Ethics and Integrity in Public Administration:

Concepts and Cases -

Raymond W Cox 2015-03-26

"Ethics and Integrity in Public Administration" presents cutting-edge perspectives on the role of ethics in public

sector management - what it is and where it is going. The contributors include a cross-section of authoritative authors from around the globe, and from both the academy and government. They cover a wide range of topics, diverse theoretical and conceptual paradigms, and global examples, and provide a broader view than what is typically offered in other books. The book includes both theoretical insights and commentaries grounded in practice. Chapters are divided into three parts: Ethical Foundations and Perspectives, Ethical Management and Ethical Leadership, and International and Comparative Perspectives.

The Business Ethics Workshop - James Brusseau 2014

The Business Ethics Workshop by James Brusseau focuses on reality and engagement.

Students respond to examples and contemporary cases that touch on their own anxieties, desires and aspirations, and this textbook drives that without sacrificing intellectual

gravity. It incites student interest and gets to the core of ethical issues.

Business Ethics and Sustainability - Roman Meinhold 2022-01-05

This book equips readers with the knowledge, insights and key capabilities to understand and practice business activities from ethical and sustainable vantage points. In our interconnected global business environment, the impacts of business activities are under increased ethical scrutiny from a wide range of stakeholders. Written from an international perspective, this book introduces the theory and practice of ethical and sustainable business, focusing in particular on eco-environmental sustainability, intergenerational responsibilities, current disruptive technologies, and intercultural values of the business community and consumers. Written by an expert author who also brings to the fore non-Western concepts and themes, this book: features positive case

studies, as well as transferrable and applicable key insights from such cases; highlights the importance of taking cultural differences into account; takes a transdisciplinary approach which considers findings from research fields including conceptual and empirical business ethics, behavioral economics, ecological economics, environmental ethics, and the philosophy of culture; weaves in pedagogical features throughout, including up-to-date case studies, study questions, thought experiments, links to popular movies, and key takeaways. Written in an accessible and student-friendly manner, this book will be of great interest to students of business ethics, environmental ethics, applied ethics, and sustainable development, as well as business practitioners striving toward ethical, sustainable, and responsible business practice.

Business, Ethics and Society -

John G. Cullen 2021-10-06

With an emphasis on psychoanalytic theory, *Business, Ethics and Society: Key Concepts, Current Debates and Contemporary Innovations* provides a clear, concise introduction to the field of business ethics, while addressing contemporary issues and debates around the impacts of artificial intelligence, social media, the gig economy and populist politics on business and society. The book features mini-case studies from a variety of contexts and companies, including Gillette, Nike, Dove, British Airways and Microsoft, as well as thought-provoking questions throughout. Also included are: - Learning objectives - Chapter summaries - Recommended reading *Business, Ethics and Society: Key Concepts, Current Debates and Contemporary Innovations* serves as an ideal introductory text for students of undergraduate business

ethics-related courses. Lecturers can access a range of online resources for use in their teaching, including an instructor's manual, PowerPoint slides and SAGE Business Cases.

Business Ethics - William Peter Kissick 2012

"This text draws on the expertise of many of Canada's leading scholars of business ethics to provide lively and accessible coverage of the issues. Geared specifically to introductory Business Ethics courses, it offers an overview of basic concepts and key debates. Numerous case studies are featured throughout, along with thoughtful analysis of the issues by contributors."--pub. desc.

Business Ethics: An Indian Perspective - A. C. Fernando Business Ethics: An Indian Perspective introduces ethical concepts that are relevant to resolving moral issues in business. It sensitizes readers on ethical principles and develops reasoning and analytical skills needed to

apply ethical concepts to business decisions. The book is interspersed with a lot of case studies, more specifically Indian scenarios making it relevant for Indian students. The chapter topics cover ethical theories underlying business, application of ethics in day-to-day business, ethics and the environment and ethics in consumer protection. It also features ethical issues in various managerial functions such as finance, human resource and marketing. A separate chapter on the IT sector specifically addresses the ethical dilemmas of today's upcoming industry.

Peace through Commerce - Oliver F. Williams C.S.C. 2008-09-15

Peace through Commerce: Responsible Corporate Citizenship and the Ideals of the United Nations Global Compact contains a foreword, introduction, and twenty-one chapters by major business leaders and scholars who discuss the issues set out by the UN Global Compact. The chapters address the purpose

of the corporation; the influence of legal and peace studies; the experience of career NGO officials and of business leaders; how commerce can help promote peace; and how we might envision the future. Ten case studies document the efforts of individual businesses, including IBM, Chevron, Bristol-Myers-Squibb, General Electric, Nestle, and Ford, to successfully serve society's interests as well as their own. Peace through Commerce will lay the groundwork for courses in business schools on corporate social responsibility, corporate citizenship, and global environment of business. Contributors: Mark Moody-Stuart, Oliver F. Williams, C.S.C., Marilise Smurthwaite, Timothy L. Fort , Michelle Westermann-Behaylo, Douglass Cassel, Sean O'Brien, John Paul Lederach, Willie Esterhuysen, Mary Anderson, David B. Lowry, Donal A. O'Neill, Klaus M. Leisinger, Ofelia C. Eugenio, Brigitte Hélène Scherrer, Samery Abdelnour, Babiker Badri, Oana Branzei,

Susan McGrath, David Wheeler, Gerald F. Cavanagh, S.J., Mary Ann Hazen, Brad Simmons, David Berdish, John Bee, Lisa Newton, Stanley Litow, Marshall Greenhut, Bob Corcoran, Daniel Malan, Alexandra Guáqueta, Thomas Costa, Lee Tavis, and Carolyn Y. Woo.

Cudd
Business Ethics and Corporate Governance - Fernando A.C. 2010-09

Business Ethics - Manuel G. Velasquez 2006

This book provides readers with a clear, straightforward writing style, an abundance of

examples, detailed real-life cases, and current data and statistics. It aims to 1) introduce ethical concepts that are relevant to resolving moral issues in business, 2) develop the reasoning and analytical skills needed to apply ethical concepts to business decisions, 3) identify moral issues specific to business, and 4) examine the social and natural environments within which moral issues in business arise. Chapter topics cover ethics and business, ethical principles in business, the business system, ethics in the marketplace, ethics and the environment, the ethics of consumer production and marketing, the ethics of job discrimination, and the individual in the organization. For anyone in business.

Business Ethics, 2/e - A.C. Fernando 2013

Business Ethics: An Indian Perspective provides a comprehensive coverage of the theories of business ethics and emphasizes the importance of ethical principles in overcoming moral dilemmas in

the business world. Using a large number of India-centric case studies and examples, this book helps readers develop the reasoning and analytical skills needed to apply ethical concepts to business.

Business Ethics - Stephen M. Byars 2018-09-24

Sport Ethics - David Cruise Malloy 2000

Sport has always presented participants, administrators and observers with a wide and often bizarre array of ethical dilemmas. They take on a special edge, perhaps because the sport personalities are usually well known as are result of the extensive media coverage of sporting events. We look in astonishment and horror at such things as the judging debacle in the pairs figure-skating event at the 2002 Olympic Winter Games, the not-too-distant future possibility of genetically modified athletes, the bribe taking by members of the IOC, the widespread steroid use by athletes, the child sex-abuse cases in hockey, the

acceptance of physical assault and violence, the hooligans among British soccer fans, and the drug abusers at the Tour de France. This book provides an analytical framework to enable readers to explore and understand many of the ethical issues and controversies in sport today. Included for discussion purposes are topical case studies drawn from the world of sport and recreation.

Business Ethics and Ethical Business - Robert Audi 2009

This work is a brief yet comprehensive introduction to the thought-provoking field of business ethics. It is organized into three parts that cover the role of business in society, the ethics of internal management, and the challenges of international business.

Business Ethics - W. Michael Hoffman 2014-02-10

The fifth edition of Business Ethics addresses current, intriguing, often complex issues in corporate morality through 53 readings and 30 pertinent case studies. Now significantly updated, it includes new leading articles,

related current cases, and mini-cases based on MBA student dilemmas. Addresses a broad range of the most current, intriguing, often complex issues and cases in corporate morality Provides impartial, point-counterpoint presentations of different perspectives on the most important and highly contended issues of business ethics Updated and significant case studies are included to reinforce student learning Now contains mini-cases based on actual MBA student dilemmas Each author has substantial experience in teaching, writing, and conducting research in the field
Business Ethics - J. S. Nelson
2022

An authoritative and practical guide to business ethics, written in an accessible-question-and answer format In today's turbulent business climate, business ethics are more important than ever. Surveys of employees show that misconduct is on the rise. Cover stories reporting indictments, prosecutions, and

penalties imposed for unethical business conduct appear almost daily. Legislatures pass requirements elevating the levels of punishment and their enforcement against corporations and individuals. Organizations face pressure to design and implement effective ethics and compliance programs. As a result, businesses and businesspeople are increasingly worried that their conduct might cross lines that put their wealth and reputations at risk. Business Ethics: What Everyone Needs to Know (R) explains what those lines are, how not to cross them, and what to do when they are crossed. Written for both businesspeople facing real-life dilemmas and students studying ethical questions, this succinct book uniquely surveys materials from moral philosophy, behavioral science, and corporate law, and shares practical advice. Experts J.S. Nelson and Lynn A. Stout cover a wide array of essential topics including the legal status of corporations, major ethical traps in modern business,

negotiations, whistleblowing and liability, and best practices. Written in a short question-and-answer style, this resource provides engaging and readable introductions to the basic principles of business ethics, and an invaluable guide for dealing with ethical dilemmas.

The SAGE Encyclopedia of Business Ethics and Society

- Robert W. Kolb 2018-03-27

Spans the relationships among business, ethics, and society by including numerous entries that feature broad coverage of corporate social responsibility, the obligation of companies to various stakeholder groups, the contribution of business to society and culture, and the relationship between organizations and the quality of the environment.

Honorable in Business -

Annetta Gibson 2019-01-14

How can one be a Christian in the world of business, not just on the weekend? How can one be honorable in business? Through the integration of the Christian worldview and business ethics, this book

provides Christians with a mental framework with which to answer these important questions. Beginning with Genesis as the foundation for the Christian's worldview and the Ten Commandments as the outline for the Christian's ethical obligations, the authors develop principles upon which ethical choices can be made, even when working in a primarily non-Christian-oriented business environment. The book is designed to be helpful both to those beginning their career in business and those already employed in business who struggle with how to engage in today's business environment while maintaining their commitment to God's vision for life to be both meaningful and honorable. Topics of business ethics such as employee rights, discrimination, technology and privacy, insider trading and accounting fraud, and the special challenges of working internationally are covered. The added value this book brings to these discussions lies in its serious consideration of

the Christian worldview as foundational to ethical decision-making in everyday areas of business.

Corporate Social Entrepreneurship - Christine A. Hemingway 2013-05-23

An examination of how the employee can act as a Corporate Social Entrepreneur to encourage integrity in the workplace.

Corporate Social Responsibility - Mark S. Schwartz 2011-03-22

The term corporate social responsibility (CSR) is often used in the boardroom, classroom, and political platform, but what does it really mean? Do corporations have ethical or philanthropic duties beyond their obligations to comply with the law? How does CSR relate to business ethics, stakeholder management, sustainability, and corporate citizenship? Mark Schwartz provides a concise, cutting-edge introduction to the topic, analyzing many case studies with the help of his innovative "Three Domain Approach" to CSR. Corporate Social

Responsibility also provides a chronology of landmark contributions to the concept of CSR and includes CSR resources on organizations, global codes and criteria, corporate CSR reports, and websites and blogs. It is an invaluable resource for students, instructors, and business leaders looking to master the basics of CSR.

Managing Business Ethics - Linda K. Trevino 2016-09-13
Revised edition of the authors' *Managing business ethics*, [2014]

The Ethics of Neoliberalism - Peter Bloom 2017-06-26

The 21st century is the age of "neo-liberalism" - a time when the free market is spreading to all areas of economic, political and social life. Yet how is this changing our individual and collective ethics? Is capitalism also becoming our new morality? From the growing popular demand for corporate social responsibility to personal desire for "work-life balance" it would appear that non-market ideals are not only surviving but also thriving. Why then

does it seem that capitalism remains as strong as ever? The Ethics of Neoliberalism boldly proposes that neoliberalism strategically co-opts traditional ethics to ideologically and structurally strengthen capitalism. It produces "the ethical capitalist subject" who is personally responsible for making their society, workplace and even their lives "more ethical" in the face of an immoral but seemingly permanent free market. Rather than altering our morality, neoliberalism "individualizes" ethics, making us personally responsible for dealing with and resolving its moral failings. In doing so, individuals end up perpetuating the very market system that they morally oppose and feel powerless to ultimately change. This analysis reveals the complex and paradoxical way capitalism is currently shaping us as "ethical subjects". People are increasingly asked to ethically "save" capitalism both collectively and personally. This can range from the "moral responsibility" to politically

accept austerity following the financial crisis to the willingness of employees to sacrifice their time and energy to make their neoliberal organizations more "humane" to the efforts by individuals to contribute to their family and communities despite the pressures of a frantic global business environment.

Neoliberalism, thus, uses our ethics against us, relying on our "good nature" and sense of personal responsibility to reduce its human cost in practice. Ironically

Ethics And Integrity In Libraries - Amy Besnoy
2013-09-13

A library must function with integrity in order to function well. This book looks at a broad range of library functions through the lens of integrity and ethics. This largely unexplored area of study is handled exceptionally well by the library and information professionals contained in these pages. This book addresses the ethical and integrity issues that may come up in the day to day workings

of the library as well considerations for the ethical education of our future librarians. Within a framework based on the ethical issues that are attached with information management, this book examines the impact of the US Patriot Act, library authentication and access management, plagiarism and social networking. This material was published in the Journal of Library Administration.

Understanding Business Ethics - Peter A. Stanwick 2015-09-16 Filled with real-world case studies and examples of ethical dilemmas, *Understanding Business Ethics, Third Edition* prepares students and managers alike to make ethical decisions in today's complex, global environment. Bestselling authors Peter A. Stanwick and Sarah D. Stanwick explain the fundamental importance of ethical leadership, decision making, and strategic planning while examining emerging trends in business ethics such as the developing world, human rights, environmental

sustainability, and technology. In addition to presenting information related to the Association to Advance Collegiate Schools of Business (AACSB), the text's 26 real-world cases profile a variety of industries, countries, and ethical issues in a way that is relevant and meaningful to students' lives. The Third Edition features new cases from well-known companies such as Disney and General Motors, new coverage of emerging topics such as big data and social media, expanded coverage of corporate social responsibility, and more. Using an applied approach, this text helps students understand why and how business ethics really do matter!

Ethics 101 - Brian Boone 2017-11-07

Explore the mysteries of morality and the concept of right and wrong with this accessible, engaging guide featuring basic facts along with an overview of modern-day issues ranging from business ethics and bioethics to political

and social ethics. Ethics 101 offers an exciting look into the history of moral principles that dictate human behavior. Unlike traditional textbooks that overwhelm, this easy-to-read guide presents the key concepts of ethics in fun, straightforward lessons and exercises featuring only the most important facts, theories, and ideas. Ethics 101 includes unique, accessible elements such as: -Explanations of the major moral philosophies including utilitarianism, deontology, virtue ethics, and eastern philosophers including Avicenna, Buddha, and Confucius. -Classic thought exercises including the trolley problem, the sorites paradox, and agency theory -Unique profiles of the greatest characters in moral philosophy -An explanation of modern applied ethics in bioethics, business ethics, political ethics, professional ethics, organizational ethics, and social ethics From Plato to Jean-Paul Sartre and utilitarianism to antirealism, Ethics 101 is jam-packed with

enlightening information that you can't get anywhere else! Encyclopedia of Business Ethics and Society - Robert W. Kolb 2008

This encyclopedia spans the relationships among business, ethics and society, with an emphasis on business ethics and the role of business in society.

Business Ethics - Manuel G. Velasquez 2011-06-24 Resolving Moral Issues in Business. The ethical landscape of business is constantly changing, and the new edition of Business Ethics: Concepts and Cases has been revised to keep pace with those changes most effecting business: accelerating globalization, constant technological updates, proliferating of business scandals. Business Ethics: Concepts and Cases introduces the reader to the ethical concepts that are relevant to resolving moral issues in business; imparts the reasoning and analytical skills needed to apply ethical concepts to business decisions; identifies moral issues specific

to a business; provides an understanding of the social, technological, and natural environments within which moral issues in business arise; and supplies case studies of actual moral conflicts faced by businesses. Teaching and Learning Experience Personalize Learning - MyThinkingLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Business Ethics: Concepts and Cases provides summaries of basic ideas discussed within the text in its margins; presents conceptual materials first, and then offers discussion cases second through standardized chapters; all providing students the chance to critically think about the material they are learning. Engage Students - Study questions at the beginning of each chapter,

definitions of key terms in the margins, a glossary, chapter-end study and discussion questions, end-of-chapter web resources, and chapter-opening concrete examples / cases all ensure students' complete understanding of the material. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Note: MyThinkingLab does not come automatically packaged with this text. To purchase MyThinkingLab, please visit www.MyThinkingLab.com or you can purchase a valuepack of the text + MyThinkingLab(VP ISBN-10: 0205029760, VP ISBN-13: 9780205029761)

Concepts and Cases in Nursing Ethics, second edition - Michael Yeo
1996-09-13

Concepts and Cases in Nursing Ethics maps the ethical landscape of contemporary nursing. The book is the product of a collaboration

between philosopher-ethicist Michael Yeo, nurse-ethicist Anne Moorhouse, and six representatives of various areas of professional nursing. It thus combines philosophical and ethical analysis with nursing knowledge and experience in a manner that is both understandable and relevant. The book is organized around six main concepts in nursing ethics: beneficence, autonomy, confidentiality, truth-telling, justice, and integrity. A chapter is devoted to the elucidation of each of these concepts. In each chapter, historical background and conceptual analysis are supplemented by case studies that exemplify issues and show how the concept applies in nursing practice. In this new edition, the materials in each chapter have been updated to reflect recent developments in nursing and more generally in health care. In addition, a totally new chapter on ethical theory has been added. Complete with bibliographies and study questions for further analysis of cases, this book is

ideally suited for textbook use. It will help both practitioners and students to deal better with the clinical problems and issues that are encountered in the field. However, its simple prose and clear exposition of complex issues will make *Concepts and Cases in Nursing Ethics* attractive to anyone concerned about health care. [Engineering Ethics: Concepts and Cases](#) - Charles E. Harris, Jr. 2013-01-11 Bridging the gap between theory and practice, *ENGINEERING ETHICS, Fifth Edition*, will help you quickly understand the importance of your conduct as a professional and how your actions can affect the health, safety, and welfare of the public. *ENGINEERING ETHICS, Fifth Edition*, provides dozens of diverse engineering cases and a proven and structured method for analyzing them; practical application of the Engineering Code of Ethics; focus on critical moral reasoning as well as effective organizational communication; and in-depth treatment of

issues such as sustainability, acceptable risk, whistle-blowing, and globalized standards for engineering. Additionally, a new companion website offers study questions, self-tests, and additional case studies. Available with InfoTrac Student Collections

SAGE Brief Guide to Marketing Ethics - SAGE Publications 2012

With key terms and concepts related to marketing ethics presented in a short, easy-to-use format, this guide is an essential companion for marketing courses or as a reference for students and practitioners who would like to learn more about the basics of ethical marketing. The text is divided into four sections which contain important keywords that relate to those sections: Business Ethics, Ethics and the Marketing Mix, Ethics and the Promotional

Mix, and Special Topics in Marketing Ethics. Each keyword entry is written by a scholar drawn from the fields of business and marketing ethics, and is a comprehensive essay on such crucial topics as ethical issues in pricing, green marketing, and deceptive advertising. Each essay includes a list of references and suggested readings for each article so that readers can find more information on those issues they are most interested in.

Research on Professional Responsibility and Ethics in Accounting - Cynthia Jeffrey 2008-12-15

High-quality research and case studies that focus on the professional responsibilities of accountants and how they deal with the ethical issues they face. This series features articles on a broad range of important and timely topics, including professionalism, social responsibility, ethical judgment, and accountability.

Designing Ethical Workplaces - Donald D. Dunn 2016-05-26

Executive leaders need a framework with which to evaluate current and to create new corporate ethical management systems in their organizations. This book offers such a framework, called the Moldable Model©, a system of consistent components that give leaders a framework and a guide to build an organization-specific corporate ethical management system (CEMS). This book teaches how to design ethical workplaces utilizing the role modeling, context, and accountability components. In a step-by-step process, the author guides the reader through the research-

based components with definitions, theory, explanations, and the practical application of those components through suggested organizational activities. Readers can expect to develop ethical tools and a complete corporate ethical management system for implementation into their specific organizations. In just a few hours, a busy executive can have the knowledge and tools to design an ethical workplace that creates satisfied and committed employees who increase organizational productivity and competitive advantage.
