Principles of Yacht Design - Lars Larsson
2022-03-17

Principles of Yacht Design has established itself as the standard book on the subject for practising designers, naval architecture students, discerning boat owners as well as the boatbuilding industry as a whole. The fifth edition is completely revised and expanded. It examines every aspect of the process of yacht and powerboat design. The new edition includes new findings from recent research in aero and hydrodynamics, as well as covering the most recent changes to building standards. The authors have used a newly built 41-foot performance cruiser to demonstrate the practical application of yacht design theory. This new edition includes photos of the building

process and detailed explanations.

Efficienza Energetica - Alberto Reatti
2019-03-06

L'efficientamento energetico è un argomento attuale ed affascinante, spesso banalizzato, ma richiede investimenti spesso importanti di cui necessario valutare sia il ritorno, sia la convenienza di sostenere in proprio, o con finanziamento tramite terzi, gli oneri atti a

conseguire un risparmio sulle fatture dell'energia. Questo libro tenta di fare chiarezza sulle soluzioni che si possono adottare in campo elettrico, e fornisce strumenti per valutare non solo in termini tecnici, ma anche in termini finanziari, l'efficacia di un investimento. La trattazione si basa su casi concreti, accompagnati da diversi esempi applicativi, introdotti da richiami alla teoria necessaria alla loro comprensione. Il testo, pensato in origine come sostegno agli studi dei corsi in materia di uso efficiente dell'energia elettrica erogati presso la Scuola di Ingegneria dell'Università degli Studi di Firenze, è adatto anche a coloro che in qualità di energy manager, liberi professionisti, EGE, funzionari di Pubbliche Amministrazioni, si trovano a dover valutare aspetti legati all'efficientamento delle utenze elettriche.

Case Book for Data Base Management - Fred R. McFadden 1985

Good to Be God - Tibor Fischer 2008-09-14
Using the credit card and identity of a handcuffs salesman, professional failure Tyndale Corbett arrives in Miami for a law-enforcement conference to discover the joys of luxury hotels and above all the delight of being someone else, someone successful. Feeling his previous lack of success might be due to insufficient ambition, Tyndale decides on a new money-making scheme. He will up the ante substantially, exponentially, and pretend to be someone really important and successful: God. His mission to convince the citizenry of Miami that he is, despite appearances, the Supreme Being results in him taking over the Church of the Heavily Armed Christ. His duties there involve him in forming a private army, hiring call girls, trafficking coke, issuing death threats, beating off church-jackers and sorting out (as almightily as possible) various problems his parishioners are having with pets. All the while he is working on his grand project, the clincher miracle, dying

and coming back to life...
