We Want to Do More Than Survive - Bettina L. Love 2019-02-19

Winner of the 2020 Society of Professors of Education Outstanding Book Award Drawing on personal stories, research, and historical events, an esteemed educator offers a vision of educational justice inspired by the rebellious spirit and methods of abolitionists. Drawing on her life's work of teaching and researching in urban schools, Bettina Love persuasively argues that educators must teach students about racial violence, oppression, and how to make sustainable change in their communities through radical civic initiatives and movements. She argues that the US educational system is maintained by and profits from the suffering of children of color. Instead of trying to repair a flawed system, educational reformers offer survival tactics in the forms of test-taking skills, acronyms, grit labs, and character education, which Love calls the educational survival complex. To dismantle the educational survival complex and to achieve educational freedom—not merely reform—teachers, parents, and community leaders must approach education with the imagination, determination, boldness, and urgency of an abolitionist. Following in the tradition of activists like Ella Baker, Bayard Rustin, and Fannie Lou Hamer, *We Want to Do More Than Survive* introduces an alternative to traditional modes of educational reform and expands our ideas of civic engagement and intersectional justice.

Risky Behavior among Youths - Jonathan Gruber 2009-02-15

Every day young people engage in risky behaviors that affect not only their immediate well-being but their long-term health and safety. These well-honed essays apply diverse economic analyses to a wide range of unsafe activities, including teen drinking and driving, smoking, drug use, unprotected sex, and criminal activity. Economic principles are further applied to mental health and performance issues such as teenage depression, suicide, nutritional disorders, and high school dropout rates. Together, the essays yield notable findings: price and regulatory incentives are critical determinants of high-risk behavior, suggesting that youths do apply some sort of cost/benefit calculation when making decisions; the macroeconomic environment in which those decisions are made matters greatly; and youths who pursue high-risk behaviors are significantly more likely to engage in similar behaviors as adults. This important volume provides both a key data source for public policy makers and a clear affirmation of the usefulness of economic analysis to our understanding of risky behavior.

Faith Hounds - William N. Mitchell 2022-05-27

We are all in pursuit of something. *Faith Hounds: A Relentless Pursuit* shows what we should pursue and, even more, how to get it. The number one issue people seem to have with the concept of faith is that they think it is ineffective. The common phrase is, "Well I tried to believe, but it did not work." By using biblically backed truths, this book goes into detail on what God says about pursuing him and his promises, walking the reader through the process of when they first set their hearts to ask God for something until it finally shows in their life, while also addressing the possible hindrances that could be stopping them from seeing their answer. If you or someone you know is tired of seeing nothing come from praying or has completely abandoned the concept of God and faith, give this book a read. It will change your world and set a fire in your belly to be a relentless faith hound and pursue everything the Lord has for you.

Youth Without Family to Lean On - Moshe Israelashvili 2022-08

Youth Without Family to Lean On draws together interdisciplinary, global perspectives to provide a comprehensive review of the characteristics, dynamics, and development of youth (aged 15-25) who have no family to lean on, either practically or psychologically. In this timely volume, Mozes and Israelashvili bring together leading international experts to present updated knowledge, information on existing interventions, and unanswered questions in relation to youth without family to lean on, in pursuit of fostering these youth's positive development. The various chapters in this book include discussions on different topics such as social support, developing a sense of belonging, parental involvement, and internalized vs. externalized problems; on populations, including homeless youth, residential care-leavers, refugees, asylum-seekers, young women coming from vulnerable families, and school dropouts; and interventions to promote these youths' mentoring relationships, labor market attainment, out-of-home living placements, use of IT communication, and participation in community-based programs. Additionally, various problems and challenges are presented and elaborated on, such as: Who needs support? Who is qualified to provide support? How should related interventions be developed? The book takes a preventive approach and aims to emphasize steps that can be taken in order to promote young people's positive development in spite of the absence of a family to rely on in their life and examines the best practices in this context, as well as the international lessons that deserve further dissemination and exploration. This book is essential reading for those in psychology, sociology, public health, social work, law, criminology, public policy, economics, and education and is highly enriching for scholars and practitioners, as well as higher education students, who wish to understand and help the gradually increasing number of youth who are forced, too early, to manage their life alone.

The Pursuit of God in the Company of Friends - Richard C. Lamb, Jr. 2010-03-05

You were not meant to walk alone. Many of us struggle to forge deep relationships with God and other people. Modern society has isolated us as rugged individuals, deceiving us into thinking we can make it through life on our own. Individualism has likewise shaped the pattern of Christian discipleship, privatizing faith and separating us from fellow believers. But we come to know God best when others help us on the way. And our friendships develop best when we seek after God together. What would it look like to pursue God not by ourselves but in the company of friends? According to the model of the New Testament, spiritual transformation takes place in the context of Christian community. By unpacking the Gospel narratives of Jesus' ministry with his disciples, Richard Lamb demonstrates how discipleship develops within the shared community life of groups of Christians. He explores a range of topics--such as spiritual friendship, hospitality, leadership, service, conflict, forgiveness and mission--in light of Christian community. Engaging stories from real-life experience show how people can form one another spiritually when their lives are tumbled against one another. If you long for more of God, deeper friendships or both, this book will help you on the journey. Discover the transforming power of discipleship in community. Join the pursuit of God in the company of friends.

Feminist Theory in Pursuit of the Public - R. Goodman 2010-09-27

Feminist Theory in Pursuit of the Public argues that feminism needs to develop a theory of the public. It responds to a moment when feminism's impetus to reconstitute the private sphere left a huge gap in its political thinking on the public. This inattention to the public is particularly worrisome now when the nation-state and its publics seem to have diminishing power and compromised democratic agency. The waning of power in the public sphere diminishes the influence that citizens can have in deciding on the conditions of life, and therefore minimizes the changes that feminists can envision or enact in the social field to work towards equality, access, deliberation, participation, just distribution, rights, and authority for women.

Jesus Centered Youth Ministry: Guide for Volunteers - Rick

Lawrence 2014-12-08

If you're a volunteer in youth ministry, you've likely wondered: "How did I get here?" No matter how you'd normally answer, one thing's for sure: You're "here" because Jesus nudged or maybe even dragged you here. That's because Jesus loves you and loves teenagers, and he wants them to get what you have to give. But how do you maximize your time with them? And how can you make an impact that draws students into a closer orbit around Jesus? When you're captured by the "real" Jesus, not the "knockoff" Jesus we often hear about in our culture, then your pursuit of him influences your kids' pursuit of him. And when you're all-in with the real Jesus, you have lasting impact in your interactions with students. This guide for volunteers is a condensed version of Rick Lawrence's wildly successful book *Jesus-Centered Youth Ministry*. It delivers a laser-sharp focus on why we need a renewed focus on Jesus in youth ministry, and gives you practical, sustainable ways to put JCYM ideas into practice. You'll encounter page after page of field-tested ideas for crafting and nurturing a Jesus-magnetic ministry environment. Help satisfy your teenagers' hunger for Jesus by helping to shift the orbit of your ministry.

Youth, Sexuality and Sexual Citizenship - Peter Aggleton 2018-10-23

Sexual citizenship is a powerful concept associated with debates about recognition and exclusion, agency, respect and accountability. For young people in general and for gender and sexually diverse youth in particular, these debates are entangled with broader imaginings of social transitions: from 'child' to 'adult' and from 'unreasonable subject' to one 'who can consent'. This international and interdisciplinary collection identifies and locates struggles for recognition and inclusion in particular contexts and at particular moments in time, recognising that sexual and gender diverse young people are neither entirely vulnerable nor self-

reliant. Focusing on the numerous domains in which debates about youth, sexuality and citizenship are enacted and contested, *Youth, Sexuality and Sexual Citizenship* explores young people's experiences in diverse but linked settings: in the family, at school and in college, in employment, in social media and through engagement with health services. Bookended by reflections from Jeffrey Weeks and Susan Talburt, the book's empirically grounded chapters also engage with the key debates outlined in its scholarly introduction. This innovative book is of interest to students and scholars of gender and sexuality, health and sex education, and youth studies, from a range of disciplinary and professional backgrounds, including sociology, education, nursing, social work and youth work.

Soul Obsession - Nicky Cruz 2005-06-07

New from the author of the best-selling Christian classic, *Run Baby Run*. The God we love is passionate about finding lost souls, with freeing human hearts enslaved to sin. To truly know God, this must become our life's driving desire as well... our Soul Obsession. And when we fall obediently in step with God, we'll see Him perform miracles through us to rescue people and give them new life. In his powerful new book, internationally known author Nicky Cruz shares powerful personal stories of faithful obedience, even in the midst of difficult circumstances—including the amazing story of his mother's deathbed conversion and healing. You, too, can move past doubts, understand both the natural and supernatural worlds, and develop a faith that can move any mountain, no matter how high or wide or difficult. "Do we truly understand the power we have at our fingertips? Do we grasp the significance of the message that we bring to a lost world? Do we comprehend how easily evil can be beaten and revoked by simply opening ourselves up to the moving of the Holy Spirit among us? Do we know what God is capable of doing among us? "If you want to change the world, begin by letting God change you. By letting the passion of Jesus become your passion. By letting the Holy Spirit be your only guide and mentor, every step, every minute of the day. By allowing God to set your heart on fire with a Soul Obsession!"—Nicky Cruz

Jesus Centered Youth Ministry - Rick Lawrence 2014-03-07

"If all I did for the next 10 years was pass along this book to hungry youth leaders, I would have a fruitful decade." —Dave Rahn, Senior Vice President and Chief Ministry Officer for Youth For Christ "In this book, Rick calls us to run arm-in-arm with teenagers—to the epicenter of that mystery, that person, that incarnate child, that troublemaker, that up-ender, that ultimate rescuer." —Mark Oestreicher, Partner, The Youth Cartel There's a surging hunger among teenagers for Jesus. New research shows that they want a clearer understanding of what Jesus really said and did, and how faith matters in their lives. In fact, that desire is so deep, it's #1 on their "wish list" for what they'd like to talk about at church. But are we doing that? Even though we assume that everything we do in youth ministry is about Jesus, the evidence is clear: That's not what our students say they're experiencing. So what would a youth ministry look like if it shifted toward a passionate, persistent, and permeating focus on drawing students into a closer orbit around Jesus? Inside the pages of *Jesus-Centered Youth Ministry*, you'll discover the foundation for a ministry that is Jesus-centered, along with the bricks for building it. You'll discover that not only is it possible to create this kind of ministry, it's also essential that you pursue this path. Eight years after his book was first published, introducing the language and structure of a new way of doing youth ministry, author and longtime Group Magazine editor Rick Lawrence has completely rewritten and revised *Jesus-Centered Youth Ministry*. It's packed with new insight, new research, and dozens of field-tested ideas for planting and nurturing a ministry environment that is Jesus-magnetic. Help satisfy teenagers' hunger for Jesus in richly nourishing and sustaining ways by shifting the orbit of your ministry.

Russian Youth - James O. Finckenauer 2018-02-20

In the generation that has passed, what have we learned about the rule of law, legality, legal reasoning, and deviance in Russia? And what about the general subject of legal socialization—how young people learn about rules, norms, and laws; what their attitudes about rules and laws are;

and, if and whether this knowledge and these attitudes shape their behavior? The second edition of *Russian Youth* asks and answers these questions.

In Pursuit of the Common Good - Paul Newman 2008-08-12

Shameless exploitation has never been more fun nor done more good for more people than when done by Newman's Own—the first green food company to use all-natural ingredients, and still the most successful. It was 1982 when Paul Newman and A. E. Hotchner made their foray into local gourmet shops with bottles of their homemade salad dressing. The venture was intended to be a lark, a way to poke fun at the traditional way the market operates. Hurdling obstacle after obstacle, they created the first company to mass-market all-natural products, eliminating the chemicals, gums, and preservatives that existed in food at the time. This picaresque saga is the inspiring story of how the two friends parlayed the joke into a multimillion-dollar company that gives all its profits to the less fortunate without spending money on galas, mailings, and other expensive outreaches. It also serves as a textbook for foundations and charitable organizations looking to do the most good they can with what they have. Told in alternating voices, Newman and Hotchner have written a zany tale that is a business model for entrepreneurs, an inspirational book, and just plain delightful reading.

THE MODERN ADMINISTRATION OF THE EARTH - Gopal Rayappa Kolekar 2021-09-16

I was inspired to write this book by observing as to what is presently happening on the earth such as Global hunger, Child labor, Global warming, Corruption, Illiteracy and Poverty of the people in some countries and Terrorism and Guerilla warfare. I am paying very serious attention to this matter. It just amounts to unscientific administrative policy or a chaotic policy followed by a few countries and purposely some countries are indulging in terrorism tactics. Some governments pursue this policy resolutely with a view to terrorize the inhabitants of the earth. It can be seen that in a few countries the political leaders are following the present independent administrative policy of each country in a persistent manner. I have been a keen observer of this and have found that they are purposefully doing this, but I am a scientist in HRD study and one HRD scientist is equal to God in respect of knowledge and power also. I cannot tolerate any kind of inhuman /illegal activities on the earth. By seeing this I am changing the world's Administrative Policy as per the directions mentioned in this book. I appeal to the earth's inhabitants to usher in this new Administrative Policy in the interest of the world with a view to have everlasting peace and the resulting satisfaction as to their lifespan on this planet.

Inshallah - Viviane Wayne 2002

To Viviane Wayne, Turkey was at once a mystery and a familiar part of family life. Born in America to Sephardic parents whose families had emigrated from Spain to Turkey 500 years ago, she knew Turkey as a land of exotic foods, elaborate carpets, and the philosophy of inshallah -- "if God wills." In 1977, and again in 1991, Viviane and her husband traveled to Turkey to discover the land that had shaped her parents, to learn about her father's early life, and to find the source of inshallah. They found a land of beauty and excitement, full of crowded bazaars and rug dealers, cities rich with history, still answering the call of the muezzin. They met family members who were eager to share their hearth and home and their stories of generations past. Most importantly, they found the old house where her father had grown up, and in it a trove of old letters and photographs containing much of her family's untold story. Book jacket.
