oriented, providing instant knowledge for ambitious and hungry professionals who want to make a lasting impression throughout their career. Smart books are designed to give killer approaches to key business subjects, and deliver sound principles in a style that is both informative and has attitude. They are the perfect resource for time-starved, information-hungry business people everywhere!

**Superconnect** - Richard Koch 2010-08-24

For readers of *Outliers* or *The Wisdom of Crowds* — or internationally bestselling author Richard Koch's many followers — this entertaining book draws on the latest in network science research to show how any of us can increase the chances of success in our personal and work lives. What's so special about the rich and famous? Unusually successful people often think they've done well because of their talent or luck — or simple grit and hard work. But individual characteristics matter far less than the social connections we exploit. And

counterintuitively, it's our weak links — your neighbour's landscaper or that ad agency guy you happened to meet at your sister's birthday party last year — that matter most of all.

Drawing on research from the fields of sociology, math, and physics, internationally bestselling author and entrepreneur Richard Koch and his co-author Greg Lockwood show how networks impact our everyday lives. Rich with entertaining anecdotes and written in Richard Koch's trademark conversational style, *Superconnect* reveals the hidden patterns behind everyday events. Most importantly, it shows how any of us can increase the chances of happy outcomes in our own lives, careers, or businesses.

**The Star Principle** - Richard Koch 2010-03-04

Richard Koch has made over £100 million from spotting 'Star' businesses. In his new book, he shares the secrets of his success - and shows how you too can identify and enrich yourself from 'Stars'. Star businesses are ventures

operating in a high-growth sector - and are the leaders in their niche of the market. Stars are rare. But with the help of this book and a little patience, you can find one, or create one yourself. THE STAR PRINCIPLE is a vital book for any budding entrepreneur or investor (of grand or modest means). It is also invaluable for any ambitious employee who realises the benefits of working for a Star venture - real responsibility, fast personal development, better pay, great bonuses and valuable share options. Whoever your are, identifying and investing in Stars will make your life much sweeter and richer in every way.

### **The Successful Boss's First 100 Days -**

Richard Koch 1997-12

"As applicable to the seasoned manager as the first-time boss, The Successful Boss's First 100 Days covers all you need to know to establish yourself as the new leader." "Written in snappy ten-day chapters, it gives you practical checklists to see how you are doing and will

enable you to find out how to: create early successes; deal with difficult staff; create a winning team; anticipate trouble ahead; reconcile home and work demands and win for yourself by winning for your organisation."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

### **Selecting Shares That Perform -** Richard Koch 2000

Richard Koch explains why it can be fun and profitable to try to beat the stock market and why it is so important to select a method that mirrors you as an individual. He clearly explains ten successful investment approaches and helps you choose the one that best suits your personality and expertise. Each approach is a proven technique. In this third edition, Richard Koch highlights his method's successes and failures. Updated remarks run throughout the book and there is a new section about the impact of the internet on investing. Whether you are a

stock market novice or a sophisticated player, *Selecting Shares that Perform* makes selecting shares not only profitable, but fun. *Selecting Shares That Perform* gives you: convincing reasons why you should manage your share portfolio ten excellent approaches to selecting shares, showing the history and logic behind them proven rules to help you pick the winners a self-test quiz which will help you to adopt the best strategy for you examples and explanations of successes and failures.

*Living the 80/20 Way* by Richard Koch  
(Summary) - QuickRead

Do you want more free book summaries like this? Download our app for free at <https://www.QuickRead.com/App> and get access to hundreds of free book and audiobook summaries. Learn how living the 80/20 way can help you find happiness and success by simply doing less. Like most people in today's society, you may be tired of the daily grind. You simply wake up, head to work, sit at your desk all day,

head home, eat dinner, go to bed, and do it all again the next day. There has to be more, right? Well, according to Koch, we are living life all wrong; instead of working to live, we live to work. We spend most of our time exerting our energy at work, only to find that when we get home, we are too exhausted and to give our best selves to our families and friends. Here's where the 80/20 principle comes in. The 80/20 principle refers to the observation that roughly 80 percent of results stem from 20 percent of causes. For example, the world's top 20 percent of people generate 80 percent of the world's wealth. While this principle has been used successfully in the business and economics world, it can now be applied to the lives of any individual. In other words, we can achieve more by doing less. As you read, you'll learn how to find your happiness islands, how to save money like the wealthy, and lastly, how living a simple life may be the key to success.

**Good Profit** - Charles G. Koch 2015-10-13

Downloaded from [titlecapitalization.com](http://titlecapitalization.com)  
on by guest

NEW YORK TIMES BESTSELLER • Learn how to apply the principles of Charles Koch's revolutionary Market-Based Management® system to generate good profit in your organization, company, and life "This book helps show you the way to good profit—whether you work for an international supermarket chain, a medium-sized regional business, or your own start-up."—John Mackey, co-founder and co-CEO, Whole Foods Market The technological innovations, extreme politics, civil unrest, cyber attacks, demographic shifts, and global pandemic that have affected all businesses since this book was published have only confirmed Charles Koch's belief that "the only reason a business should exist (and the only way it can legitimately survive long term) is to create value in a responsible way." Hence, the principles in Good Profit are more important today than ever before. What exactly does Koch Industries, Inc., do and why is it so remarkably profitable? Koch's name may not be on your home's

plywood, vehicle's grille, smartphone's connectors, or baby's ultra-absorbent diapers but it makes them all. And Koch's Market-Based Management® (MBM) system is what drives these innovations and many more. The core objective of MBM is to generate good profit. Good profit results from products and services that customers vote for freely with their dollars. It results from a bottom-up culture where employees are empowered to act entrepreneurially to discover customers' preferences and the best ways to improve their lives. Drawing on six decades of interdisciplinary studies, experimental discovery, and practical implementation across Koch businesses worldwide, Charles Koch walks the reader through the five dimensions of MBM to show how to apply its framework in any business, industry, or organization of any size. Readers will learn how to: • Craft a vision for how to thrive in spite of increasingly rapid disruption and ever-changing consumer values • Select and

retain a workforce possessing both virtue and talent • Create an environment of knowledge sharing that prizes respectful challenges from everyone at every level • Award employees with ownership and decision rights based on their comparative advantages and proven contributions, not job title • Motivate all employees to maximize their contributions by structuring incentives so compensation is limited only by the value they create A must-read for any leader, entrepreneur, or student, as well as anyone who wants a more civil, fair, and prosperous society, Good Profit is one of the greatest management books of all time.

*Smart Leadership* - Jonathan Yudelowitz

They are practical and action-oriented, providing instant knowledge for ambitious and hungry professionals who want to make a lasting impression throughout their career. Smart books are designed to give killer approaches to key business subjects, and deliver sound principles in a style that is both informative and has attitude. They are the perfect resource for time-starved, information-hungry business people everywhere!

The 80/20 Individual - Richard Koch 2005-03-15  
A new 21st century individualism is overtaking "corporation-as-king" capitalism, transforming the way we work and live. Today, real power rests in the hands of creative individuals like Bill Gates, Warren Buffett, Oprah Winfrey, and Steven Spielberg, who are changing the world one great idea at a time. In THE 80/20 INDIVIDUAL, Richard Koch reveals the secret of their success: they discovered what they do better than anyone else and rode it for all its

worth. In this inspiring sequel to his classic bestseller THE 80/20 PRINCIPLE, Koch shows how to maximize success in your career and life by using the proven principle that 80 percent of changes in the world result from the most powerful 20 percent of actions and ideas. He'll show how to use your own powerful "20 percent spike" - your most creative ideas and unique skills - to measure the amount of value you bring to your employer, clients or customers. For most people, there is a huge disparity between their intrinsic value and the compensation they receive for their efforts. THE 80/20 INDIVIDUAL shows how to narrow that gap. Drawing from his own success as an entrepreneur, as well as from the stories of scores of companies and individuals who have flourished as a result of an 80/20 mind-set, Koch offers a step-by-step method to remodeling a career or existing business, or creating a new one - one that most benefits you. He provides valuable insights on finding 80/20 partners, hiring 80/20 employees,

and running an 80/20 business. By building a team that supports your efforts and excels in areas where you lack experience or knowledge, you'll be able to focus your time and energy on your strengths. Productivity and profits will soar because you'll be doing what you do best and enjoy the most. By using the 80/20 strategies outlined in the book, you can take control of your career and financial future.

**Seriously Funny** - Barbara Hamby 2010  
Can serious poetry be funny? Chaucer and Shakespeare would say yes, and so do the authors of these 187 poems that address timeless concerns but that also include comic elements. Beginning with the Beats and the New York School and continuing with both marquee-name poets and newcomers, Seriously Funny ranges from poems that are capsized by their own tomfoolery to those that glow with quiet wit to ones in which a laugh erupts in the midst of terrible darkness. Most of the selections were made in the editors' battered compact car,

otherwise known as the Seriously Funny Mobile Unit. During the two years in which Barbara Hamby and David Kirby made their choices, they'd set out with a couple of boxes of books in the back seat, and whoever wasn't driving read to the other. When they found that a poem made both of them think but laugh as well, they earmarked it. Readers will find a true generosity in these poems, an eagerness to share ideas and emotions and also to entertain. The singer Ali Farka Tour said that honey is never good when it's only in one mouth, and the editors of Seriously Funny hope its readers find much to share with others.

Smart Things to Know About, Strategy - Richard Koch 1999-04-15

Few people are inventing strategies that challenge the status quo and even fewer are showing the audacity to implement them. But these few smart people will be big winners.

**The Breakthrough Principle of 16x** - Richard Koch 2006

**Summary: The 80/20 Principle** -

BusinessNews Publishing 2013-02-15

The must-read summary of Richard Koch's book: "The 80/20 Principle: The Secret of Achieving More With Less". This complete summary of the ideas from Richard Koch's book "The 80/20 Principle" shows that 80% of the results in any system will flow from just 20% of the efforts.

Further demonstrating that the key to success is to expand on this 20%, this summary will offer you 10 techniques to do so. Added-value of this summary: • Save time • Understand key concepts • Expand your management skills To learn more, read "The 80/20 Principle" and take advantage of this exceptionally useful paradigm!

80/20 Your Life - Richard Koch 2020-09-15

you Practical advice to help you trade more confidently on the stock market Examples and explanations of successes and failures Convincing reasons why you should manage your own share portfolio

**Simplify** - Richard Koch 2016-04-07

For the past 40 years Richard Koch has wanted to uncover the simple, elemental, elegant and parsimonious principles that are needed to create great new businesses. To qualify, a principle must be so overwhelmingly powerful that anyone can reliably use it towards extraordinary results. Is there any principle that can tell you how to do that consistently and with a high chance of success? Working with venture capitalist Greg Lockwood, his co-author on SUPERCONNECT, and supported by research from the elite firm of OC&C Strategy Consultants, Koch has the answer. The principle Koch and Lockwood have discovered behind extraordinarily successful businesses is simplifying. Some simplify on price - take

Ryanair's budget flights which still take you from A to B, but so cheaply that nearly everyone can afford them, multiplying the size of their market - and some simplify on proposition, such as Apple's decision to cut down on the number of their product lines and focus on perfecting only a few devices. With case studies of famous companies in all different industries from finance to fast food, the authors show how anyone can analyse their business's potential to become a simplifier, and which route they should take to maximise the impact.

The 80/20 Principle - Richard Koch 2012-01-01

Learn the time-tested secret of achieving more with less using the 80/20 Principle. Based on the counter-intuitive fact that 80% of results flow from 20% of causes, it is the guiding principle of highly effective people and organizations.

**Unreasonable Success and How to Achieve It** - Richard Koch 2022-09-15

How do people of seemingly ordinary talent go on to achieve unexpected results? What can we

learn from them? What are the ingredients for unreasonable success and how is it achieved? In this ground-breaking book, bestselling author Richard Koch charts a map of success, identifying the nine key attitudes and strategies that can propel anyone to new heights of accomplishment. The pattern of success is fractal. It is endlessly varied but endlessly similar. Success does not require genius, consistency, all-round ability, a safe pair of hands or even basic competence. If it did, most of the people in this book would not have impacted the world as they did. Who could have predicted that Nelson Mandela, a once-obscure lawyer, could have averted disaster in South Africa, reconciling people of different heritages to each other and establishing a viable democracy? Or that Helena Rubinstein, a young woman growing up in the grotty ghetto of Kraków, could have changed the face of beauty throughout the world? Or that the illegitimate son of a notary would become one of the world's

greatest painters, known universally by his first name, Leonardo? Successful people typically don't plan their success. Instead they develop a unique philosophy or attitude that works for them. They stumble across strategies which are shortcuts to success, and latch onto them. Events hand them opportunities they could not have anticipated. Often their peers with equal or greater talent fail while they succeed. It is too easy to attribute success to inherent, unstoppable genius. With this book, you can embark on a journey towards a new, unreasonably successful future.

**Applied Bioinformatics** - Paul Maria Selzer  
2008-01-18

At last, here is a baseline book for anyone who is confused by cryptic computer programs, algorithms and formulae, but wants to learn about applied bioinformatics. Now, anyone who can operate a PC, standard software and the internet can also learn to understand the biological basis of bioinformatics, of the

existence as well as the source and availability of bioinformatics software, and how to apply these tools and interpret results with confidence. This process is aided by chapters that introduce important aspects of bioinformatics, detailed bioinformatics exercises (including solutions), and to cap it all, a glossary of definitions and terminology relating to bioinformatics.

Superconnect - Richard Koch 2011-08-02

For readers of *Outliers* or *The Wisdom of Crowds* — or internationally bestselling author Richard Koch's many followers — this entertaining book draws on the latest in network science research to show how any of us can increase the chances of success in our personal and work lives. What's so special about the rich and famous? Unusually successful people often think they've done well because of their talent or luck — or simple grit and hard work. But individual characteristics matter far less than the social connections we exploit. And counterintuitively, it's our weak links — your

neighbour's landscaper or that ad agency guy you happened to meet at your sister's birthday party last year — that matter most of all.

Drawing on research from the fields of sociology, math, and physics, internationally bestselling author and entrepreneur Richard Koch and his co-author Greg Lockwood show how networks impact our everyday lives. Rich with entertaining anecdotes and written in Richard Koch's trademark conversational style, *Superconnect* reveals the hidden patterns behind everyday events. Most importantly, it shows how any of us can increase the chances of happy outcomes in our own lives, careers, or businesses.

**The 80/20 Principle, Expanded and Updated**

- Richard Koch 1999-10-19

Be more effective with less effort by learning how to identify and leverage the 80/20 principle: that 80 percent of all our results in business and in life stem from a mere 20 percent of our efforts. The 80/20 principle is one of the great

secrets of highly effective people and organizations. Did you know, for example, that 20 percent of customers account for 80 percent of revenues? That 20 percent of our time accounts for 80 percent of the work we accomplish? The 80/20 Principle shows how we can achieve much more with much less effort, time, and resources, simply by identifying and focusing our efforts on the 20 percent that really counts. Although the 80/20 principle has long influenced today's business world, author Richard Koch reveals how the principle works and shows how we can use it in a systematic and practical way to vastly increase our effectiveness, and improve our careers and our companies. The unspoken corollary to the 80/20 principle is that little of what we spend our time on actually counts. But by concentrating on those things that do, we can unlock the enormous potential of the magic 20 percent, and transform our effectiveness in our jobs, our careers, our businesses, and our lives.

The Financial Times Guide to Strategy - Richard Koch 2021

"The author lays out what quality strategic thinking is, and not in a dry plodding way, but in an exciting, even breathless, way. He points out that business is a war of strategies, where the few good strategies win and laggards fall by the wayside. Resource-based theory, the dominant tautology, provides firm ground on which to build: you will not be successful unless you have some skills or assets that are superior to those of competitors. Whether it is micro-economics, the boundaries of markets, the dynamics of competition or new ideas from biology, mathematics, sociology, psychology, and the science of networks, this book opens the door. Some of the new ideas are well tested and grounded. Other ideas are fertile yet unproven, and others again are frankly snake-oil, complex rearrangements of half-truths to create a fresh but fallacious matrix or methodology that panders to bosses' biases. Some new approaches

are highly practical and can be used by any manager; most are not"--

**The Natural Laws of Business** - Richard Koch 2001

The author of *The 80/20 Principle* reveals the parallels between the laws of nature and the natural laws of business to teach managers and executives how to apply scientific and economic theory to vital business issues. 20,000 first printing.

**The 80/20 Principle** - Richard Koch 2022-01-20  
"READ THIS BOOK AND USE IT." TIM FERRISS  
Millions of highly effective people have become more successful by understanding the simple fact that 80% of your results come from 20% of your efforts. All you have to do is identify the 20 percent that leads to 80 percent. The 80/20 Principle shows you how. Richard Koch's million-copy-selling global bestseller is now completely revised and updated, and more powerful and essential than ever. He reveals how the principle works and shows how to use it in a systematic

and practical way to vastly increase your effectiveness, and improve your career. The unspoken corollary to the 80/20 principle is that little of what you spend your time on actually counts. But by concentrating on those things that do, you can unlock the enormous potential of the magic 20 percent. Discover how to identify the few methods that will lead to great results, and use them alone. Avoid hard work. Don't push water uphill. Be very selective in what you do. Have a great life. 80/20 is the essential tool for anyone who wants to succeed. Be more effective with less effort by learning how to leverage the 80/20 principle.

**The 80/20 Principle the Secret of Achieving More with Less - 20th Anniversary Edition** - Richard Koch 2017-04-07

*The 80/20 Manager* - Richard Koch 2013-10-01  
Bestselling author Richard Koch shows managers how to apply the 80/20 Principle to achieve exceptional results at work -- without

stress or long hours. In his bestselling book *The 80/20 Principle*, Richard Koch showed readers how to put the 80/20 Principle -- the idea that 80 percent of results come from just 20 percent of effort -- into practice in their personal lives. Now in *The 80/20 Manager*, he demonstrates how to apply the principle to management. An 80/20 manager learns to focus only on the issues that really matter, achieving exceptional results, and feeling successful everyday while working less hard in fewer hours. A large number of managers -- especially in these difficult times -- feel completely overwhelmed. Their inboxes are overflowing and they constantly struggle to finish their to-do lists, leaving little time for the things that really matter. *The 80/20 Manager* shows a new way to look at management -- and at life -- to enjoy work and build a successful and fulfilling career.

### **Wake Up & Shake Up Your Company -**

Richard Koch 1993

Is your company worth believing in? The most

successful companies are those who have a purpose shared by all stakeholders, which motivates everyone involved to greater success. This book addresses the individual senior manager and asks him or her to assess both their own motivation and the way their company motivates its people. It then sets about suggesting ways of putting things right and developing a "mission" for their company. Checklists are provided throughout, to aid understanding. This guide aims to help senior managers to answer the following points: how important belief is for them; how important belief is to their company; how to form winning teams and how to develop a mission for their company. It suitable for both senior and middle managers.

[Summary of Richard Koch's The 80/20 Principle by Swift Reads](#) - Swift Reads 2019-06-28

*The 80/20 Principle: The Secret to Achieving More with Less* (first published in 1997, and updated most recently in 2017) by Richard Koch

is a self-help book about how to achieve maximal results from minimal input. The 80/20 Principle states that the universe is imbalanced in such a way that 20 percent of causes lead to 80 percent of results... Purchase this in-depth summary to learn more.

*Managing Without Management* - Richard Koch  
1996

For the first time ever, large firms are losing out to smaller ones. The early 1990s panaceas like empowerment and reengineering are clearly incapable of stopping the rot. What has gone wrong with big business? And how do we put it right? The answer is not that small is beautiful - the problem is that large firms have become far too complicated. They are being strangled by their own management processes. Big business is not too big in terms of revenues, but it is too complex. It has far too many products, divisions and functions, and way too many managers. In this, the year's most provocative business book, two highly experienced international business

consultants argue that the root problem is management itself, and that the solution is to manage without management as a separate activity or set of jobs. The authors hail the emergence of a totally different type of 21st century supercorporation that will be truly global and expand into all parts of the economy. This supercorporation will be quite unlike today's companies, with no headquarters, standardized operations throughout the globe, and very simple structures. The supercorporation will be controlled by customers and information technology and not by managers. "Managing Without Management might well be to business orthodoxy what Luther's 95 theses were to the established religious hierarchy of Christendom. To the defenders of the old management faith, this is a truly radical, unsettling, and heretical document. Indeed all readers are advised to fasten their seatbelts before dipping into this complacency-shattering manifesto". -- James O'Toole, Vice-President, Aspen Institute "Makes

many telling points...managing will change from being a self-perpetuating job to being a value-added activity". -- Carol Kennedy

*Unreasonable Success and How to Achieve It* - Richard Koch 2020-09-22

Can We Map Success? Successful people typically don't plan their success. Instead they develop a unique philosophy or attitude that works for them. They stumble across strategies which are shortcuts to success, and latch onto them. Events hand them opportunities they could not have anticipated. Often their peers with equal or greater talent fail while they succeed. It is too easy to attribute success to inherent, unstoppable genius. Bestselling author and serial entrepreneur Richard Koch charts a map of success, identifying the nine key attitudes and strategies can propel anyone to new heights of accomplishment: Self-belief Olympian Expectations Transforming Experiences One Breakthrough Achievement Make Your Own Trail Find and Drive Your

Personal Vehicle Thrive on Setbacks Acquire Unique Intuition Distort Reality With this book, you can embark on a journey towards a new, unreasonably successful future.

**Living the 80/20 Way, New Edition** - Richard Koch 2011-02-22

Helps the reader to succeed personally as well as professionally, to make a good life as well as a living.

**How to Be Unreasonably Successful** - Richard Koch 2020-08-11

How do people of seemingly ordinary talent go on to achieve unexpected results? What can we learn from them? What are the ingredients for unreasonable success and how is it achieved? In this ground-breaking book, bestselling author Richard Koch charts a map of success, identifying the nine key attitudes and strategies can propel anyone to new heights of accomplishment. The pattern of success is fractal. It is endlessly varied but endlessly similar. Success does not require genius,

The 80/20 Principle and 92 Other Powerful Laws of Nature - Richard Koch 2013-06-06

Insight from science for business success In a brand new Preface, bestselling author Richard Koch describes a paradigm shift in business, whereby intuition is more important than analysis, ideas and product trump strategy, and influence is superior to control. In this essential companion to his bestselling *The 80/20 Principle* - the radical power law that helped thousands of people achieve more by doing less - Koch illuminates 92 other universal principles and laws to promote the science of success in an increasingly challenging business environment. From natural selection to genes and memes, from Newtonian physics to chaos and co-opetition, Koch demonstrates, in both theory and practice, what science can teach business: - Why

growth is much easier to find than sustain - Why co-operating is better than competing - How there are infinite ways to fail, but also multiple ways to succeed

**The 80/20 Principle, Third Edition** - Richard Koch 2011-11-09

Be more effective with less effort by learning how to identify and leverage the 80/20 principle: that 80 percent of all our results in business and in life stem from a mere 20 percent of our efforts. The 80/20 principle is one of the great secrets of highly effective people and organizations. Did you know, for example, that 20 percent of customers account for 80 percent of revenues? That 20 percent of our time accounts for 80 percent of the work we accomplish? The 80/20 Principle shows how we can achieve much more with much less effort, time, and resources, simply by identifying and focusing our efforts on the 20 percent that really counts. Although the 80/20 principle has long influenced today's business world, author

Richard Koch reveals how the principle works and shows how we can use it in a systematic and practical way to vastly increase our effectiveness, and improve our careers and our companies. The unspoken corollary to the 80/20 principle is that little of what we spend our time on actually counts. But by concentrating on those things that do, we can unlock the enormous potential of the magic 20 percent, and transform our effectiveness in our jobs, our careers, our businesses, and our lives.

*The Power Laws* - Richard Koch 2000

"In this fascinating sequel to the bestselling *The 80/20 Principle*, Koch explores the sciences to reveal the powerful patterns and universal principles that can be successfully applied to business today: *The Power Laws*"

**Suicide of the West** - Richard Koch 2006-06-26

A large degree of success in Western civilization can be traced to six principal ideas - Christianity, optimism, science, economic growth, liberalism, and individualism. In theory, a synthesis of these

ideas could provide a way for the West to recover its nerve and integrity. But in practice? This book seeks to find the answer.

*Beyond the 80/20 Principle* - Richard Koch  
2020-08-11

Millions of highly effective people around the world have read Richard Koch's global bestseller THE 80/20 PRINCIPLE and enjoyed a serious advantage in the pursuit of success. Now, BEYOND THE 80/20 PRINCIPLE takes you even further. Including the 80/20 Principle itself - the radical power law that helps you achieve more by doing less - BEYOND THE 80/20 PRINCIPLE reveals 92 more universal scientific principles and laws that will help you achieve personal success in an increasingly challenging business environment. From natural selection to genes and memes, BEYOND THE 80/20 PRINCIPLE demonstrates, in theory and in practice, what science can teach you about business and success. It includes: \* Evolution by Natural Selection \* Business Genes \* Gause's Laws \*

Evolutionary Psychology \* Newton's Laws \* Relativity \* Quantum Mechanics \* Chaos \* Complexity \* The Tipping Point \* Increasing Returns \* Unintended Consequences 'Richard Koch delivers some sharp cross-disciplinary comparisons and knows his onions on both sides of the business/science fence... Koch's feet are firmly on the ground' THE SUNDAY TIMES - Business Book of the Week 'Cogently, entertainingly and often controversially, [Koch] draws parallels between the natural universe and the modern business world. Persevere with Koch's often elegant thought processes and you will look at your business quite differently' ENTERPRISE **Living the 80/20 Way** - Richard Koch 2004 The father of the 80/20 approach to work and living shows readers how to apply his plan to the pursuit of a balanced life, urging readers to focus on lifestyle and focus on what they do well in order to become successful. Original. Simply Strategy - Richard Koch 2006
