Arbeidsbok til Norsk, nordmenn og Norge 2, Antologi - Kathleen Stokker 2010-09-01

This intermediate workbook, like the other materials in the Norsk, nordmenn og Norge series, regards communication as the primary goal of language learning. Experience has shown that students need to pass through a period of meaningful structural practice as they develop their communication skills. The workbook aims to provide that practice in psychologically realistic and useful ways, combining entertaining activities with more traditional exercises. Toward these ends, the workbook features: •an extensive overview of the basics of Norwegian grammar, providing a ready reference throughout the course •a thorough review of elementary Norwegian vocabulary and grammar, allowing students whose preparation in the language differs to share a common knowledge base •Hvem er du? sections that encourage the learner to personalize the material •Litt av hvert sections that provide short summaries of the anthology's reading passages (lesestykker) while reviewing common problems with vocabulary and grammar •crossword puzzles and cartoons. Norsk, nordmenn og Norge: Arbeidsbok (Workbook) is a companion to the Norsk, nordmenn og Norge: Antologi (Anthology) and Lærerveiledning (Teacher's Manual).

### **Organizational Change and Change**

**Management** - Dag Ingvar Jacobsen 2021-04-13

This book explains how change encompasses many different phenomena, occurs in a variety of ways, and can have widely divergent causes and driving forces. It also helps to develop a constructive theory dealing with planned organizational change. The book is divided into two main sections. Part 1 discusses how organizations can tackle change actively in order to meet the new challenges they are facing. The author provides an analysis model based on four elements: driving forces, the content and scope of change, the process of change and the context of change. Part 2 addresses how an organization can implement a planned change. Emphasis is placed on how those who are responsible for implementing the change - the change agents - can apply various change strategies, and how planned change processes can be managed. The author shows how various change strategies and different ways of managing change can be equally effective, but in different situations. The book uses an interdisciplinary outlook, and it is based on research in the fields of psychology and sociology as well as political science and economics. The extensive references to source materials also mean that it is useful for anyone who would like to study organizational change in more depth. Dag Ingvar Jacobsen is the author of several books in the fields of organization and management, political science and methodology. He is co-author of the book *Hvordan organisasjoner fungerer* (How Organizations Function), which is one of the most frequently read books in Scandinavia about organization theory. Jacobsen is a professor at the University of Agder, and is a very popular speaker.

*Norske kvinners liv og kamp* - Bodil Chr.

Erichsen 2017-09-12

Norge er i dag et av verdens mest likestilte land. Hvordan kom vi hit? For første gang foreligger en samlet oversikt over norske kvinners liv og kamp. Forfatteren tar oss med til husmorrollen, opprørene, forsøkene på å tøyne kvinners begjær og krav om like rettigheter, til milepæler som stemmerett, fødselspermisjon og likestillingsloven. Resultatet er omfangsrikt, og gis ut i to bind. Denne første boka gir en kronologisk oversikt over de ulike periodene i kvinnekampen. Forholdet mellom de borgerlige feministene og arbeiderbevegelsens kvinner er en rød tråd i begge bøker. Fram til rundt 1970 bar borgerlige kvinner fram kvinnesaken. Så ble fortroppen venstreradikal. Hvorfor og hvordan skjedde dette? Forfatter Bodil Christine Erichsen besvarer disse spørsmålene og loser oss gjennom ulike feministiske retninger fram til i dag. Bodil Christine Erichsen (f. 1954) er historiker, frilansskribent og utdannet allmennlærer.

THE ILIAD - Homer 2017-04-20

Sing, O goddess, the anger of Achilles son of Peleus, that brought countless ills upon the Achaeans. Many a brave soul did it send hurrying down to Hades, and many a hero did it yield a prey to dogs and vultures, for so were the counsels of Jove fulfilled from the day on which the son of Atreus, king of men, and great Achilles, first fell out with one another. And which of the gods was it that set them on to quarrel? It was the son of Jove and Leto; for he was angry with the king and sent a pestilence upon the host to plague the people, because the son of Atreus had dishonoured Chryses his priest. Now Chryses had come to the ships of the Achaeans to free his daughter, and had brought with him a great ransom: moreover he bore in his hand the sceptre of Apollo wreathed with a suppliant's wreath and he besought the Achaeans, but most of all the two sons of Atreus, who were their chiefs.
