The Philosophy of Psychology - George Botterill 1999-08-19
What is the relationship between common-sense, or 'folk', psychology and contemporary scientific psychology? Are they in conflict with one another? Or do they perform quite different, though perhaps complementary, roles? George Botterill and Peter Carruthers discuss these questions, defending a robust form of realism about the commitments of folk psychology and about the prospects for integrating those commitments into natural science. Their focus throughout the book is on the ways in which cognitive science presents a challenge to our common-sense self-image - arguing that our native conception of the mind will be enriched, but not overturned, by science. The Philosophy of Psychology is designed as a textbook for upper-level undergraduate and beginning graduate students in philosophy and cognitive science, but as a text that not only surveys but advances the debates on the topics discussed, it will also be of interest to researchers working in these areas.

Rajmohan's Wife and Sultana's Dream - Bankim Chandra Chatterjee 2021-04-21

Rajmohan's Wife and Sultana's Dream (1864/1908) features the debut novel of Indian writer Bankim Chandra Chatterjee and a story by Bengali writer, feminist, and educator Rokeya Sakhawat Hossain. Rajmohan's Wife, Chattopadhyay's only work in English, launched his career as a leading Bengali intellectual and political figure. Written in English, Sultana's Dream originated as a way of passing time for its young author while her husband was away on work. Initially published in The Indian Ladies Magazine, Sultana's Dream helped establish Rokeya's reputation as a leading figure in Bengali arts and culture. Rajmohan's Wife is the story of Matangini, a beautiful woman married to a violent, jealous man. Unable to marry the man she loves—who happens to be her own sister's husband—she settles for the villainous Rajmohan, an abusive man who rules his middle-class Bengali household with an iron fist. With the help of her friend Kanak, Matangini does her best to avoid her husband's wrath, illuminating the importance of solidarity among women faced with oppression. Vindictive and cruel, Rajmohan secretly enacts a plan to rob Madhav, his brother-in-law, in order to obtain and invalidate a will. Sultana's Dream is set in Ladyland is a feminist utopia ruled by women, a perfect civilization with no need for men, who remain secluded and without power. Free to develop their own society, women have invented flying cars, perfected farming to the point where no one must work, and harnessed the energy of the sun. With men under control, there is no longer fear, crime, or violence. Ultimately, Ladyland is a world made to mirror our own, a satirical exploration of the absolute power wielded by men over women, and a political critique of Bengali society at large. Sultana's Dream is more than a science fiction story; it is an act of resistance made by a woman who would shape the lives of her people through advocacy, education, and activism for generations to come. With a beautifully designed cover and professionally typeset manuscript, this edition of Bankim Chandra Chatterjee and Rokeya Sakhawat Hossain's Rajmohan's Wife and Sultana's Dream is a classic of Bengali literature and utopian science fiction reimagined for modern readers.

The Cop and the Anthem - O. Henry 2020-08-26

While some try to get out of prison, Soapy, the only character in O. Henry's short story, tries to get into it. Soapy is a homeless guy who prefers the warm cell to the cold night under the New York sky. He does everything he can think of in order to draw the attention of the police. However without any success. Until he hears a magical organ anthem. How will this story develop? Will Soapy manage to get into jail or he will find another way to sort out his life? "The Cop and the Anthem" is a comical short story with a touch of irony which emphatically presents the lower class and the obstacles man has to face. William Sidney Porter (1862-1919), known simply as O. Henry, was a prolific American author of humorous literary pieces. His fame came exceptionally quickly and he became a bestselling author of short story collections, among the most

famous being "Cabbages and Kings", "The Voice of the City", and "Strictly Business." As a result of the outstanding literature legacy that O. Henry left behind, there is an American annual award after his name, given to exceptional short stories.

To Sir, With Love - E. R. Braithwaite 2014-01-14

This schoolroom drama that inspired the classic Sidney Poitier film is "a microcosm of the racial issues . . . A dramatic picture of discrimination" (Kirkus Reviews). With opportunities for black men limited in post-World War II London, Rick Braithwaite, a former Royal Air Force pilot and Cambridge-educated engineer, accepts a teaching position that puts him in charge of a class of angry, unmotivated, bigoted white teenagers whom the system has mostly abandoned. When his efforts to reach these troubled students are met with threats, suspicion, and derision, Braithwaite takes a radical new approach. He will treat his students as people poised to enter the adult world. He will teach them to respect themselves and to call him "Sir." He will open up vistas before them that they never knew existed. And over the course of a remarkable year, he will touch the lives of his students in extraordinary ways, even as they in turn, unexpectedly and profoundly, touch his. Based on actual events in the author's life, *To Sir, With Love* is a powerfully moving story that celebrates courage, commitment, and vision, and is the inspiration for the classic film starring Sidney Poitier.

Kautilya's Arthashastra - Kau?alya 2009-01-01

Kautilya, also known as Chanakya, is India's most illustrious political economist of all time. He regarded economic activity as the driving force behind the functioning of any political dispensation. In fact, he went to the extent of saying that revenue should take priority over the army because sustaining the army was possible out of a well-managed revenue system. Kautilya advocated limiting the taxation power of the State, having low rates of taxation, maintaining a gradual increase in taxation and most importantly devising a tax structure that ensured compliance. He strongly encouraged foreign trade, basing it on the premise that for a successful trade contract to be established, it had to be beneficial to all. He emphasised State control and investment in land, water and mining. Kautilya was a true statesman who bridged the gap between experience and vision. For Kautilya, good governance was paramount. He suggested built-in checks and balances in systems and procedures for the containment of malpractices. Many postulates of Kautilya's philosophy of political economy are applicable to contemporary times.
