After assaulting Malone, Challenger reveals his discovery of dinosaurs in South America. Having been ridiculed for years, he invites Malone on a trip to prove his story, along with Professor Summerlee and Lord John Roxton, an adventurer who knows the Amazon and several years prior to the events of the book helped end slavery by robber barons in South America. They reach the plateau with the aid of Indian guides, who are superstitiously scared of the area. One of these Indians, Gomez, is the brother of a man that Roxton killed the last time he was in South America. When the expedition manages to get onto the plateau, Gomez destroys their bridge, trapping them. Their "devoted negro" Zambo remains at the base, but

**Art of Fernando Carcupino** - 2019-07

This is the third volume in the Sex and Horror series, which celebrates the publishing craze known as "fumetti sexy: " Italian adult comics and cartoons with a unique take on such genres as horror, crime, fantasy, history, and fairy tales. Their huge success in the 1960s and '70s was due in part to their uninhibited mix of twisted humor, gory violence, and up-front eroticism, but the element that makes them so collectable today is their technicolor cover illustrations, rendered by classically trained painters. This book focuses on the work of Fernando Carcupino, famed not just for his comic work but his pinups, as well.

Here is the love story of a beautiful Irish girl who rode horses like an Arizona cowboy, whose hair was red as flame, and whose lover was an English gentleman. But then, there was the Spaniard, too! Hot-headed, he was, passionate and lawless as a Tartar. Needless to say the story takes some startling turns. The end is surprising. And the satisfying conclusion it all comes to is this, that the eternal feminine still responds to courage in the male.
