Dad, God, and Me - Ralph Friesen 2019-12-10

In a compelling, honest, and transparent account, Ralph Friesen tells the story of his father, Reverend Peter D. Friesen of Steinbach, Manitoba. He also tells his own story, of the search for his father and a crisis of faith. Growing up in a fundamentalist Mennonite community as the son of a minister, Ralph resisted the pressure to be "saved" and struggled to find a spiritual alternative. His father suffered a debilitating stroke when Ralph was a young teenager, but it is only now, in his seventies, that Ralph has delved into the meaning of that event. Dad, God, and Me is Ralph's quest to discover and convey the man his father was—with all of his strengths, faults, aspirations, and regrets. Drawing on journal entries, old photographs, and personal memories, this memoir welcomes readers into a particular time, place, and family. An engaging read for anyone who appreciates that "real life" can be challenging, painful, and beautiful all at the same time.

[My Dad's Funnier than Your Dad](#) - Kelly Conway 2021-12-15

Comic and television star Tim Conway (McHale's Navy, The Carol Burnett Show, The Apple Dumpling Gang) enjoyed enormous popular appeal, including a wide readership for his best-selling memoir, What's So Funny? In her own humorous, loving, and surprising memoir, Tim's eldest child, Kelly, reveals that the Conway home life was as riotous and engaging as some of her father's best-known comedy sketches. Kelly Conway allows readers an intimate look at a supremely American childhood, from the studios of Television City in Los Angeles to the midwestern pleasures of her mom and dad's hometowns. My Dad's Funnier Than Your Dad is her love letter to her father and mother, as well as an account of the warm, laugh-filled world in which she spent her childhood. The book portrays a Cheaper by the Dozen-style upbringing, when she and her five younger brothers spent their lives playing together within a protective cocoon of affection and love. Her dad acted as the ringmaster of their circus. What

kind of dad builds his kids a go-cart track in the backyard of his Encino residence by himself, not hiring a crew of professionals to do it? How about a dad that circles the block when his kids go off to their first day of grade school, fretting and fussing that they're okay away from home? What can you say about a famous father who lived not for his celebrity but kept himself firmly grounded in family? While not all puppy dogs and rainbows—the Conways divorced when the author was seventeen—this is nevertheless a warm-hearted memoir of a man who was as funny off the set as on.

Ten Decades in the Life of My Dad - Marion Elizabeth Fraser 2015-04-14

The 20th century heralded the greatest technological changes of any century. My Dad lived through virtually all of it - from 1898 to 1997. He served in two world wars and raised two families. Even though my Dad was a quiet man, he shared with me his stories and he shared with me his soul. His advice was always sage and he took a deep interest in the lives of his children, his grandchildren and his great grandchildren. Aside from his military service, he was a self employed man - home builder, farmer, logger. This book views the 20th century through his eyes. For me it was a labour of love and an opportunity to revisit the many lessons I learned through knowing him, his life, his hopes, his dreams and his disappointments. His only regret in life was not completing his science degree at Queen's University. He was in the class of '23, enrolling after returning from his overseas service in World War I in which all three of his brothers were wounded. He rarely talked about war, except to say it was a waste. Dad had a great sense of humour. He loved to read and enjoyed good movies and in his later years we watched many movies together. But mostly he worked hard. He always did whatever was necessary, but only after thinking the task through and figuring out the best way to accomplish his goals.

Rich Dad, Poor Dad - Robert T. Kiyosaki 2016-04-27

Although we have been successful in our careers, they have not turned out quite as we expected. We both have changed positions several times-for all the right reasons-but there are no pension plans vesting on our behalf. Our retirement funds are growing only through our individual contributions. Michael and I have a wonderful marriage with three great children. As I write this, two are in college and one is just beginning high school. We have spent a fortune making sure our children have received the best education available. One day in 1996, one of my children came home disillusioned with school. He was bored and tired of studying. "Why should I put time into studying subjects I will never use in real life?" he protested. Without thinking, I responded, "Because if you don't get good grades, you won't get into college." "Regardless of whether I go to college," he replied, "I'm going to be rich."

All In - Josh Levs 2015-05-12

When journalist Josh Levs was denied fair parental leave by his employer after his child was born, he fought back—and won. Since then, he's become an advocate for modern families and working fathers. In *All In*, he explores the changing face of fatherhood and what it means

for our individual lives, families, workplaces, and society. Fatherhood today is far different from previous generations. Stay-at-home dads are increasingly common, and growing numbers of men are working part-time or flextime schedules to spend more time with their children. Even the traditional breadwinner-dad is being transformed. Dads today are more emotionally and physically involved on the home front. They are "all in" and—like mothers—they are struggling with work-life balance and doing it all. Journalist and "dad columnist" Josh Levs explains that despite these unprecedented changes, our laws, corporate policies, and gender-based expectations in the workplace remain rigid. They are preventing both women and men from living out the equality we believe in—and hurting businesses in the process. Women have done a great job of speaking out about this, Levs—whose fight for parental leave made front page news across the country—argues. It's now time for men to join in. Combining Levs' personal experiences with investigative reporting and frank conversations with fathers about everything from work life to money to sex, *All In* busts popular myths, lays out facts, uncovers the forces holding all of us back, and shows how we can all join together to change them.
