Business Ethics and Values - Colin M. Fisher 2006
"Business Ethics and Values" introduces students to the complexities and principles of ethical issues by focusing on developing ethical awareness and the ability to argue business ethics matters. A proven resource, the second edition of this text continues to present a successful blend of concrete issues and academic theory, suitable for undergraduate and postgraduate students with or without practical experience of the world of organisations. It gives as much importance to individual conscience at work as it does to socially responsible behaviour at the corporate level and within the global business world. Hallmark features: Broad coverage of the many issues in this subject ensures that students see the whole picture. The use of real-world case studies and simulations helps to stimulate debate and appreciate the multi-faceted aspects of ethical arguments. New to this edition: New material on the ethics of e-communication, sustainability and the ethical impact of globalisation ensures that students are learning from the most up-to-date material available. Further analysis of Anglo-American approaches to corporate governance and their ethical underpinnings. Short test and assignment questions at the end of each chapter help students to consolidate their learning. More simulation exercises and activities give students the opportunity to reflect on their attitudes to this engaging subject. A well-developed supplements package to support tutors and students includes an instructor's manual, PowerPoint slides and a companion website. Colin Fisher is Professorof Managerial Ethics and Values, Nottingham Business School, Nottingham Trent University. Alan Lovell is Professor of Organisational Accountability and Head of the Department of Accounting, Finance & Economics, Nottingham Business School, Nottingham Trent University.

Business Ethics - Joseph W. Weiss 2014-07-04
Ethics for Today This is a pragmatic, hands - on, up - to - date guide to determining right and wrong in the business world. Joseph Weiss integrates a stakeholder perspective with an issues - oriented approach so students look at how a business's actions affect not just share price and profit but the well - being of employees, customers, suppliers, the local community, the larger society, other nations, and the environment. Weiss uses a wealth of contemporary examples, including twenty - three customized cases that immerse students directly in recent business ethics dilemmas and ask them to consider how they would resolve them. The recent economic collapse raised ethical issues that have yet to be resolved - there could not be a better time for a fully updated edition of Weiss's classic, accessible blend of theory and practice. New to the Sixth Edition! New Cases! Fourteen of the twenty - three cases in this book are brand new to this edition. They touch on issues such as cyberbullying, fracking, neuromarketing, and for - profit education and involve institutions like Goldman Sachs, Google, Kaiser Permanente, Walmart, Ford, and Facebook. Updated Throughout! The text has been updated with the latest research, including new national ethics survey data, perspectives on generational differences, and global and international issues. Each chapter includes recent business press stories touching on ethical issues. New Feature! Several chapters now feature a unique Point/Counterpoint exercise that challenges students to argue both sides of a contemporary issue, such as too - big - to - fail institutions, the Boston bomber Rolling Stone cover, student loan debt, online file sharing, and questions raised by social media.

Sustainability and Design Ethics - Tom Russ 2010-03-25
From microcosm to macrocosm, ecodesign, green design, environmental design, and triple bottom line are quickly becoming more than just catchy phrases that describe touchy-feely trends. Increases in climate uncertainty and energy costs as well as food, water, and services insecurity are just a few of the challenges driving the growing demand for sus

Business Ethics: A Textbook with Cases - William H. Shaw 2016-01-01
BUSINESS ETHICS, 9th Edition is a comprehensive and practical guide that will help you with real life ethical issues that rise in the business world. It will assist you through the process of developing the critical thinking and analytical skills needed to successfully navigate the unique set of problems that emerge when ethics and commerce collide. This book focuses on key ethical concepts and emphasizes the real world importance of critical topics such as the nature of morality, major theories of ethics and economic justice, and competing views of capitalism and corporate responsibility. It is thorough, flexible, and designed to bolster student involvement with the material for better comprehension and understanding. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Social and Personal Ethics - William H. Shaw 2014
SOCIAL AND PERSONAL ETHICS provides students with a sound introduction to ethical theory and contemporary moral issues through engaging readings on today's most hotly debated topics. Among other topics, coverage includes environmental ethics and animal rights, the limits of personal liberty, war and the struggle against terrorism, marriage and sexual morality, the death penalty, gun control, and abortion and euthanasia. The volume begins with two introductory essays written for beginning students by the editor, William H. Shaw, on the nature of morality and competing normative theories. These are followed by five other essays on ethical theory by classical and contemporary authors. The book's next 12 sections explore a wide-range of real-world ethical issues. In all, the book is composed of 53 articles (11 of which are new to this edition). To ensure that the text is as accessible as it is relevant, Shaw has edited every article with an eye toward readability, provided introductions and study questions before the essays, as well as review and discussion questions after them, and highlighted key passages to help students focus on important points and concepts.
Business Ethics - Stephen M. Byars 2018-09-24

Case Studies in Organizational Communication - Steve May 2012-01-20
The Second Edition of Case Studies in Organizational Communication: Ethical Perspectives and Practices, by Dr. Steve May, integrates ethical theory and practice to help strengthen readers' awareness, judgment, and action in organizations by exploring ethical dilemmas in a diverse range of well-known business cases.
The Myth of the Ethical Consumer Hardback with DVD - Timothy M. Devinney 2010-07-29
A no-holds-barred examination of 'ethical' consumerism.
Business Education and Ethics: Concepts, Methodologies, Tools, and Applications - Management Association, Information Resources 2017-07-13
In the increasingly competitive corporate sector, organizational leaders must examine their current practices to ensure business success. This can be accomplished by implementing effective educational initiatives and upholding proper ethical behavior. Business Education and Ethics: Concepts, Methodologies, Tools, and Applications is a comprehensive source of academic knowledge that contains coverage on the latest learning and educational strategies for corporate environments, as well as the role of ethics and

integrity in day-to-day business endeavors. Including a broad range of perspectives on topics such as globalization, organizational justice, and cyber ethics, this multi-volume book is ideally designed for managers, practitioners, students, professionals, and researchers actively involved in the corporate sector.

Understanding World Religions - David Whitten Smith 2014-08-21
Understanding World Religions introduces students to major worldviews—including Hindu, Buddhist, Muslim, Jewish, Christian, Native American, and Marxist—through the lens of justice and peace. The second edition has been updated and revised throughout. After an introduction to key themes in studying world religion, chapters help students explore major traditions today. Each chapter takes a similar approach, examining several dimensions of each tradition—experiential and emotional, social and institutional, narrative or mythic, doctrinal and philosophical, practical and ritual, and ethical and legal. Chapters feature profiles of major peacemakers or groups to bring the traditions to life. Profiles range from Gandhi and Martin Luther King to Thich Nhat Hanh and Dorothy Day. Further chapters explore liberation theologies, active nonviolence, and just war theory. The second edition features a broader framework than the first edition and includes new material on non-religious ethical norms, Islamophobia, colonial evangelization, religion in China, and an updated examination of the Israel-Palestine conflict.
Understanding World Religions remains a powerful introduction to major worldviews with an emphasis on practical connections to peace and justice.

Accounting for the Public Interest - Steven Mintz 2013-10-04
This volume explores the opportunities and challenges facing the accounting profession in an increasingly globalized business and financial reporting environment. It looks back at past experiences of the profession in attempting to meet its public interest obligation. It examines the role and responsibilities of accounting to society including regulatory requirements, increased emphasis on corporate social responsibility, accounting fraud and whistle-blowing implications, internationalization of public interest obligations, and providing the education needed to be successful. The book incorporates an ethical dimension in making these assessments. Its focus is a conceptual, theoretical one drawing on classical philosophy, the sociology of professions, economic theory, and the public interest dimension of accountants as professionals. The authors of papers are long-time contributors to the annual symposium on Research in Accounting Ethics sponsored by the Public Interest Section of the AAA.

Ethical Issues in Business - Thomas Donaldson 1983

Moral Issues in Business - William H. Shaw 2015-01-01
MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Varcarolis' Foundations of Psychiatric Mental Health Nursing - Margaret Jordan Halter 2014

The Wiley Blackwell Handbook of the Psychology of the Internet at Work - Guido Hertel 2017-11-13
This authoritative Wiley Blackwell Handbook in Organizational Psychology focuses on individual and organizational applications of Internet-enabled technologies within the workplace. The editors have drawn on their collective experience in collating thematically structured material from leading writers based in the US, Europe, and Asia Pacific. Coinciding with the growing international interest in the application of psychology to organizations, the work offers a unique depth of analysis from an explicitly psychological perspective. Each chapter includes a detailed literature review that offers academics, researchers, scientist-practitioners, and students an invaluable frame of reference. Coverage is built around competencies set forth by regulatory agencies including the APA and BPS, and includes E-Recruiting, E-Leadership, and E-Learning; virtual teams; cyberloafing; ergonomics of human-computer interaction at work; permanent accessibility and work-life balance; and trust in online environments.

Social and Personal Ethics - William H. Shaw 1996
provides students with a sound introduction to contemporary ethics. It combines well-established classical readings with new, previously unreleased essays by modern philosophers. Contains an opening section on ethical theory.

Handbook of Research on Teaching Ethics in Business and Management Education - Wankel, Charles 2011-12-31
"This book is an examination of the inattention of business schools to moral education, addressing lessons learned from the most recent business corruption scandals and financial crises, and also questioning what we're teaching now and what should be considering in educating future business leaders to cope with the challenges of leading with integrity in the global environment"--Provided by publisher.

Philosophy of Leisure - Johan Bouwer 2017-02-17
What is leisure? How does leisure relate to leading a good life? This critical and intelligent study interrogates the basic principles of leisure and demonstrates the continuing relevance of these questions for our society today. It not only explores the traditional philosophical concepts at the heart of leisure studies, but also pursues new possibilities for reconceptualising leisure that have emerged from recent developments in society, technology and the broader discipline of philosophy itself. Approaching leisure from a philosophically inquisitive perspective, the book argues that leisure revolves around the pursuit of happiness, human flourishing and well-being, making it both a state of mind and a state of being. Its exploration of the meaning of leisure addresses key issues such as identity, ethics, spirituality, human experience, freedom, technology, embodiment, well-being, the fundamental properties of leisure and the challenge of offering a meaningful definition. Revitalising the subject of leisure studies with its originality, Philosophy of Leisure: Foundations of the Good Life is fascinating reading for all students and scholars of leisure studies, philosophy, sociology, psychology and ethics.

International Law - Phillip R. Trimble 2002
The focus of this law school casebook is on constitutional law as it relates to the conduct of foreign relations, primarily with that subfield dealing with the "separation of powers." Foreign relations law refers to the rules, principles, practices and procedures which structure the formation and execution of U.S. foreign policy, including it's participation in international law and institutions.

Getting Started in Your Educational Research - Clive Opie 2019-04-08
A one-stop shop for anyone undertaking educational research for the first time, this text focuses on the development and application of key skills necessary for successful research. Packed with useful exercises, checklists and case studies, this book will allow the reader to apply their skills across a range of essays, presentations and reports. Using digestible language to explain complex terminology and processes simply, the authors explore working with and presenting data and the software options available to students, including NVivo, SPSS and Excel. The text will help students to: Understand the language of educational research Frame their research questions and design their research Judge the quality of educational research Explore and justify research approaches and procedures (methods) Analyse and present their data

Public Relations Ethics - Dick Martin 2015-11-24
This book represents a practical guide to ethical decision-making tailored specifically to the needs of those who practice and study public relations. It traces the development of ethical theory from ancient Greece

through the works of Socrates, Plato, and Aristotle to modern day public relations executives including Harold Burson, Robert Dilenschneider, and Richard Edelman. This book helps readers build personal frameworks for ethical reasoning that will enable them not only to recognize the ethical issues at play in public relations practice but also to analyze the conflicting duties and loyalties in these situations. This volume fills a gap in the currently available books on the subject, most of which either lack theoretical grounding or practical application. Illustrative cases used in this book span a wide range of public relations functions. To update readers on issues discussed in this book, the authors have started an online conversation. Please join the discussion at Updates.PRethics.com.

Introduction to Information Systems - R. Kelly Rainer 2008-01-09
WHATS IN IT FOR ME? Information technology lives all around us-in how we communicate, how we do business, how we shop, and how we learn. Smart phones, iPods, PDAs, and wireless devices dominate our lives, and yet it's all too easy for students to take information technology for granted. Rainer and Turban's Introduction to Information Systems, 2nd edition helps make Information Technology come alive in the classroom. This text takes students where IT lives-in today's businesses and in our daily lives while helping students understand how valuable information technology is to their future careers. The new edition provides concise and accessible coverage of core IT topics while connecting these topics to Accounting, Finance, Marketing, Management, Human resources, and Operations, so students can discover how critical IT is to each functional area and every business. Also available with this edition is WileyPLUS - a powerful online tool that provides instructors and students with an integrated suite of teaching and learning resources in one easy-to-use website. The WileyPLUS course for Introduction to Information Systems, 2nd edition includes animated tutorials in Microsoft Office 2007, with iPod content and podcasts of chapter summaries provided by author Kelly Rainer.

The Adult Learner - Malcolm S. Knowles 2020-12-21
How do you tailor education to the learning needs of adults? Do they learn differently from children? How does their life experience inform their learning processes? These were the questions at the heart of Malcolm Knowles' pioneering theory of andragogy which transformed education theory in the 1970s. The resulting principles of a self-directed, experiential, problem-centred approach to learning have been hugely influential and are still the basis of the learning practices we use today. Understanding these principles is the cornerstone of increasing motivation and enabling adult learners to achieve. The 9th edition of The Adult Learner has been revised to include: Updates to the book to reflect the very latest advancements in the field. The addition of two new chapters on diversity and inclusion in adult learning, and andragogy and the online adult learner. An updated supporting website. This website for the 9th edition of The Adult Learner will provide basic instructor aids. For each chapter, there will be a PowerPoint presentation, learning exercises, and added study questions. Revisions throughout to make it more readable and relevant to your practices. If you are a researcher, practitioner, or student in education, an adult learning practitioner, training manager, or involved in human resource development, this is the definitive book in adult learning you should not be without.

The British National Bibliography - Arthur James Wells 2009

Business Law I Essentials - MIRANDE. DE ASSIS VALBRUNE (RENEE. CARDELL, SUZANNE.) 2019-09-27
A less-expensive grayscale paperback version is available. Search for ISBN 9781680923018. Business Law I Essentials is a brief introductory textbook designed to meet the scope and sequence requirements of courses on Business Law or the Legal Environment of Business. The concepts are presented in a streamlined manner, and cover the key concepts necessary to establish a strong foundation in the subject. The textbook follows a traditional approach to the study of business law. Each chapter contains learning objectives, explanatory narrative and concepts, references for further reading, and end-of-chapter questions. Business Law I Essentials may need to be supplemented with additional content, cases, or related materials, and is offered as a foundational resource that focuses on the baseline concepts, issues, and approaches.

Business Ethics - Patrick O'Sullivan 2012

A series of high-profile events in recent years have highlighted the growing need to cover ethical issues in international business and raise awareness of the responsibilities that need to be integrated into all levels and all subjects. Utilising the knowledge from a wide selection of expert contributors and illuminated by a case study for each chapter, this comprehensive volume makes a compelling case for business ethics to become an integrated consideration across the business disciplines, rather than an afterthought in the curriculum.

Human Rights and Ethics: Concepts, Methodologies, Tools, and Applications - Management Association, Information Resources 2014-09-30
In today's increasingly interconnected and global society, the protection of basic liberties is an important consideration in public policy and international relations. Profitable social interactions can begin only when a foundation of trust has been laid between two parties. Human Rights and Ethics: Concepts, Methodologies, Tools, and Applications considers some of the most important issues in the ethics of human interaction, whether in business, politics, or science and technology. Covering issues such as cybercrime, bioethics, medical care, and corporate leadership, this four-volume reference work will serve as a crucial resource for leaders, innovators, educators, and other personnel living and working in the modern world.

Information Assurance and Security Ethics in Complex Systems: Interdisciplinary Perspectives - Dark, Melissa Jane 2010-08-31
Information Assurance and Security Ethics in Complex Systems: Interdisciplinary Perspectives offers insight into social and ethical challenges presented by modern technology. Aimed at students and practitioners in the rapidly growing field of information assurance and security, this book address issues of privacy, access, safety, liability and reliability in a manner that asks readers to think about how the social context is shaping technology and how technology is shaping social context and, in so doing, to rethink conceptual boundaries.

Ethics for A-Level - Mark Dimmock 2017-07-31
What does pleasure have to do with morality? What role, if any, should intuition have in the formation of moral theory? If something is 'simulated', can it be immoral? This accessible and wide-ranging textbook explores these questions and many more. Key ideas in the fields of normative ethics, metaethics and applied ethics are explained rigorously and systematically, with a vivid writing style that enlivens the topics with energy and wit. Individual theories are discussed in detail in the first part of the book, before these positions are applied to a wide range of contemporary situations including business ethics, sexual ethics, and the acceptability of eating animals. A wealth of real-life examples, set out with depth and care, illuminate the complexities of different ethical approaches while conveying their modern-day relevance. This concise and highly engaging resource is tailored to the Ethics components of AQA Philosophy and OCR Religious Studies, with a clear and practical layout that includes end-of-chapter summaries, key terms, and common mistakes to avoid. It should also be of practical use for those teaching Philosophy as part of the International Baccalaureate. Ethics for A-Level is of particular value to students and teachers, but Fisher and Dimmock's precise and scholarly approach will appeal to anyone seeking a rigorous and lively introduction to the challenging subject of ethics. Tailored to the Ethics components of AQA Philosophy and OCR Religious Studies.

Cyber Crime: Concepts, Methodologies, Tools and Applications - Management Association, Information Resources 2011-11-30
Threatening the safety of individuals, computers, and entire networks, cyber crime attacks vary in severity and type. Studying this continually evolving discipline involves not only understanding different types of attacks, which range from identity theft to cyberwarfare, but also identifying methods for their prevention. Cyber Crime: Concepts, Methodologies, Tools and Applications is a three-volume reference that explores all aspects of computer-based crime and threats, offering solutions and best practices from experts in software development, information security, and law. As cyber crime continues to change and new types of threats emerge, research focuses on developing a critical understanding of different types of attacks and how they can best be managed and eliminated.

International Law - Malcolm N. Shaw 2017-09-14
The definitive and authoritative international law text, updated to reflect key case law, international

practice and treaty developments.

Management 9e - Angelo Kinicki 2019-03-21

Public Health Policy and Ethics - Michael Boylan 2006-05-17
Public Health Policy and Ethics brings together philosophers and practitioners to address the foundations and principles upon which public health policy may be advanced. What is the basis that justifies public health in the first place? Why should individuals be disadvantaged for the sake of the group? How do policy concerns and clinical practice work together and work against each other? Can the boundaries of public health be extended to include social ills that are amenable to group-dynamic solutions? These are some of the crucial questions that form the core of this volume of original essays sure to cause practitioners to engage in a critical re-evaluation of the role of ethics in public health policy. This volume is unique because of its philosophical approach. It develops a theoretical basis for public health and then examines cutting-edge issues of practice that include social and political issues of public health. In this way the book extends the usual purview of public health. Public Health Policy and Ethics is of interest to those working in public health policy, ethics and social philosophy. It may be used as a textbook for courses on public health policy and ethics, medical ethics, social philosophy and applied or public philosophy.

Sustainability and Design Ethics, Second Edition - Jean Russ 2018-11-12
Sustainability as a concept remains just as challenging and important today as it was when the first edition of this book was published. The Second Edition of Sustainability and Design Ethics explores the ethical obligations of knowledgeable people such as design professionals, taking into consideration the numerous changes that have taken place in recent years. This book expands the growing discussion on the principles of sustainability to further include the role of businesses and governments and considers the general recognition that modern society has occurred at the expense of nature with significant social and environmental impacts. Are there limits to the individual's ethical obligation? How do such obligations change or adapt to a world of sustainable design? As the shift toward sustainability proceeds, designers' ethical underpinnings will be confronted with a wider range of people and concerns whose interests must be weighed. The design professionals are likely to be among the lead in the shift toward sustainability because of the special knowledge and expertise provided to them by their education, experience, and distinctive position in society. The entire world of design is being reassessed and the guiding principles and ethics of design reflect this change. New to the Second Edition: Expanded international scope that includes a comparison of professional organizations in the EU, Australia, Canada, Japan and China Discusses how cultural differences between the West and China result in different underlying foundations for professional ethics Revised analyses to reflect changes in regulatory and technical areas such as the inevitable rise of artificial intelligence in design Updated arguments reflecting the need for sustainability and the designer's role and obligations Updated references pertaining to the progress of sustainable design and development Sustainability and Design Ethics, Second Edition is an attempt to explore the ideas and principles that might contribute to the thinking of thoughtful design professionals. The emergence of "green" design discussed in this book is used to evidence progress, but also to demonstrate the degree to which more is needed.

Islamic Business Administration - Minwir Al-Shammari 2020-03-13
This essential textbook provides a comprehensive introduction to the Islamic business environment, exploring core concepts and practices in business administration from an Islamic perspective. Thorough and accessible, it covers the full range of Islamic business, including entrepreneurship, ethics, organizational culture, marketing, finance and decision making. Taking an integrated approach that aligns contemporary business practice with traditional Islamic literature, the book offers an engaging exploration of the key ways in which business activities can be organised to align with Islamic norms, rules and regulation. Developed from the teaching practice of an international range of leading scholars in the field, Islamic Business Administration includes topical case studies, practical business scenarios and comparative features, encouraging students to place their understanding of Islamic business within the wider global business context and to understand its practical implementation. This is an invaluable companion for students studying a module in Islamic business or management at undergraduate, postgraduate and MBA level. It is also suitable for students of Islamic finance or banking looking to place their learning in the wider context of Islamic business.

Law Enforcement Ethics - Brian D. Fitch 2013-03-22
Law Enforcement Ethics: Classic and Contemporary Issues for the New Millennium covers many of the important facets of law enforcement ethics, including the selection, training, and supervision of officers. Editor Brian D. Fitch brings together the works of a diverse task force with a vested interested in reducing officer misconduct—including law enforcement scholars, educators, and practitioners from a variety of disciplines—to present a comprehensive look at this critical subject that is gaining more attention in agencies and in the media today. The text covers topics on the roles of culture, environment, social learning, policy, and reward systems as they pertain to law enforcement ethics, as well as the ethics of force, interrogations, marginality, and racial profiling. This volume also covers several unique aspects of ethics, such as the role of Post-Traumatic Stress Disorder in misconduct (PTSD), cheating during law enforcement promotional practices, off-duty misconduct, and best practices in developing countries.

Object-Oriented and Classical Software Engineering - Stephen R. Schach 2001-11
Classical and Object-Oriented Software Engineering, 5/e is designed for an introductory software engineering course. This book provides an excellent introduction to software engineering fundamentals, covering both traditional and object-oriented techniques.Schach's unique organization and style makes it excellent for use in a classroom setting. It presents the underlying software engineering theory in Part I and follows it up with the more practical life-cycle material in Part II. Many software engineering books are more like reference books, which do not provide the appropriate fundamentals before inundating students with implementation details.In this edition, more practical material has been added to help students understand how to use what they are learning. This has been done through the use of "How To" boxes and greater implementation detail in the case study. Additionally, the new edition contains the references to the most current literature and includes an overview of extreme programmming.The website in this edition will be more extensive. It will include Solutions, PowerPoints that incorporate lecture notes, newly developed self-quiz questions, and source code for the term project and case study.

Markets, Ethics, and Business Ethics - Steve Scalet 2013-09-25
Promotes a deeper understanding of markets, corporate responsibility and business ethics Markets, Ethics, and Business Ethics provides an introductory discussion on basic, challenging concepts of business ethics: markets, property rights, law, and corporations.This title presents a balance of institutional perspectives and the concrete decisions people make within those institutions. The text studies the rules and incentives of a business system as well as the ethical decisions that people confront within their roles as consumers, investors, managers, owners, employees, and citizens. MySearchLab is a part of the Scalet program. Research and writing tools, including access to academic journals, help students explore ethics in even greater depth. To provide students with flexibility, students can download the eText to a tablet using the free Pearson eText app. Learning Goals Upon completing this book, readers should be able to: Assess arguments that respond to each other by either criticizing what has gone before or by developing themes in alternative ways.Recog Debate any given topic by considering the structure of the best competing arguments for any given position Critically assess leading controversies in business ethics NOTE: MySearchLab does not come automatically packaged with this text. To purchase the text with MySearchLab, order the package ISBN: 0205887759 / 9780205887750 Markets, Ethics, and Business Ethics Plus MySearchLab with eText -- Access Card Package Package consists of: 0205239927 / 9780205239924 MySearchLab with Pearson eText -- Valuepack Access Card 0205785840 / 9780205785841 Markets, Ethics, and Business Ethics
