**Escaping the Rabbit Hole** - Mick West 2018-09-18

"With candor leavened by compassion, West explains why people get sucked into conspiracy theories . . . and yes, even how to help people see the light." —Amanda Marcotte, author of *Troll Nation* Here is a conclusive, well-researched, practical reference on why people fall down the conspiracy theory rabbit hole and how you can help them escape (or avoid falling in yourself). Sharing the knowledge and experience he's accumulated debunking false conspiracy theories, Mick West offers a practical guide to helping friends and loved ones recognize these theories for what they really are. Whether it's that the Earth is flat or actors faked the Sandy Hook massacre, many people passionately believe conspiracy theories that are in fact falsehoods, mistakes, and in some

cases, outright lies. They consume countless books and videos, spend hours in like-minded online communities, try to convert those around them, and even, on occasion, alienate their own friends and family. Why is this, and how can you help people, especially those closest to you, break free from the downward spiral of conspiracy thinking? West, founder of the Metabunk forum, sets forth a practical guide to helping friends and loved ones recognize these theories for what they really are. Perhaps counter-intuitively, the most successful approaches to helping individuals escape a rabbit hole aren't comprised of simply explaining why they are wrong; rather, West's tried-and-tested approach emphasizes clear communication based on mutual respect, honesty, openness, and patience. He also includes real-life case studies of individuals who, with help, were able to break free from conspiracism. "Read this book, which belongs in every newsroom and congressional office." —Michael Shermer, publisher of *Skeptic* magazine and New York Times-bestselling author of *The Believing Brain*

*Down the Rabbit Hole* - Lewis Carroll 2005

**Down the Rabbit Hole** - Juan Pablo Villalobos 2012-10-02

still nurtures childhood obsessions with animals and samurai. Original. 15,000 first printing.

**The Vegas Diaries** - Holly Madison 2016-05-17

The #1 New York Times bestselling author returns with this candid, humorous, and captivating memoir chronicling her journey toward reinvention and self-acceptance. When you've come out the other side of the bizarre, twisted world of the Playboy mansion, where do you land? If you're Holly Madison . . . there's no place like Las Vegas! After making the sudden decision to reclaim her life, Holly broke free from the sheltered, deceptive confines of the mansion (which meant exiting a hit television show) and was determined to start her life over . . . from scratch. Without the security of a job or relationship, she set out to reinvent herself on no one's terms but her own. Deciding to roll the dice and begin again in the glamorous and dreamlike city of Las Vegas, Holly quickly realized that while she may have left her past in the rearview mirror, the labels and stereotypes that came from it weren't so quick to leave her. With a fierce commitment to take charge of her own narrative, Holly dives headfirst into a journey of self-discovery. After a whirlwind stint on *Dancing with the Stars*, she snags the coveted lead role in the Strip's hottest new burlesque spectacular and lands a reality series spotlighting her new life as a single woman. If her own television show and dream job as a showgirl weren't enough to keep her busy, Holly explores the decadent, exclusive inner-world of Sin City, navigating its social and dating scene with humor and heart. When it comes to romance, she is met with an eclectic cast of characters, from fame hounds to long distance loves to the occasional celebrity and more than one tabloid mishap. In this reflective, heartwarming memoir, Holly learns that each dating disaster holds an important, and in some cases difficult to face, lesson about herself. *The Vegas Diaries* is a comedy of errors, set against the glitz and glamour of the dazzling Vegas strip. Through the wild and crazy experiences on one young woman's quest to "have it all," Holly faces her fears, anxieties, and insecurities to discover that her journey to self-sufficiency is also her path to healing. Letting go of trying to prove herself to others, Holly finally gains the courage to confront her

past-and in the process finds the life and love she deserves.

*Alice in Space* - Gillian Beer 2018-01-26

An examination of Carroll's books about Alice explores the contextual knowledge of the time period in which it was written, addressing such topics as time, games, mathematics, and taxonomies.

**The Tale of Peter Rabbit** - Beatrix Potter 1907

Peter disobeys his mother by going into Mr. McGregor's garden and almost gets caught.

*When Rabbit Howls* - Truddi Chase 1990-04-01

A woman diagnosed with dissociative identity disorder reveals her harrowing journey from abuse to recovery in this #1 New York Times bestselling autobiography written by her own multiple personalities. Successful, happily married Truddi Chase began therapy hoping to find the reasons behind her extreme anxiety, mood swings, and periodic blackouts. What emerged from her sessions was terrifying: Truddi's mind and body were inhabited by the Troops—ninety-two individual voices that emerged to shield her from her traumatizing childhood. For years the Troops created a world where she could hide from the pain of the ritualized sexual abuse she suffered at the hands of her own stepfather—abuse that began when she was only two years old. It was a past that Truddi didn't even know existed, until she and her therapist took a journey to where the nightmare began... Written by the Troops themselves, *When Rabbit Howls* is told by the very alter-egos who stayed with Truddi Chase, watched over her, and protected her. What they reveal is a spellbinding descent into a personal hell—and an ultimate, triumphant deliverance for the woman they became.

**Conspiracy Theories and the People Who Believe Them** - Joseph E. Uscinski 2018-11-12

Conspiracy theories are inevitable in complex human societies. And while they have always been with us, their ubiquity in our political discourse is nearly unprecedented. Their salience has increased for a variety of reasons including the increasing access to information among ordinary people, a pervasive sense of powerlessness among those same people, and a widespread distrust of elites. Working in combination, these

factors and many other factors are now propelling conspiracy theories into our public sphere on a vast scale. In recent years, scholars have begun to study this genuinely important phenomenon in a concerted way. In *Conspiracy Theories and the People Who Believe Them*, Joseph E. Uscinski has gathered forty top researchers on the topic to provide both the foundational tools and the evidence to better understand conspiracy theories in the United States and around the world. Each chapter is informed by three core questions: Why do so many people believe in conspiracy theories? What are the effects of such theories when they take hold in the public? What can or should be done about the phenomenon? Combining systematic analysis and cutting-edge empirical research, this volume will help us better understand an extremely important, yet relatively neglected, phenomenon.

**Down the Rabbit Hole** - Peter Abrahams 2009-03-31

"My all-time favorite. Astonishing." (Stephen King) *Down the Rabbit Hole* is the first book in the Echo Falls mystery series by bestselling crime novelist Peter Abrahams. Perfect for middle school readers looking for a good mystery. Welcome to Echo Falls, home of a thousand secrets. In *Down the Rabbit Hole*, eighth grader Ingrid Levin-Hill is in the wrong place at the wrong time. Or at least her shoes are. And getting them back will mean getting tangled up in a murder investigation as complicated as the mysteries solved by her idol, Sherlock Holmes. With soccer practice, schoolwork, and the lead role in her town's production of *Alice in Wonderland*, Ingrid is swamped. But as things in Echo Falls keep getting curiously and curiously, Ingrid realizes she must solve the murder on her own—before it's too late. "Deft use of literary allusions and ironic humor add further touches of class to a topnotch mystery," said *School Library Journal*. "Intriguing twists." *Publishers Weekly* agreed: "The fresh dialogue and believable small-town setting will tempt fans to visit Echo Falls again." The next book in this Edgar Award-nominated series is *Behind the Curtain*, followed by *Into the Dark*.

Stacy Sutherland - Vicki Welch Ayo 2015-09-03

In Texas in the mid sixties some local boys, rock and rollers from rural Kerrville banded together and were joined by some hip Austin music makers to pioneer one of the first psychedelic bands of the day. Thirteenth Floor Elevators led the way in the Haight-Ashbury scene like pied pipers heralding the upcoming summer of love. Stacy Sutherland was one of those legendary boys and this is his story.

Alice's Adventures in Wonderland and Through the Looking-glass - Lewis Carroll 1916

A little girl falls down a rabbit hole and discovers a world of nonsensical and amusing characters.

**B Factories** - Boštjan Golob 2019-04-01

B Factories are particle colliders at which specific subatomic particles - B mesons - are produced abundantly. The purpose is to study the properties of their decays in great detail in order to shed light on a mystery of eminently larger scale: why do we live in a universe composed of anti-matter? This book introduces readers to the physics laws of the CP asymmetry, touching on experimental requirements needed to perform such measurements at the subatomic level, and illustrating the main findings of the contemporary B Factories.

*Rabbit Hole* - David Lindsay-Abaire 2010-07

A story of loss, heartbreak and forgiveness - told through daily moments and emotional hurdles - as a family moves on after the accidental death of their 4-year-old. After a critically acclaimed Broadway premier, *Rabbit Hole* has been hailed as an artistic breakthrough for the highly regarded Lindsay-Abaire. A drama of what comes after tragedy, it captures "the awkwardness and pain of thinking people faced with an unthinkable situation - and eventually, their capacity for survival." -USA Today

**Out of the Rabbit Hole** - Sheri Bloom 2013-07-19

"'Out of the Rabbit Hole: A Roadmap to Freedom from OCD' is a compelling story of one woman's journey to recovery from obsessive compulsive disorder (OCD). Sheri Bloom weaves a complicated web of real-life experiences that both influenced and culminated in her ultimate

battle against OCD. Dr. Suzanne Mouton-Odum, a licensed psychologist who specializes in OCD, gives insightful and informative guidance to the reader about the development, conceptualization, and treatment of this disabling disorder. This book not only describes how it feels to have OCD, but also how to move toward recovery!"--P. [4] of cover.

*Attica - Journey Down the Rabbit Hole* - Timothy M. Shannon 2008-03-18

It's the 1970s-- Vietnam is recent history, Farah Fawcett's a pin-up girl, O.J. Simpson's still playing football and hippie Kevin Patrick is a recent college graduate who takes a position teaching inmates at Attica Correctional Facility. It's a long drive from Buffalo and a short leap into the unknown as Patrick learns just how tough it is on the "inside" of a prison about to explode. Some of the inmates are terrifying. Other prisoners are inspiring like Richie and Reggie --who's determined to go straight and do right by his girlfriend Jameka. The author depicts Attica's inmates and the facility's staff with considerable skill during an era of turmoil and change. The author touches upon the nefarious C-block problems, shady activities and also includes a bloodcurdling account regarding the murder of a cafeteria worker and one inmate's ill-fated decision to try to escape Attica. "Life is all about fear. Some people live in fear and others use it to their advantage," notes one character as a disobedient inmate is enroute to "the box," a terrifying punishment tool in use at that time. This novel provides a terse reminder of the importance of prison reform. [from Publishers Weekly].

*Alice in Wonderland: Down the Rabbit Hole* - Lewis Carroll 2015-02-26

This stunning new version of a classic is the best way to enter Wonderland ... without actually falling down the rabbit hole. On its 150th anniversary in 2015, Lewis Carrolls tale of a world gone topsy-turvy gets a unique picture-book retelling of the beginning of Alices journey: the first ever, with elegantly simplified text that keeps all of the astonishing

adventures and wide-eyed amazement of the original. Includes many of the classic Carroll characters Alice and the White Rabbit, the Blue Caterpillar, Bill the Lizard and more.

**Down the Rabbit Hole** - Holly Madison 2015-06-23

The real, untold, and unvarnished story of life inside the legendary Playboy Mansion—and the man who holds the key—from the woman who was Hef's #1 girlfriend and star of *The Girls Next Door*. A spontaneous decision at age twenty-one transformed small-town Oregon girl Holly Sue Cullen into Holly Madison, Hugh Hefner's #1 girlfriend. But like Alice in Wonderland after she plunged down the rabbit hole, what seemed like a fairytale life inside the Playboy Mansion—including A-list celebrity parties and her own #1-rated television show—quickly devolved into an oppressive routine of strict rules, manipulation, and battles with ambitious, backstabbing bunnies. Losing her identity, her sense of self-worth, and her hope for the future, Holly found herself sitting alone in a bathtub contemplating suicide. But instead of ending her life, Holly chose to take charge of it. In this shockingly candid and surprisingly moving memoir, this thoughtful and introspective woman opens up about life inside the Mansion, the drugs, the sex and the infamous parties, as well as what her relationships with her *Girls Next Door* co-stars, Bridget and Kendra were really like. Holly talks candidly about a subsequent abusive relationship, her own successful television series, and the hard work of healing, including her turn on *Dancing with the Stars*. A cautionary tale and a celebration of personal empowerment, *Down the Rabbit Hole* reminds us of the importance of fighting for our dreams—and finding the life we deserve.

**Apotheosis Now** - Yanhao Huang 2021-04-13

Many of us are starting to become tired of this game of life. We have been comparing and striving all our life. But no matter how much success we have achieved—we are still hollow and still have found nothing fulfilling. We don't even know if happiness exists because it is no longer a living thing in our experience—it has become dead, as we only know it as a concept or memory. We have sought self-help advice, philosophies, and religious teachings to transform ourselves but have not

gotten anywhere. We have made some superficial improvements—like adopting a new mindset—but our core remains the same. We are still competitive, still fearful, and we get disturbed all the time. The problem with all attempts at self-improvement is that we do not address the fundamental problem, which is: who is the “you” who needs to be improved? We do not see that the one who is making the improvement is the same one who needs to be improved. The more we try to improve, the more conflict we introduce, within and without. The more knowledge we stuff in our heads, the more we become trapped in a conceptual prison of reality. Inevitably, the more confused we get in life. The book guides the reader out of their distorted beliefs to experience reality beyond the mind. When the deeper intelligence is allowed to flourish without our mind's interference, then the game of life becomes effortless.

*Alice's Adventures in Wonderland* - Lewis Carroll 2020-10-29

"Off with her head!" yells the Queen of Hearts, one of the many peculiar creatures Alice encounters after falling down a rabbit hole and into an absurd fantasy world of Mad Tea Parties, nonsensical trials, and talking animals. Published In 1865, *Alice's Adventures in Wonderland* became an instant success, and author Lewis Carroll broke ground with his unique take on children's stories: Instead of the overly simplistic and sometimes dry tales that characterized the genre in the Victorian age, Carroll introduced a book that didn't look down on its audience, and one that - to this day - is enjoyed by children and adults alike. *Alice's Adventures in Wonderland* has been translated into 176 languages, and adapted to the screen close to 20 times, most notably by Tim Burton in the 2010 feature film that saw Mia Wasikowska as Alice and Helena Bonham Carter as the unforgettable Queen of Hearts. Lewis Carroll, pseudonym of Charles Lutwidge Dodgson, (1832-1898), was a British mathematician, photographer, and children's book author. The idea for his most famous work, '*Alice's Adventures in Wonderland*', came to Carroll when he was on a boat with friends, having to entertain three young girls, one of whose name was Alice. Despite his success as a children's book author, Carroll considered himself, first and foremost, a man of science and mathematics.

*Alice in Wonderland* - Lewis Carroll 2015-02-10

THIS STUNNING NEW VERSION OF A CLASSIC IS THE BEST WAY TO ENTER WONDERLAND . . . WITHOUT ACTUALLY FALLING DOWN THE RABBIT HOLE. *Alice in Wonderland* is one of the most wondrous, truly original stories ever written—filled with magical and marvelous happenings. On its 150th anniversary in 2015, Lewis Carroll's tale of a world gone topsy-turvy gets a unique picture-book retelling of the beginning of Alice's journey, with elegantly simplified text that keeps all of the astonishing adventures and wide-eyed amazement of the original. What a wonderful Introduction for young children to many of the classic Carroll characters - Alice and The White Rabbit, the Blue Caterpillar, Bill the Lizard and more. Many of the most famous phrases are here— like "Curiouser and curiouser" and "Oh dear, oh dear, I shall be too late" to prepare youngsters for the time they're ready to read the whole book in its original form. Award-winning, bestselling artist Eric Puybaret creates an enchanting and magical *Wonderland* that looks like no other interpretation. Every spread in this magnificently produced volume is rich in charm, gloriously colorful, yet fresh and modern. From the extraordinary White Rabbit in his brilliantly red suit to the timelessly graceful young heroine, this is the *Alice* today's young children can relate to. It's the perfect, glorious introduction to a classic, a taste of what magic awaits them in the future.

**Beneath the Veil** - Micah T. Dank 2020-06-30

I know the answer to the world's deepest secret . . . Graham, a functioning alcoholic and Harvard medical student and the protagonist of *Into the Rabbit Hole*, stumbles across a puzzling communication from his deceased Navy Seal brother. Graham must work to unravel a litany of secrets sobering in their implications not only for himself, but for the past twelve-thousand years of human history and the secrets of the universe. Had he not, in his hungover state, opened the email, Graham could have continued on his predetermined successful, if dysfunctional, path and never embarked on the paradigm-shifting journey that so loosens his grasp on reality and obliterates not only what he chooses to believe but what he trusts as fact. With the help of his long-term

girlfriend, his quirky Mensan best friend, his wild and athletic best girlfriend since childhood and his friend from Undergrad at Georgetown who followed him to Harvard for Grad school, he sets out to decode this complex cryptogram, which he soon discovers is charged with the potential to unhinge the very control that certain government officials are intent, at all costs, on maintaining. Micah T Dank takes the reader on an electrifying hunt for what is real and what is possible, encountering along the way politics, conspiracies, fringe medicine, history, and language, and what it means to survive—thrive, even—when you have the weight of the world on your shoulders. Beneath the Veil is the first book in a 6 books series Into the Rabbit Hole, that proves that love and humor may not be the answer, but that without these variables there is no worthy solution to any challenging problem or improbable situation.

**Hopping over the Rabbit Hole** - Anthony Scaramucci 2016-10-11

Develop the Scaramucci mindset that drives entrepreneurial success Hopping over the Rabbit Hole chronicles the rise, fall, and resurgence of SkyBridge Capital founder Anthony Scaramucci, giving you a primer on how to thrive in an unpredictable business environment. The sheer number of American success stories has created a false impression that becoming an entrepreneur is a can't-miss endeavor—but nothing could be further from the truth. In the real world, an entrepreneur batting .150 goes directly to the Hall of Fame. Things happen. You make a bad hire, a bad strategic decision, or suffer the consequences of an unforeseen market crash. You can't control what happens to your business, but you can absolutely control how you react, and how you turn bumps in the road into ramps to the sky. Anthony Scaramucci has been there and done that, again and again, and has ultimately come out on top; in this book, he shares what he wishes he knew then. Your chances of becoming an overnight billionaire are approximately the same as your chances of being signed to the NBA. Success is hard work, and anxiety, and tiny hiccups that can turn into disaster with a single misstep. This book shows you how to use adversity to your ultimate advantage, and build the skills you need to respond effectively to the unexpected. Learn how to deal with unforeseen events Map a strategic backup plan, and then a

backup-backup plan Train yourself to react in the most productive way Internalize the lessons learned by a leader in entrepreneurship For every 23-year-old billionaire who just created a new way to send a picture on a phone, there are countless others who have failed, and failed miserably. Hopping over the Rabbit Hole gives you the skills, insight, and mindset you need to be one of the winners.

**Down The Rabbit Hole** - Tim Lea 2016-12-12

What does the blockchain mean to you? I keep hearing about it in the media - but don't know what it is! I have read some things about it - but just don't get it. Isn't it just a bandwagon that the financial media is over-hyping? Isn't it just about drugs and hitmen? Block-what? Whatever your thoughts, the blockchain is gaining significant traction, with global media outlets increasing their almost insatiable coverage of the technology. So, why should you care? On December 2, 2015, the Goldman Sachs research team released their Emerging Theme Report. It simply said: "...the Blockchain, can change ... well everything." Now that's a big claim... but when this claim is added to : - Wangxiang Labs out of China announcing a \$30bn blockchain-based investment fund for Smart Cities in September 2016. - IBM announcing in the same month their plans to spend \$200m for the combination of Blockchain, Internet Of Things and Artificial Intelligence or - The Venture Capitalist community investing \$1.3bn so far in the blockchain-related space Perhaps something big is going on.... Is it that: - You can send cleared funds internationally in 20 seconds, rather than 3 days? - You can remove the need for trusted third-parties - bankers, lawyers, accountants, auditors? - 20% of the world's population can finally secure an identity that will help remove human trafficking, even child prostitution. The blockchain is powerful, very powerful but is not a technology that can easily be described in a few words - and that is its problem. Business people like you find it confusing, geeky, and hard to get to grips with. Down The Rabbit Hole gives you a practical, easy-to-read, hands-on guide to the technology, its power, and how you can capitalise on that power. Whether you want to: - Make your organisation more innovative and effective - Make yourself more valuable in your marketplace -

Develop new products or - Become the new Mark Zuckerberg Down The Rabbit Hole will have something for you, fast-tracking you to be at the leading edge of 21st-century business thinking. The genie is squeezing itself out of the bottle, one-way ticket in hand – and ready for you to command. However, be warned once you discover the power of the blockchain hidden deep beneath the surface, your eyes will open to green fields crammed full of explosive opportunities. How you use them is limited only by your imagination. So why not get the book today – and take the first steps towards a discovering your new world.

*Rabbit Hole* - Mark Billingham 2021-08-03

A gripping standalone thriller from the “first-rate British crime writer” and internationally bestselling author of the Tom Thorne novels (The Washington Post). Alice Armitage is a police officer. Or she was. Or perhaps she just imagines she was. Whatever the truth is, following a debilitating bout of PTSD, self-medication with drink and drugs, and a psychotic breakdown, Alice is now a long-term patient in an acute psychiatric ward. When one of her fellow patients is murdered, Alice becomes convinced that she has identified the killer and that she can catch them. Ignored by the police, she begins her own investigation. But when her prime suspect becomes the second victim, Alice’s life begins to unravel still further as she realizes that she cannot trust anyone, least of all herself. Praise for Mark Billingham and the Tom Thorne novels “Morse, Rebus, and now Thorne. The next superstar detective is already with us—don’t miss him.” —Lee Child, author of the Jack Reacher series “Billingham is a world-class writer and Tom Thorne is a wonderful creation. Rush to read these books.” —Karin Slaughter, international bestselling author “With each of his books, Mark Billingham gets better and better. These are stories and characters you don’t want to leave.” —Michael Connelly, author of the Harry Bosch series “Mark Billingham has brought a rare and welcome blend of humanity, dimension, and excitement to the genre.” —George Pelecanos, writer and producer of The Wire “Tom Thorne is one of the most credible and engaging heroes in contemporary crime fiction.” —Ian Rankin, author of the Inspector Rebus novels and The Travelling Companion

**Dear America: Down the Rabbit Hole** - Susan Campbell Bartoletti 2013-03-01

Newbery Honor author Susan Campbell Bartoletti brings the story of a young girl caught up in a web of murder, lies, and the Great Fire of Chicago to bold life. In the spring of 1871, fourteen-year-old Pringle Rose learns that her parents have been killed in a terrible carriage accident. After her uncle Edward and his awful wife, Adeline, move into the Pringle family's home -- making life for her and her younger brother, Gideon, unbearable -- Pringle runs away with Gideon to Chicago, seeking refuge from the tragedy, and hoping to start a new life. She becomes a nanny for the children of a labor activist, and quickly finds herself caught up in a web of intrigue and lies. Then, when a familiar figure from home arrives, Pringle begins to piece together the devastating mystery of what happened to her parents, and realizes just how deadly the truth might be. But soon, one of the greatest disasters this country has ever known -- the Great Fire of Chicago -- flares up, and Pringle is on the run for her life.

*Down the Rabbit Hole an Osint Journey* - Chris Kubecka 2017-06-29

Do you enjoy the reconnaissance part of a penetration testing? Want to discover issues on your network, assets or applications proactively? Would you like to learn some new OSINT based recon tools and techniques? Follow the rabbit hole and find exploitable critical vulnerabilities in the Panama Papers law firm and politics both American and international including Trump and the DNC. Analyse network and email configurations for entry points and exploits with FOCA, Maltego, Nmap/ZenMap, and Spiderfoot. Learn how to use advanced searches, alternative search engines that don't respect robots.txt., intel tools, and leak databases. Open source intelligence gathering (OSINT) and web-

based reconnaissance is an important part of penetration testing and proactive defense. The more connected we are, the more information is held about everything. Yummy, juicy information for both a penetration tester or a malicious actor. Learning what sources of are available to start your search is an important first step in learning about reconnaissance and how the information could be utilized or resold. Both issues you or your client need to know. All of the tools and techniques in this book can be ninjafied with Python, Ruby or PowerShell. Initially, this book began as a presentation at the Cyber Senate Industrial Control Cybersecurity Nuclear Summit in Warrington, UK 2016. Originally, I intended to use some of the same techniques to target a nuclear power plant or someone in a nuclear regulatory capacity. After submitting my original talk idea. Daesh, otherwise known as ISIS, began publicly threatening the European nuclear industry. Due to the threats, we decided it wasn't in anyone's best interest to give a how to target nuclear installations and changed the target instead to the law firm behind the Panama Papers fiasco. The project expanded to include additional targets with mostly a political slant. 2016 was a very tumultuous year in politics. Brexit, Trump, and the rise of the interesting politics and coups in Turkey, Netherlands, Germany, Russia, Bulgaria and the Philippines. It's a lot more fun to learn about a topic in an empowering way. Also, only politicians like politicians. They make a fun target. Learning a new technique is easier when it's fun. I chose targets and case studies which gave me a happy hacker smile.

#### **Psychological Aspects of Cyberspace** - Azy Barak 2008-05-05

Hundreds of millions of people across the world use the Internet every day. Its functions vary, from shopping and banking to chatting and dating. From a psychological perspective, the Internet has become a major vehicle for interpersonal communication that can significantly affect people's decisions, behaviors, attitudes and emotions. Moreover, its existence has created a virtual social environment in which people can meet, negotiate, collaborate and exchange goods and information. Cyberspace is not just a technical device but a phenomenon which has reduced the world to a proverbial global village, fostering collaborations

and international cooperations; thus reducing the barriers of geographical distance and indigenous cultures. Azy Barak and a team of prominent social scientists review a decade of scientific investigations into the social, behavioral and psychological aspects of cyberspace, collating state-of-the-art knowledge in each area. Together they develop emerging conceptualizations and envisage directions and applications for future research.

#### Down the Rabbit Hole - J. D. Robb 2015

#### **21 Lessons** - Gigi 2019-12-18

Falling down the Bitcoin rabbit hole is a strange experience. Like many others, I feel like I have learned more in the last couple of years studying Bitcoin than I have during two decades of formal education. The following lessons are a distillation of what I've learned. First published as an article series titled "What I've Learned From Bitcoin," what follows can be seen as a third edition of the original series. Like Bitcoin, these lessons aren't a static thing. I plan to work on them periodically, releasing updated versions and additional material in the future. Bitcoin is an inexhaustible teacher, which is why I do not claim that these lessons are all-encompassing or complete. They are a reflection of my personal journey down the rabbit hole. There are many more lessons to be learned, and every person will learn something different from entering the world of Bitcoin. I hope that you will find these lessons useful and that the process of learning them by reading won't be as arduous and painful as learning them firsthand.

#### **Down the Rabbit Hole of Leadership** - Manfred F. R. Kets de Vries 2018-10-10

In the previous book in this series, Manfred Kets de Vries observed the experiences of leaders on a rollercoaster ride through their professional and personal lives. Now, he follows them down the rabbit hole into the unknown, where, like Lewis Carroll's Alice, they find a dystopian

Wonderland in which everyone seems to have gone mad and life functions according to its own crazy logic, throwing up all kinds of obstacles in the search for truth. Understanding what is happening around us has become more difficult than ever in the Age of Trump. Don't imperatives like "build that wall" sound very much like "Off with his head"? Unfortunately, and unlike Alice, we are not going to wake up from a bad dream and discover that everything is "nothing but a pack of cards". The first part of this book looks at the psychodynamics of leadership in both a business and a political context. The second focuses on the psychopathology of everyday life in organizations and the seemingly endless ways people can make a mess of things - including mega pay packages, acting out, digital addiction and other dysfunctional behaviour patterns. Each chapter ends with a brief anecdote to illustrate the dilemma it presents. In short, sharp nuggets, Kets de Vries helps make sense of how the madness of the present has affected leadership in organizations and the workplace.

Wonderment In Death - J. D. Robb 2016-03-24

New York, 2061. Darlene Fitzwilliams - a young heiress - kills her brother then jumps from a tall building. All the evidence suggests a tragic but familiar murder/suicide case for Lieutenant Eve Dallas. But when Eve discovers that Darlene has been visiting psychics and spiritual healers, things take a dark and unsettling turn. Someone has been meddling with Darlene Fitzwilliams' subconscious - someone with a gift for hypnosis and a disturbing obsession with Lewis Carroll's Alice in Wonderland. With husband Roarke and partner Peabody at her side, Eve finds herself falling down the rabbit hole into one of the strangest investigations of her career. One that threatens not just her body, but her mind...

**Blockchain for Everyone** - John Hargrave 2019-08-06

From the author of Mind Hacking and founder of Bitcoin Market Journal comes the first book to explain the money-making secrets behind bitcoin and blockchain in a user-friendly format. When John Hargrave first invested in cryptocurrency, the price of a single bitcoin was about \$125; a few years later, that same bitcoin was worth \$20,000. He wasn't alone: this flood of new money is like the early days of the Internet, creating a new breed of "blockchain billionaires." Sir John has unlocked their secrets. In Blockchain for Everyone, Sir John reveals the formula for investing in bitcoin and blockchain, using real-life stories, easy-to-understand examples, and a healthy helping of humor. Packed with illustrations, Blockchain for Everyone explains how (and when) to buy bitcoin, cryptocurrencies, and other blockchain assets, with step-by-step instructions. Blockchain for Everyone is the first blockchain investing book written for the layperson: a guide that helps everyone understand how to build wealth wisely. It's the new investing manifesto!

**Alice's Adventures Under Ground** - Lewis Carroll 1964

**Through the Looking Glass** - Lewis Carroll 2018-05

Through the Looking-Glass, and What Alice Found There is a novel by Lewis Carroll (Charles Lutwidge Dodgson), the sequel to Alice's Adventures in Wonderland (1865). Set some six months later than the earlier book, Alice again enters a fantastical world, this time by climbing through a mirror into the world that she can see beyond it. Through the Looking-Glass includes such celebrated verses as "Jabberwocky" and "The Walrus and the Carpenter", and the episode involving Tweedledum and Tweedledee.
