated fifth edition provides a unique focus on the practical application of financial management and its role in decision making. New to this edition: Expanded coverage of key topics such as financing the business Increased coverage of corporate governance issues Even more real-world examples to help illustrate the practical application and importance of the topics discussed Financial statements throughout based on the latest

*International Accounting Standards* Full-colour design, packed with pedagogical features, providing an original learning experience Key features: Written in a unique, 'open learning' style Clear explanations and minimal technical jargon to aid understanding -no previous knowledge of financial management is assumed Based on a solid foundation of theory, but focusing throughout on its value for decision making Covering all the main areas of financial management in sufficient detail to provide a good grasp of the subject Numerous examples, activities and exercises throughout, allowing the reader to test his/her knowledge at frequent intervals Fully supported by a comprehensive range of student and lecturer learning resources, *Financial Management for Decision Makers* is ideal for undergraduates from a non-finance/accounting discipline taking an introductory module in financial management, and postgraduate/postexperience students on courses such as the ACCA Diploma in Financial Management, Diploma in Management Studies and MBA programmes. The text is also suitable for finance and accounting students as a foundation for further study. Peter Atrill is a freelance academic and author working with leading institutions in the UK, Europe and SE Asia. He has previously held posts as Head of Business and Management and Head of Accounting and Law at University of Plymouth Business School.

*Management, Second Arab World Edition* - Stephen P. Robbins 2015-08-07

**Organizational Behavior** - Stephen P. Robbins 2016

Taken from: *Organizational Behavior, Seventeenth Edition* by Stephen P. Robbins and Timothy A. Judge.

**Organizational Behavior** - Stephen P. Robbins 2018-01-04

For undergraduate and graduate courses in organizational behavior. Help students apply OB concepts The world's most successful *Organizational Behavior* textbook provides the research you want, in the language your students understand. This text makes current, relevant research come alive for readers. The 18th Edition reflects the most recent research and business events within the field of

organizational behavior, while maintaining its hallmark features -- a clear writing style, cutting-edge content, and intuitive pedagogy. There's a reason why Robbins's textbooks have educated millions of students and have been translated into 20 languages -- and it's because of a commitment to provide engaging, cutting-edge material that helps students understand and connect with organizational behavior. Also available with MyLab Management By combining trusted authors' content with digital tools and a flexible platform, MyLab personalizes the learning experience and improves results for each student. Note: You are purchasing a standalone product; MyLab Management does not come packaged with this content. *Organizational Control* - Sim B. Sitkin  
2010-09-16

Organization scholars have long acknowledged that control processes are integral to the way in which organizations function. While control theory research spans many decades and draws on several rich traditions, theoretical limitations have kept it from generating consistent and interpretable empirical findings and from reaching consensus concerning the nature of key relationships. This book reveals how we can overcome such problems by synthesising diverse, yet complementary, streams of control research into a theoretical framework and empirical tests that more fully describe how types of control mechanisms (e.g., the use of rules, norms, direct supervision or monitoring) aimed at particular control targets (e.g., input, behavior, output) are applied within particular types of control systems (i.e., market, clan, bureaucracy, integrative). Written by a team of

distinguished scholars, this book not only sheds light on the long-neglected phenomenon of organizational control, it also provides important directions for future research.

**Canadian Organizational Behaviour** - Steven Lattimore McShane 2009

The Seventh Edition of Canadian Organizational Behaviour is truly a "new and improved" McShane: new trim size, fresh new design, new co-author, reorganized table of contents, improved examples, and even enhanced readability. The McShane brand is known for its cutting edge research and scholarship, recognized for its "for Canadians, by Canadians" approach to content, and respected for its firm anchoring of Canadian material within a global context. No other OB book offers the kind of comprehensive coverage in such an accessible, readable format. Canadian Organizational Behaviour continues to lead the way as the most innovative OB text on the market. McShane was the first OB textbook to include topics such as workplace emotions, appreciative inquiry, social identity theory, future search events, virtual teams, workaholism, and emotional intelligence. The innovation continues in the seventh edition with new and expanded coverage of topics such as employee engagement, resilience, four-drive theory, blogs and wikis, psychological harassment, learning orientation, Schwartz's values model, and separating socioemotional from constructive conflict. The pedagogical features have been completely overhauled to speak to new and emerging topics in OB worldwide, including the opening vignettes, the photo essays in each chapter, and many of the end-of-chapter exercises and end-of-part cases.

**Organizational Behavior** - Stephen P. Robbins 2001

This best-selling book takes a traditional approach to Organizational Behavior beginning with The Individual, The Group and then moving into The Organization. It covers the cutting-edge topics such as learning and motivation, emotions, trust and group-dynamics.

Managing Conflict in Organizations - M. Afzalur Rahim 2017-07-12

After much debate by business professionals, organizational conflict is now considered normal and legitimate; it may even be a positive indicator of effective organizational

management. Within certain limits, conflict can be essential to productivity. This book contributes to the investigation of organizational conflict by analyzing its origins, forms, benefits, and consequences. Conflict has benefits: it may lead to solutions to problems, creativity, and innovation. In contrast, little or no conflict in organizations may lead to stagnation, poor decisions, and ineffectiveness. Managing Conflict in Organizations is a vigorous analysis of the rational application of conflict theory in organizations. Conflict is inevitable among humans. It is a natural outcome of human interaction that begins when two or more social entities engage one another while striving to attain their own objectives. Relationships among people or organizations become incompatible or inconsistent when two or more of them desire a similar resource that is in short supply; when they do not share behavioral preferences regarding their joint action; or when they have different attitudes, values, beliefs, and skills. This book examines these root causes of organizational conflict and offers constructive perspectives on its consequences.

Essentials of Organizational Behavior - Terri A. Scandura 2017-12-13

Concise, practical, and based on the best available research, *Essentials of Organizational Behavior: An Evidence-Based Approach*, Second Edition equips students with the necessary skills to become effective leaders and managers. Author Terri A. Scandura uses an evidence-based approach to introduce students to new models proven to enhance the well-being, motivation, and productivity of people in the work place. Experiential exercises, self-assessments, and a variety of real-world cases and examples provide students with ample opportunity to apply OB concepts and hone their critical thinking abilities. New to this Edition A new Emotions and Moods chapter delves into important topics like emotional intelligence, emotional contagion, and affective neuroscience. A new Power and Politics chapter unpacks the most effective influence strategies and helps students develop their political skills. A streamlined table of contents now combines perception and decision making in a single chapter and change and stress in a single chapter. New case studies, including some from

SAGE Business Cases for the Interactive eBook, on topics such as virtual teams, equal pay and the gender wage gap, and the use of apps at work introduce timely and relevant discussions to help foster student engagement. The new edition has been rigorously updated with the latest research throughout and includes expanded coverage of Machiavellian leadership, ethical decision making, and organizational design through change. New Best Practices and Research in Action boxes as well as new Toolkit Activities and Self-Assessments have been added to make the text even more hands-on and practical.

*Organizational Behavior* - Angelo Kinicki  
2017-02-03

*Sociocultural Anthropology* - Richard Howard Robbins 2016-01

Organizational Behavior, Student Value Edition - Stephen P. Robbins 2016-01-06

Managing Business Communications - Chartered Management Institute 2015-04-09

Clear and effective communication within and beyond organisations has always been a crucial business driver, and as communication channels proliferate and the speed of communication increases, getting your message across has never been more important. Using the series' trademark mix of checklists and thinker profiles, the guide looks at different types of business communications - written, verbal and external - and also focusses on the challenges of cross-cultural and virtual communication, and websites and social media. Topics covered include: report writing, running meetings, presentations, negotiation, PR and media interview planning, influencing, crisis communications and much more.

*Fundamentals of Organizational Behaviour* - Nancy Langton 2012

*Introduction to Industrial/organizational Psychology* - Ronald E. Riggio 2003

For courses in Industrial/Organizational Psychology and Psychology of Work Behavior. This inviting, comprehensive, student-oriented introduction to industrial/organizational psychology emphasizes the connections between

theory and practice across the full spectrum of personnel issues, worker issues, work group and organizational issues, and work environment issues. Its focus on career information, employee-centered issues, and cutting-edge research ensures that students get and stay motivated--right from the beginning.

Ultimate flexibility for instructors. This bestselling, brief alternative for the OB course covers all the key concepts needed to

understand, predict, and respond to the behavior of people in real-world organizations. This text also includes cutting-edge topics and streamlined pedagogy to allow maximum flexibility in designing and shaping your course. The eleventh edition contains expanded and updated coverage on international issues, as well as new sections on the management of information, safety and emotions at work, risk aversion, self-determination theory, managing information, and downsizing. Accompanied by mymanagementlab! See the hands in the air, hear the roar of discussion—be a rock star in the classroom. mymanagementlab makes it easier for you to rock the classroom by helping you hold students accountable for class preparation, and getting students engaged in the material through an array of relevant teaching and media resources. Visit mymanagementlab.com for more information.

*Ethics in Accounting: A Decision-Making Approach* - Gordon Klein 2015-12-17

This book provides a comprehensive, authoritative, and thought-provoking examination of the ethical issues encountered by accountants working in the industry, public practice, nonprofit service, and government. Gordon Klein's, *Ethics in Accounting: A Decision-Making Approach*, helps students understand all topics commonly prescribed by state Boards of Accountancy regarding ethics literacy. *Ethics in Accounting* can be utilized in either a one-term or two-term course in Accounting Ethics. A contemporary focus immerses readers in real world ethical questions with recent trending topics such as celebrity privacy, basketball point-shaving, auditor inside trading, and online dating. Woven into chapters are tax-related issues that address fraud, cheating, confidentiality, contingent fees and auditor independence. Duties arising in more commonplace roles as internal auditors, external auditors, and tax practitioners are, of course, examined as well.

**Organizational Behavior** - J Stewart Black 2019-06-05

A less-expensive grayscale paperback version is available. Search for ISBN 9781680922875. The field of management and organizational behavior

exists today in a constant state of evolution and change. Casual readers of publications like the *New York Times*, *The Economist* and the *Wall Street Journal* will learn about the dynamic nature of organizations in today's ever-changing business environment. *Organizational Behavior* is designed to meet the scope and sequence requirements of the introductory course on *Organizational Behavior*. This is a traditional approach to organizational behavior. The table of contents of this book was designed to address two main themes. What are the variables that affect how, when, where, and why managers perform their jobs? What theories and techniques are used by successful managers at a variety of organizational levels to achieve and exceed objectives effectively and efficiently throughout their careers? Management is a broad business discipline, and the *Organizational Behavior* course covers many areas such as individual and group behavior at work, as well as organizational processes such as communication in the workplace and managing conflict and negotiation. No one individual can be an expert in all areas of management, so an additional benefit of this text is that specialists in a variety of areas have authored individual chapters. Finally, we all made an effort to present a balanced approach to gender and diversity throughout the text in the examples used, the photographs selected, and the use of both male and female in alternating chapters when referring to generic managers or employees.

*Organizational Behaviour* - Nancy Langton 2012-06-27

For introductory courses in *Organizational Behaviour*, *Organizational Psychology*, *Industrial Psychology*, and *Human Relations* in departments of management, public administration, psychology, social work, political science, and education. *Organizational Behaviour*, 6ce is the most student-engaging comprehensive book in the market. It makes OB relevant to students, no matter what their background, work experience or their career goals. MyOBLab is not included with the purchase of this product.

*Organizational Behaviour, 2* - Stephen P. Robbins 2001
