Pierre-Simon Laplace Philosophical Essay on Probabilities - Pierre-Simon Laplace 1998-03-16
Pierre-Simon Laplace (1749-1827) is remembered among probabilists today particularly for his "Theorie analytique des probabilités", published in 1812. The "Essai philosophique sur les probabilités" is his introduction for the second edition of this work. Here Laplace provided a popular exposition on his "Theorie". The "Essai", based on a lecture on probability given by Laplace in 1794, underwent sweeping changes, almost doubling in size, in the various editions published during Laplace's lifetime. Translations of various editions in different languages have appeared over the years. The only English translation of 1902 reads awkwardly today. This is a thorough and modern translation based on the recent re-issue, with its voluminous notes, of the fifth edition of 1826, with preface by Rene Thom and postscript by Bernard Bru. In the second part of the book, the reader is provided with an extensive commentary by the translator including valuable historical and mathematical remarks and various proofs.

The Aesthetics of Architecture - Roger Scruton 2021-12-07

A landmark account of architectural theory and practice from acclaimed philosopher Roger Scruton Architecture is distinguished from other art forms by its sense of function, its localized quality, its technique, its public and nonpersonal character, and its continuity with the decorative arts. In this important book, Roger Scruton calls for a return to first principles in contemporary

architectural theory, contending that the aesthetic of architecture is, in its very essence, an aesthetic of everyday life. Aesthetic understanding is inseparable from a sense of detail and style, from which the appropriate, the expressive, the beautiful, and the proportionate take their meaning. Scruton provides incisive critiques of the romantic, functionalist, and rationalist theories of design, and of the Freudian, Marxist, and semiological approaches to aesthetic value. In a new introduction, Scruton discusses how his ideas have developed since the book's original publication, and he assesses the continuing relevance of his argument for the twenty-first century.

Kicking Away the Ladder - Ha-Joon Chang 2002-07-01

How did the rich countries really become rich? In this provocative study, Ha-Joon Chang examines the great pressure on developing countries from the developed world to adopt certain 'good policies' and 'good institutions', seen today as necessary for economic development. His conclusions are compelling and disturbing: that developed countries are attempting to 'kick away the ladder' with which they have climbed to the top, thereby preventing developing countries from adopting policies and institutions that they themselves have used.

O Paraíso São Os Outros - Valter Hugo Mae
2018-06-06

"O paraíso são os outros" de Valter Hugo Mãe, ganha nova edição pela Biblioteca Azul com ilustrações do autor inéditas no Brasil. "O paraíso são os outros", uma menina volta seu olhar pueril para os casais. Casais de pessoas e de animais, de homem e mulher, de mulher com mulher, de golfinhos e de pinguins. Uma menina a quem o amor intriga e fascina. Uma menina que ao imaginar a vida dos outros, sonha com a pessoa que um dia irá amar. Sua voz inocente toca tanto as crianças quanto os adultos. A nova edição desta obra do aclamado escritor português Valter Hugo Mãe traz ilustrações do autor e texto de Noemi Jaffe na quarta capa. Além disso, esta edição apresenta nota do autor sobre suas ilustrações, miolo com cores especiais e capa dura. "Mais do que um livro, O paraíso são os outros é um convite à vida. Quando percebermos que o amor precisa de ser uma solução e não um problema então teremos percebido tudo." - Luis Sepúlveda. "Parece que só quem aceita o erro em si mesmo é capaz de amar os outros, nosso paraíso difícil e necessário. Valter Hugo Mãe propõe, como em seus desenhos, a unidade na dualidade e vice-versa. Só para os que amam ou os que estão dispostos a amar." - Noemi Jaffe.

Sex and destiny - Francisco Cândido Xavier
2021-09-13

What effects will the sexual experiences and conduct of incarnates have on the immortal spirit in their future life, their destiny? Rich in detail, the books by Andre Luiz depict the spirit world: how spirits live, their habitats and the relations of cause and effect that influence the evolutionary trajectory both of incarnates and discarnates, delineating their future life, their destiny. In this book, readers will find the answers to their questions about human sexual relationships and their implications for the future life of the immortal spirit, enabling it to "learn by using the library of experience." Sex and destiny, love and conscience, freedom and commitment, guilt and redemption, home and reincarnation are the topics of this book born in the forge of everyday reality.

1984 - George Orwell 2021-01-01

First published in 1948, The present book 1984 is a dystopian novel by prominent twentieth century novelist, essayist and social critique Eric Arthur Blair under his popular pseudonym George Orwell. The novel is set in Airstrip one, a province of the superstate Oceania in a world of perpetual war, omnipresent government surveillance and public manipulation. The superstate and its residents are dictated to by a political regime euphemistically named English socialism, shortened to 'Ingsoc' in Newspeak, the government's invented language. The superstate is under the control of the privileged elite of the inner party, a party and government that persecutes individualism and independent thinking as 'thought-crime', which is enforced by the 'thought police'. this novel, in a way, criticizes the forced implement of the colonial thought system and life onto various colonies by the great Britain.

How Vocabulary is Learned - Stuart Webb
2017-06-06

This guide to vocabulary acquisition is essential reading for teachers of English as a second or foreign language. It presents the major ideas and principles that relate to the teaching and learning of vocabulary and evaluates a wide range of practical activities designed to help boost students' vocabulary acquisition. Key questions which are answered include: • How many words should students learn at a time, and how often? • How much classroom time should be spent teaching vocabulary? • What is the best way to group vocabulary for learning? • Is it useful to provide students with the L1 translations of unknown words? • Why do some students make greater progress than others? stuart webb is Professor in Applied Linguistics at the University of Western Ontario, Canada. paul nation is Emeritus Professor in Applied Linguistics at Victoria University of Wellington, New Zealand. Teachers will find answers to many of their perennial questions about vocabulary learning—as well as some they had not yet thought to ask! There is research evidence to support established practices, but also new evidence that challenges old ideas. patsy lightbown (co-author of *How Languages are Learned*, with Nina Spada)

C How to Program - Paul J. Deitel 2015-03-09
This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For courses in computer programming *C How to Program* is a comprehensive introduction to programming in C. Like other texts of the Deitels' *How to Program* series, the book serves as a detailed beginner source of information for college students looking to embark on a career in coding, or instructors and software-development professionals seeking to learn how to program with C. The Eighth Edition continues the tradition of the signature Deitel "Live Code" approach--presenting concepts in the context of full-working programs rather than incomplete snips of code. This gives readers a chance to run each program as they study it and see how their

learning applies to real world programming scenarios.

Patris Corde - Pope Francis 2021-01-13
In his apostolic letter *Patris Corde* ("With a Father's Heart"), Pope Francis reflects on Saint Joseph and his multifaceted role as a father. The purpose of this letter, Pope Francis writes, "is to increase our love for this great saint, to encourage us to implore his intercession and to imitate his virtues and his zeal." Saint Joseph is a beloved father; a tender, loving father; an obedient father; an accepting father; a creatively courageous father; a working father; and a father in the shadows. As protector, advocate, and guardian of the Holy Family, Saint Joseph has always been venerated as a father to all Christians. With this letter, promulgated on the 150th anniversary of the declaration of Saint Joseph as Patron of the Universal Church, Pope Francis proclaimed a Year of Saint Joseph from December 8, 2020, to December 8, 2021. *Patris Corde* ends with a new prayer to Saint Joseph, and the OSV edition includes additional prayers and a litany to this beloved saint.

Este libro es una revelación.

VAN GOGH - A VIDA - STEVEN NAIFEH
Vincent Willem van Gogh (1853-1890) nasceu num vilarejo fronteiriço nos confins pantanosos do sul da Holanda, filho primogênito de um modesto pastor protestante. Solitário e impetuoso desde criança, o artista fracassou em todas as tentativas de se fixar numa profissão 'respeitável'. Somente encontrou alívio parcial para seus anseios excruciantes na produção de milhares de desenhos e pinturas, ao mesmo tempo em que submergia na doença e na loucura. Steven Naifeh e Gregory White Smith apresentam nesta reconstituição biográfica uma visão que procura ser ao mesmo tempo erudita e apaixonada sobre o artista holandês. Os autores

buscam esmiuçar o conturbado relacionamento com os pais, a amizade com o irmão Theo, a relação intensa com a religião, a errância entre diversas cidades, a vida sexual desregrada, o fracasso em vender suas obras, a amizade conturbada com Paul Gauguin, a loucura, a orelha mutilada - e sugere uma explicação para o suposto suicídio. Naifeh e Smith visam orientar o leitor com segurança através do intrincado labirinto de referências estéticas, literárias e religiosas que definiu sua curta existência. Desse modo, diversas imprecisões, bem como mitos há muito estabelecidos na fortuna crítica vangoghiana, procuram ser esclarecidos com sensibilidade humana e artística.

Positioning: The Battle for Your Mind - Al Ries
2001-01-03

The first book to deal with the problems of communicating to a skeptical, media-blitzed public, Positioning describes a revolutionary approach to creating a "position" in a prospective customer's mind-one that reflects a company's own strengths and weaknesses as well as those of its competitors. Writing in their trademark witty, fast-paced style, advertising gurus Ries and Trout explain how to: Make and position an industry leader so that its name and message wheedles its way into the collective subconscious of your market-and stays there Position a follower so that it can occupy a niche not claimed by the leader Avoid letting a second product ride on the coattails of an established one. Positioning also shows you how to: Use leading ad agency techniques to capture the biggest market share and become a household name Build your strategy around your competition's weaknesses Reposition a strong competitor and create a weak spot Use your present position to its best advantage Choose the best name for your product Determine when-and why-less is more Analyze recent trends that affect your positioning. Ries and Trout provide many valuable case histories and penetrating analyses of some of the most phenomenal successes and failures in advertising history. Revised to reflect significant developments in the five years since its original publication, Positioning is required reading for anyone in business today.

Grand dictionnaire universel du XIXe siècle
- Larousse 1875

Collective Agreements - Susan Hayter 2018

Collective bargaining involves a process of negotiation between one or more unions and an employer or employers' organisation(s). The outcome is a collective agreement that defines terms of employment - typically wages, working hours and in-work benefits. The agreement affords labour protection: minimum wages, regular earnings; limits on working hours and predictable work schedules; safe working environments; parental leave and sick leave; and a fair share in the benefits of increased productivity. The International Labour Organization (ILO) Collective Agreements Recommendation 1951 (No. 91) considers,

where appropriate and having regard to national practice, that measures should be taken to extend the application of all or some provisions of a collective agreement to all employers and workers included within the domain of the agreement. The extension of a collective agreement generalises the terms and conditions of employment, agreed between organised firms and workers, represented through their association(s) and union(s), to the non-organised firms within a sector, occupation or territory. The collection of chapters in this volume are about the extension of collective agreements as an act of public policy.
