Jiambalvo Managerial Accounting - James Jiambalvo 2001

Ask a Manager - Alison Green 2018-05-01

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of The No Asshole Rule and The Asshole Survival Guide "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of Broke Millennial: Stop Scraping By and Get Your Financial Life Together

Financial Accounting - Paul D. Kimmel 2009-08-17

Decision-Making in Management - Kesra Nermend 2021-08-10

Making important business decisions is usually a difficult and complicated task. In the modern economy where businesses have to solve increasingly complex decision-making problems, it is important to learn and use methods and techniques including the analysis of behavioral data to support decision-making in practice. This book presents various methods and solutions to problems in modern data acquisition techniques and practical aspects of decision making. In particular, it addresses such important issues as: business decision making, multi-criteria decision analysis (MCDA), multidimensional comparative analysis (MCA), decision games and data acquisition techniques for decision making (declarative techniques and cognitive neuroscience techniques). Important topics such as consumers' rational behavior, environmental management accounting, operational research methods, neuroscience including epigenetics, DEA analysis etc., as well as case studies related to decision making in management are also included.

Finance for Non-Financial Managers - Gene Siciliano 2003-05-16

Financial reports speak their own language, and managers without a strong finance background often find themselves bewildered by what is being said. Finance for NonFinancial Managers helps managers become familiar with essential financial information, showing them how to "speak the language of numbers" and

implement financial data in their daily business decisions. In addition, it clarifies how and why financial decisions impact business and operational objectives.

Management Accounting - Hugh Coombs 2005-08-27

By adopting a new approach to helping students understand how management accounting contributes to decisions in a variety of organizational contexts, this textbook sets out clear explanations of practical management accounting techniques - in the context of the application of these techniques to decisions. Uniquely, the book examines the analytical and critical issues that often influence decision makers operating within private and public sector organizations. It is supported by case studies of varying complexity that will allow students to work at their own level and also includes summaries.

Accounting for Decision Making and Control - Jerold L. Zimmerman 2019

Revised edition of the author's Accounting for decision making and control, [2017]

Financial Accounting for Decision Makers - Peter Atrill 2016-03-01

Were you looking for the book with access to MyAccountingLab? This product is the book alone and does NOT come with access to MyAccountingLab. Buy Financial Accounting for Decision Makers, 8th edition with MyAccountingLab access card (ISBN 9781292099132) if you need access to MyAccountingLab as well, and save money on this resource. You will also need a course ID from your instructor to access MyAccountingLab. With a comprehensive and accessible introduction to the subject, Financial Accounting for Decision Makers focuses on the ways in which financial statements and information can be used to improve the quality of decision making. The practical emphasis throughout the book ensures the material is always relevant, whilst the authors' style of introducing topics gradually and explaining technical terminology in a clear, friendly style caters for all students, whether on specialist accounting or non-specialist business degrees.

Accounting for Managers - Paul M. Collier 2003-09-12

Accounting for Managers explains how accounting information is used by non-financial managers. The book emphasises the interpretation, rather than the construction, of accounting information and encourages a critical, rather than unthinking acceptance, of the underlying assumptions behind accounting. It links theory with practical examples and case studies drawn from real life business situations in service, retail and manufacturing industries.
