Rules of Play - Katie Salen Tekinbas 2003-09-25
An impassioned look at games and game design that offers the most ambitious framework for understanding them to date. As pop culture, games are as important as film or television—but game design has yet to develop a theoretical framework or critical vocabulary. In *Rules of Play* Katie Salen and Eric Zimmerman present a much-needed primer for this emerging field.

They offer a unified model for looking at all kinds of games, from board games and sports to computer and video games. As active participants in game culture, the authors have written *Rules of Play* as a catalyst for innovation, filled with new concepts, strategies, and methodologies for creating and understanding games. Building an aesthetics of interactive systems, Salen and Zimmerman define core

concepts like "play," "design," and "interactivity." They look at games through a series of eighteen "game design schemas," or conceptual frameworks, including games as systems of emergence and information, as contexts for social play, as a storytelling medium, and as sites of cultural resistance. Written for game scholars, game developers, and interactive designers, *Rules of Play* is a textbook, reference book, and theoretical guide. It is the first comprehensive attempt to establish a solid theoretical framework for the emerging discipline of game design.

P. S. from Paris - Marc Levy 2017-09

They knew their friendship was going to be complicated, but love--and the City of Lights--just might find a way. On the big screen, Mia plays a woman in love. But in real life, she's an actress in need of a break from her real-life philandering husband--the megastar who plays her romantic interest in the movies. So she heads across the English Channel to hide in

Paris behind a new haircut, fake eyeglasses, and a waitressing job at her best friend's restaurant. Paul is an American author hoping to recapture the fame of his first novel. When his best friend surreptitiously sets him up with Mia through a dating website, Paul and Mia's relationship status is "complicated." Even though everything about Paris seems to be nudging them together, the two lonely ex-pats resist, concocting increasingly far-fetched strategies to stay "just friends." A feat easier said than done, as fate has other plans in store. Is true love waiting for them in a postscript? From Marc Levy, the most-read French author alive today, comes a modern-day love story between a famous actress hiding in Paris and a bestselling writer lying to himself.

Downsizing Democracy - Matthew A. Crenson
2020-03-03

At a time when an American's investment in the democratic process has largely been reduced to an annual contribution to a political party or

organization, Downsizing Democracy offers a critical reassessment of American democracy.

The Sports Rules Book - Human Kinetics (Organization) 2009

Replay - Ken Grimwood 2010-09-14

Jeff Winston, forty-three, didn't know he was a replayer until he died and woke up twenty-five years younger in his college dorm room; he lived another life. And died again. And lived again and died again -- in a continuous twenty-five-year cycle -- each time starting from scratch at the age of eighteen to reclaim lost loves, remedy

past mistakes, or make a fortune in the stock market. A novel of gripping adventure, romance, and fascinating speculation on the nature of time, *Replay* asks the question: "What if you could live your life over again?"

If Only It Were True - Marc Levy 2005-05-17

What do you do when you find a stranger in your closet and she can disappear and reappear at whim? What if she then tells you that her body is actually in a coma on the other side of town? What starts off as a dilemma that Arthur is faced with when he discovers Lauren in his apartment, becomes a heartwarming love story.

The King's Hounds - Martin Jensen 2013

Hafdan, a former nobleman, and Winston, a former monk, arrive in Oxford, the seat of the new king, Canute, just as a murder is discovered and they are ordered by the king, who is trying to keep his subjects calm, to solve the crime in two days.

Reeling - Lola Lafon 2022-02

Award-winning author, Lola Lafon continues her

exploration of the psyches of young girls-their fragility, their resilience. Fontenay, a Parisian suburb, 1984. Chloé is 12 when her parents prod her into taking ballet classes. She drops out after a long year of feeling lost, not classy nor graceful enough, and undoubtedly not as rich as the other kids. By chance, she signs up for Modern Jazz class at a MJC-a state funded organization whose mission is to provide access to art and culture to all children. Modern Jazz is her calling, and soon Chloe is transformed, working out constantly, dreaming of becoming a professional dancer. That's when she catches the attention of Cathy, an elegant middle-aged woman, who is a talent scout for Galatée-a foundation that gives fellowships to exceptionally gifted teenagers. Fascinated by Cathy and the many gifts with which this providential "godmother" is showering her, Chloé introduces her to her parents, receiving their blessing to spend more and more time with her, ultimately falling prey to Galatée's trap.

The Cook of the Halcyon - Andrea Camilleri
2021-03-16

The new novel in the transporting New York Times bestselling Inspector Montalbano mystery series Giovanni Trincanato has brought ruin to the shipyard he inherited from his father and when a worker he fires hangs himself on the construction site, Inspector Montalbano is called to the scene. In short order, the inspector loses his temper with the crass Giovanni, delivers a slap to his face, and unfortunately, it won't be the last he sees of Trincanato. Meanwhile, a mysterious schooner called Halcyon shows up in the harbor, seemingly deserted except for just one man. With its presence comes even more mysteries, another death, and the arrival of the FBI. Alongside Sicilian-American Agent Pennisi, Montalbano and his team must attempt a suspenseful infiltration operation in this new, page-turning Inspector Montalbano mystery.

The Butchers - Ruth Gilligan 2021-04
Winner of the Ondaatje Prize for 2021. The first

novel truly to capture the story of Ireland during the BSE crisis, shown through the small, deeply intimate stories of four people caught up in its churn.

How People Learn II - National Academies of Sciences, Engineering, and Medicine 2018-09-27

There are many reasons to be curious about the way people learn, and the past several decades have seen an explosion of research that has important implications for individual learning, schooling, workforce training, and policy. In 2000, *How People Learn: Brain, Mind, Experience, and School: Expanded Edition* was published and its influence has been wide and deep. The report summarized insights on the nature of learning in school-aged children; described principles for the design of effective learning environments; and provided examples of how that could be implemented in the classroom. Since then, researchers have continued to investigate the nature of learning and have generated new findings related to the

neurological processes involved in learning, individual and cultural variability related to learning, and educational technologies. In addition to expanding scientific understanding of the mechanisms of learning and how the brain adapts throughout the lifespan, there have been important discoveries about influences on learning, particularly sociocultural factors and the structure of learning environments. *How People Learn II: Learners, Contexts, and Cultures* provides a much-needed update incorporating insights gained from this research over the past decade. The book expands on the foundation laid out in the 2000 report and takes an in-depth look at the constellation of influences that affect individual learning. *How People Learn II* will become an indispensable resource to understand learning throughout the lifespan for educators of students and adults.

Hope - Marc Levy 2021-05-11

For anyone who's dreamed of immortality comes a twice-in-a-lifetime love story by Marc Levy, the

phenomenal, internationally bestselling French author of P.S. from Paris and The Last of the Stanfields. In Massachusetts, neuroscience students Luke, Josh, and Hope have formed an unbreakable and unconditional friendship. Bound by their wit, brilliance, and curiosity, they throw themselves heart and soul into their research and are on the verge of a revolution, pushing the limits of what's possible. Their new computer program can capture a person's entire consciousness, memory, and personality--a digital map of the brain's connections that promises to bridge the relationship between human and machine, between the past and the future. When Hope is diagnosed with a fatal and aggressive illness, their work takes on a new significance and urgency. Everything that defines who Hope is, and everything Luke and Josh love about her, will not be lost. Memory by memory, they're going to make sure of it. Hope is a heartwarming story about the boundaries of love, life, and death--and what will endure with

us forever.

In His Own Image - Jérôme Ferrari 2022-01-18
From Goncourt Prize-winning author Jérôme Ferrari, a bewitching story of passion, death, and love, and a powerful reflection on the ambiguous relationship between art and reality Born in a small town in Corsican countryside, Antonia grows up in a place of deeply-rooted traditions and strong family ties. When she's fourteen, her uncle, a priest, gives her a camera--suddenly changing the way she looks at the world and igniting a passion that will prompt her to become a photojournalist. Over two decades later, Antonia is walking around the port of Calvi when she runs into Dragan, a soldier whom she had met when she was reporting on the war in the former Yugoslavia. The two spend the entire night in deep conversation, reminiscing about their experience of the conflict. Shortly after saying goodbye, as she drives home Antonia loses control of her car, plunges off a cliff and is killed instantly. Tasked with officiating his

niece's funeral, Antonia's uncle is forced to reflect on her life and legacy, and on the profound questions they beg about ambition and doubt, passion and guilt, representation and reality. Wide in scope but rich in detail, restrained yet deeply moving, *In His Own Image* masterly weaves together the story of an individual life with universal themes that resonate across time and space.

A Woman Like Her - Marc Levy 2020-05-12

An unexpected love story from Marc Levy, international bestselling author of *The Last of the Stanfields*, and the most widely read French author in the world. It's been five years since fate upended resilient Chloe Bronstein's world. While she may be living with her father, and her acting career has taken a decidedly unexpected turn, she's alive. And she's intrigued by Sanji, the charming new elevator operator in her quaint Manhattan apartment building. There's just something about the Mumbai-born, Oxford-educated, thoroughly modern elevator man that doesn't quite add up. Sanji is dazzled by Chloe. They have so much in common: Both defiant. Both independent. Both determined to live by their own rules. But there's one thing about Sanji that Chloe doesn't know. Yet. However hesitant Chloe and Sanji's burgeoning romance is--complicated by family, friends, neighbors, and the past--it also awakens them to life's limitless possibilities.

The Hanged Man of Conakry - Jean-Christophe Rufin 2021-12-28

Something has got Aurel Timescu's attention: an unsolved and apparently unsolvable crime. A vacationer has been found hanged. And it is a crime that will go unpunished if Aurel isn't ready for the fight of his life. Aurel Timescu's French is tinged with a Romanian accent, he has the disheveled air of a character from between the wars, and a past as a performer in piano bars. Nobody can quite understand how he got to be Consul. Now, he's taken a position in French Guinea--what a place for a man who says he can't stand the heat! He passes his time perspiring, drinking gallons of Tokay, and composing librettos. Until, that is, a vacationer is found hanging from the mast of a sailboat. How did he end up dead, on a mast, on Aurel Timescu's watch? Had his personal life been

hanging by a thread? Was he hanging around waiting for love to be reciprocated? Had he been hanging out with the wrong crowd? Had he hung his hat on the peg of some quixotic dream? Prize-winning and best-selling author, and a former diplomat, Jean-Christophe Rufin brings Aurel to vivid life in this entertaining and gripping story.

If Only It Were True 2 - Marc Levy

If life gave you a second chance to meet your first love again, would you risk everything to take it? If life gave you a second chance to meet your first love again, would you risk everything to take it? When Arthur returns to San Francisco after a self-imposed exile in Paris, he rediscovers his best friend, his job, and the city he loves. The one thing missing is Lauren: the woman he had sacrificed everything to save, only to lose her minutes later. Arthur is resigned to never see Lauren again. But when fate intervenes, it is Lauren's turn to save Arthur. If only she can find

him in time. The sequel to Marc Levy's international bestseller *If Only It Were True*, this is an adventure that is by turns breathtaking and hilarious and a heart-warming love story that is impossible to forget. "France's very own Dan Brown!" - Livres Hebdo

Pre-Incident Indicators of Terrorist Incidents - Brent L. Smith 2011-01

This is a print on demand edition of a hard to find publication. Explores whether sufficient data exists to examine the temporal and spatial relationships that existed in terrorist group planning, and if so, could patterns of preparatory conduct be identified? About one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in

the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents. Illustrations.

All Those Things We Never Said (UK Edition) - Marc Levy 2017-11-14

Days before her wedding, Julia Walsh is knocked sideways twice: once by the sudden death of her estranged father...and again when he appears on her doorstep after his funeral, ready to make amends, right his past mistakes and prevent her from making new ones. Surprised to say the least, Julia reluctantly agrees to turn what should have been her honeymoon into a spontaneous road trip with her father to make up for lost time. But when an astonishing secret is revealed about a past relationship, their trip becomes a whirlwind journey of rediscovery that takes them from Montreal to Paris to Berlin and back home again, where Julia learns that even the smallest gestures she might have taken for

granted have the power to change her life forever. From international bestselling author Marc Levy, the most widely read writer in France today, comes an unusual and charming love story that reunites a father and daughter, and past and present, in the most unexpected ways.

My Name is Memory - Ann Brashares
2010-06-01

The latest from Ann Brashares, the New York Times bestselling author of *The Sisterhood of the Traveling Pants*, a magical story of reincarnation and a love that lasts more than a lifetime Daniel has spent centuries falling in love with the same girl. Life after life, crossing continents and dynasties, he and Sophia (despite her changing name and form) have been drawn together-and he remembers it all. For all the

times that he and Sophia have been connected throughout history, they have also been torn painfully, fatally, apart. But just when Sophia (now "Lucy" in the present) finally awakens to the secret of their shared past, the mysterious force that has always separated them reappears. Ultimately, they must come to understand what stands in the way of their love if they are ever to spend a lifetime together.

The Strange Journey of Alice Pendelbury - Marc Levy 2019-02-05

From international bestselling author Marc Levy comes a witty and beguiling novel of one woman's unexpected journey to follow her destiny. Alice Pendelbury believes everything in her life is pretty much in order--from her good friends to her burgeoning career. But even Alice has to admit it's been an odd week. Not only has her belligerent neighbor, Mr. Daldry, suddenly become a surprisingly agreeable confidant, but he's encouraging her to take seriously the fortune-teller who told her that only by traveling

to Turkey can Alice meet the most important person in her life. What's more, the peculiarly insistent Mr. Daldry has even agreed to finance Alice's trip--one that against all reason seems to be predestined. It's on this journey, crazy from the outset and strangely irresistible, that Alice will find out that nothing in her life is real, that her past is not true, and that the six people she's about to encounter will shape her future in ways she could never have dreamed. Revised edition: Previously published as *L'étrange voyage de Monsieur Daldry*, this edition of *The Strange Journey* of Alice Pendelbury includes editorial revisions.

Rare Earth - Peter D. Ward 2007-05-08

What determines whether complex life will arise on a planet, or even any life at all? Questions such as these are investigated in this groundbreaking book. In doing so, the authors synthesize information from astronomy, biology, and paleontology, and apply it to what we know about the rise of life on Earth and to what could

possibly happen elsewhere in the universe. Everyone who has been thrilled by the recent discoveries of extrasolar planets and the indications of life on Mars and the Jovian moon Europa will be fascinated by *Rare Earth*, and its implications for those who look to the heavens for companionship.

Becoming Steve Jobs - Brent Schlender
2015-03-24

The #1 New York Times bestselling biography of how Steve Jobs became the most visionary CEO in history. *Becoming Steve Jobs* breaks down the conventional, one-dimensional view of Steve Jobs that he was half-genius, half-jerk from youth, an irascible and selfish leader who slighted friends and family alike. *Becoming Steve Jobs* answers the central question about the life and career of the Apple cofounder and CEO: How did a young man so reckless and arrogant that he was exiled from the company he founded become the most effective visionary business leader of our time, ultimately transforming the daily life of billions

of people? Drawing on incredible and sometimes exclusive access, Schlender and Tetzeli tell a different story of a real human being who wrestled with his failings and learned to maximize his strengths over time. Their rich, compelling narrative is filled with stories never told before from the people who knew Jobs best, including his family, former inner circle executives, and top people at Apple, Pixar and Disney, most notably Tim Cook, Jony Ive, Eddy Cue, Ed Catmull, John Lasseter, Robert Iger and many others. In addition, Schlender knew Jobs personally for 25 years and draws upon his many interviews with him, on and off the record, in writing the book. He and Tetzeli humanize the man and explain, rather than simply describe, his behavior. Along the way, the book provides rich context about the technology revolution we've all lived through, and the ways in which Jobs changed our world. A rich and revealing account, *Becoming Steve Jobs* shows us how one of the most colorful and compelling figures of

our times was able to combine his unchanging, relentless passion with an evolution in management style to create one of the most valuable and beloved companies on the planet. *The Seventh Function of Language* - Laurent Binet 2017-08-01

From the prizewinning author of *HHhH*, “the most insolent novel of the year” (*L’Express*) Paris, 1980. The literary critic Roland Barthes dies—struck by a laundry van—after lunch with the presidential candidate François Mitterrand. The world of letters mourns a tragic accident. But what if it wasn’t an accident at all? What if Barthes was . . . murdered? In *The Seventh Function of Language*, Laurent Binet spins a madcap secret history of the French intelligentsia, starring such luminaries as Jacques Derrida, Umberto Eco, Gilles Deleuze, Michel Foucault, Judith Butler, and Julia Kristeva—as well as the hapless police detective Jacques Bayard, whose new case will plunge him into the depths of literary theory (starting with

the French version of Roland Barthes for Dummies). Soon Bayard finds himself in search of a lost manuscript by the linguist Roman Jakobson on the mysterious “seventh function of language.” A brilliantly erudite comedy that recalls Flaubert’s Parrot and The Name of the Rose—with more than a dash of The Da Vinci Code—The Seventh Function of Language takes us from the cafés of Saint-Germain to the corridors of Cornell University, and into the duels and orgies of the Logos Club, a secret philosophical society that dates to the Roman Empire. Binet has written both a send-up and a wildly exuberant celebration of the French intellectual tradition.

Saving Monticello - Marc Leepson 2002-03-06
When Thomas Jefferson died on the Fourth of July 1826 -- the nation's fiftieth birthday -- he was more than \$100,000 in debt. Forced to sell thousands of acres of his lands and nearly all of his furniture and artwork, in 1831 his heirs bid a final goodbye to Monticello itself. The house their illustrious patriarch had lovingly designed in the Blue Ridge Mountains of Virginia, his beloved "essay in architecture," was sold to the highest bidder. *Saving Monticello* offers the first complete post-Jefferson history of this American icon and reveals the amazing story of how one Jewish family saved the house that became a family home to them for 89 years -- longer than it ever was to the Jeffersons. With a dramatic narrative sweep across generations, Marc Leepson vividly recounts the turbulent saga of this fabled estate. Twice the house came to the

brink of ruin, and twice it was saved, by two different generations of the Levy family. United by a fierce love of country, they venerated the Founding Fathers for establishing a religiously tolerant and democratic nation where their family had thrived since the founding of the Georgia colony in 1733, largely free of the persecutions and prejudices of the Old World. Monticello's first savior was the mercurial U.S. Navy Commodore Uriah Phillips Levy, a colorful and controversial sailor, celebrated for his successful campaign to ban flogging in the Navy and excoriated for his stubborn willfulness. Prompted in 1833 by the Marquis de Lafayette's inquiry about "the most beautiful house in America," Levy discovered that Jefferson's mansion had fallen into a miserable state of decay. Acquiring the ruined estate and committing his considerable resources to its renewal, he began what became a tumultuous nine-decade relationship between his family and Jefferson's home. After passing from Levy

control at the time of the commodore's death, Monticello fell once more into hard times, cattle being housed on its first floor and grain in its once elegant upper rooms. Again, remarkably, a member of the Levy family came to the rescue. Uriah's nephew, the aptly named Jefferson Monroe Levy, a three-term New York congressman and wealthy real estate and stock speculator, gained possession in 1879. After Jefferson Levy poured hundreds of thousands of dollars into its repair and upkeep, his chief reward was to face a vicious national campaign, with anti-Semitic overtones, to expropriate the house and turn it over to the government. Only after the campaign had failed, with Levy declaring that he would sell Monticello only when the White House itself was offered for sale, did Levy relinquish it to the Thomas Jefferson Foundation in 1923. Rich with memorable, larger-than-life characters, beginning with Thomas Jefferson himself, the story is cast with such figures as James Turner Barclay, a

messianic visionary who owned the house from 1831 to 1834; the fiery Uriah Levy, he of the six courts-martial and teenage wife; the colorful Confederate Colonel Benjamin Franklin Ficklin, who controlled Monticello during the Civil War; and the eccentric, high-living, deal-making egoist Jefferson Monroe Levy. Pulling back the veil of history to reveal a story we thought we knew, *Saving Monticello* establishes this most American of houses as more truly reflective of the American experience than has ever been fully appreciated.

Here is everything you need to know--from the original source--to receive the full gift of what Anthony calls "one of the greatest healing tonics of all time."

Still the Forests - Sandrine Collette 2022-02-15
Winner of the 2020 Grand Prix RTL-Lire, a powerful novel about a man's desperate quest to bring new life to a desolate world. Nobody wanted Corentin. Not his father, who flees as soon he can, nor the women in the village, only preoccupied with gossip, nor especially his mother, who dreams of getting rid of him. Dragged from home to home, his childhood feels like a sad, aimless pilgrimage. Until the day his mother abandons him with an old woman,

Augustine. That's when life begins again for him, deep into the Valley of the Forests, the remote region where the woman who becomes his adoptive grandmother lives. Having moved to the city to pursue his studies, Corentin fully immerses himself in the dazzling pleasures and distractions of urban life. Around him, though, the world is on fire. Temperatures continue to rise, causing a permanent draught. The rivers of Corentin's childhood have long dried up; the trees shed their leaves in June. A terrible catastrophe is brewing. The night when the worst happens, Corentin miraculously survives, hidden deep in the city's catacombs. When he reemerges, he finds a devastated landscape, completely devoid of life. Human, tree, or beast: nothing is left. But Corentin doesn't give up and, only armed with hope, sets off on a journey to find old Augustine.

Defending Air Bases in an Age of Insurgency - Shannon Caudill 2014-08

This anthology discusses the converging

operational issues of air base defense and counterinsurgency. It explores the diverse challenges associated with defending air assets and joint personnel in a counterinsurgency environment. The authors are primarily Air Force officers from security forces, intelligence, and the office of special investigations, but works are included from a US Air Force pilot and a Canadian air force officer. The authors examine lessons from Vietnam, Iraq, Afghanistan, and other conflicts as they relate to securing air bases and sustaining air operations

in a high-threat counterinsurgency environment. The essays review the capabilities, doctrine, tactics, and training needed in base defense operations and recommend ways in which to build a strong, synchronized ground defense partnership with joint and combined forces. The authors offer recommendations on the development of combat leaders with the depth of knowledge, tactical and operational skill sets, and counterinsurgency mind set necessary to be effective in the modern asymmetric battlefield.
