History of Ancient India - Rama Shankar
Tripathi 2014-01-01

The object of this volume is to provide within a moderate compass a compendious account of the history, institutions, and culture of ancient India from the dim ages of antiquity to the establishment of Moslem rule. It has not been planned to meet the needs of any particular

class of readers. Its primary purpose is to serve alike students, scholars, and all others, interested in the study of ancient Indian history, as a book of ready use and reference. The pages which follow every attempt has been made to avoid presenting a mass of the dry bones of historical fact or over-burdening the account with intricate discussions on knotty problems of

history, on the one hand, and giving a mere general and readable survey of India's long and fascinating past, on the other. I have endeavoured to tap and utilise properly the available sources of information, literary, epigraphic, and numismatic, and also to embody and set forth in a consistent manner the results of up-to-date researches on different topics and epochs. All the materials have been patiently sifted and critically examined with the sole desire to arrive at historical truth and scientific accuracy; and the unfortunate tendency, manifest in some modern publications, to extol or decry without warrant any of the manifold aspects of India's panoramic story, has been scrupulously eschewed. This book gives an authoritative, up-to-date, and compendious account of the history, institutions and culture of India from the earliest times to the advent of the Moslem period. It is based on all available materials - literary, epigraphic, and numismatic - and is written in a most elegant, sober, and lucid

style. The author brings to bear upon his task not only profound scholarship and critical acumen but also scrupulous regard for historical truth, the accuracy of facts and impartiality of judgement. The merit of the book has been enhanced by an exhaustive Bibliography and a comprehensive Index. Students, scholars and the general reader alike will find the book highly interesting, useful and valuable for study and references.

Changing Faunal Ecology in the Thar Desert

- B.K. Tyagi 2005-05-01

Changing Faunal Ecology in the Thar Desert - dedicated to the fond memory of Professor Dr.

Ishwar Prakash, the legendary rodentologist - is a unique mlang of scientific investigations on diversified ecological subjects pertaining to different organism groups, from as tiny as protozoa to as giant as mammals. Altogether sixteen contributions, including an original, up-to-date and authentic bio-bibliography of Dr. I. Prakash, make this volume an exceptional treatise penned by 24 expert scientist authors many of whom have spent a life in arid ecosystems including the Thar Desert. The book provides a crystal clear proof of the constantly changing behavioural ecology of animals in the Thar Desert which has been under an ever increasing impact of, among several imminent factors, the Indira Gandhi Nahar Pariyojana (IGNP), one of the worlds largest irrigation systems of its type in a xeric environment. The change is discernible not only in structure and distribution of animals but in their resting, feeding, breeding and, as evident in case of parasites, the extent of parasitism as well as

pathogenecity. Finally, this book offers the first well documented evidence of immense behavioral transformation in various different animal groups in the Tharp Desert a phenomenon of enormous significance for both conservation management and diversity inventorization activities of its faunal wealth.

Tribal Ecosystem and Malnutrition in India -
P. D. Tiwari 1989

The close relationship between ecosystem and nutrition of people is a well-established fact. The influence of ecosystem can be best visualised in the food articles, specially in tribal areas. The magnitude of malnutrition among the tribals of India has increased the need for a systematic understanding and planning to combat this problem and for conservation of the ecosystem. Covers tribals, from all parts of India reflect on the physio-socio-economic and demographic aspects of tribals, changing ecosystem and dietary pattern, food system and nutrient intake, deficiency diseases and strategy for nutrition

planning and ecosystem conservation.

Happily Ever Laughter - Dr. Satish B. Synghal
2014-03-27

? Humour, dominates in more than 50 percent of his stories. It goes without saying that humour refreshes, rejuvenates and removes, stress and depression. The remaining content of the book involves inspirational material, which is intended to dispel unhappiness and ushers in happiness in life. ? The most important lesson conveyed through the stories is, adopt an occupation involving such work, which you enjoy doing and derive most of your pleasure from it. ? People usually have one point agenda: - earning money, which they mistakenly believe can buy happiness. Some amount of money and wealth

are necessary. Family, friends and relationships are equally important as a source of happiness. One must simultaneously nurture these also to remain happy. ? If you want to be respected, pay respect to others. If you want to be happy, try to make others happy and if you want to be rich, help financially those who are in need. In short whatever you want for yourself, start giving in affordable measures to others. ? Whatever you sow, you have to reap its fruit, even if you dislike it. Sow seeds of love, kindness, and noble deeds, to remain happy. ? Sex, marriage, and family can give us joy and happiness. Age, appropriate sex education should be imparted to all, to enable them to remain happy and healthy. ? You would dislike a person, who receives help from you but does not feel thankful for it. It is the Almighty God, who has given us, whatever we have. He will surely appreciate and shower happiness on us if we feel ever grateful to Him for His gifts and blessings.

Ecology Workbook - R. Misra

The workbook is based on the concept of ecosystem, the structural and functional unit of ecology. The main contention of the author to provide better understanding and evaluation of the flow of energy and cycling of water and minerals to the three major plant ecosystems viz. grass, forest and freshwater. The exercises are given separately for each of the three ecosystems. During their exercise they are likely

to reveal the biological basis of organic productivity. The exercise presented in the workbook will lead to better comprehension of the concept of ecosystems. First practice of the exercise on grassland and the laboratory which is likely to equip the worker with knowledge and confidence to move on to the forest or the freshwater areas for study. The other corresponding topics of the three ecosystems has the advantage of comparing and bringing the structural and functional differences between the ecosystems. The work book is useful for under graduates, post graduate students and researcher of Ecology, Botany, Zoology and Environmental Studies.

The East India Company, 1784-1834 - Patrick J. N. Tuck 1998

Education of a Wandering Man - Louis L'Amour
2008-04-29

From his decision to leave school at fifteen to roam the world, to his recollections of life as a

hobo on the Southern Pacific Railroad, as a cattle skinner in Texas, as a merchant seaman in Singapore and the West Indies, and as an itinerant bare-knuckled prizefighter across small-town America, here is Louis L'Amour's memoir of his lifelong love affair with learning—from books, from yondering, and from some remarkable men and women—that shaped him as a storyteller and as a man. Like classic L'Amour fiction, *Education of a Wandering Man* mixes authentic frontier drama—such as the author's desperate efforts to survive a sudden two-day trek across the blazing Mojave desert—with true-life characters like Shanghai waterfront toughs, desert prospectors, and cowboys whom Louis L'Amour met while traveling the globe. At last, in his own words, this is a story of a one-of-a-kind life lived to the fullest . . . a life that inspired the books that will forever enable us to relive our glorious frontier heritage.

Status of Women in the Epic - Shakambari Jayal
2016-01-01

The present book is an attempt to delineate 'The Status of Women in the Epics'. Many scholars have thrown light on the position of women in the Vedic, Buddhist and later periods of ancient Indian history and have also made a study of their status in the legal literature of the times. Only few attempt mainly deals with sexual life in Epics. In this book the original sources drawn upon are the two great Epics, the Mahabharata and the Ramayana. The secondary sources are commentaries, translations and dissertations written on these works. In tracing the status of women in the Epics, the author has strictly endeavored to draw conclusions from the evidences gathered from these two great Epics. The very nature of Epic literature is dealt with in

detail in the introduction, pre-Vedic and Vedic traditions provide the social background of the Epic Society. The characters of the Epics, particularly those of the Mahabharata belong to the Brahmanas and Upanisads period. The customs traced in the narrative parts of the Epics are those found in Sutras. The author has attempted to collect, collate and scrutinize parallel evidences of customs and conditions from the above mentioned literature on the one hand and the Epics on the other.

Swami Vivekananda - Rakesh Tripathi
2019-04-18

Swami Vivekananda: The Journey of a Spiritual Entrepreneur details the events of Vivekananda's life, encompassing his transformation from a nameless wanderer to the most renowned representative of Hinduism of all times. In this book, we come across the Vivekananda who not only created history by delivering the Chicago Lecture in 1893 but also established the Ramakrishna Order through an unparalleled entrepreneurial spirit which brought to the fore his qualities as a decisive leader and an excellent communicator who reached out globally to convey the message of the Vedanta. These attributes of Vivekananda's

personality have remained largely unexplored in most of the books written on him. This book also maps Hinduism and its present-day challenges vis-à-vis its attributes in light of Swami Vivekananda's philosophy and brings forth its contemporary relevance in a practical manner for the reader at a time when the fire of fundamentalism among different faiths has turned religions of the world essentially into separating factors within humanity. Further, it also contains detailed descriptions of practical approaches to translation that will help scholars build a comprehensive framework for translation of complex texts such as the Vedas and Upanishads. It finally concludes with the Indian media's articulate advocacy of Vivekananda's approach on a number of platforms in recent times, to unite humanity despite all its diversity as it is ever more relevant today.

Historiography of Bāṇa Bhaṭṭa - Dhananjay Kumar Singh 2021-01-08

The book , 'Historiography of Bāṇa Bhaṭṭa ' , is important to understand events and lifestyle of seventh century. Today history is not only chronology. Now a day history means the description of life of people, their socio-economic scenario, cultural and religious aspect, beliefs and opinions of people. These aspects of life are more important than chronology. Bāṇa has exposed every important aspects related to life of people. His descriptions are also proved by contemporary historical sources. Clearly it can be said that India of seventh century could not be understood without descriptions of Bāṇa . Thus Bāṇa is not only writer but also a historian.

The People Who Changed the World - R.K. Srivastava 2013-07-01

This book portrays the world history in an

entirely new landscape which highlights the pace of development of all the major civilizations of the world since the dawn of human history. Mans rational behavior compelled him to search and innovate new things in order to emerge victorious in his struggle for existence, and in the process, he elevated human civilization. But different civilizations developed on different lines. Some were fast initially but later turned static, and some were static initially but later gained momentum to become world leaders, while some were in between. The author has broadly categorizes all the world civilizations into seven segments and demonstrated their behavior of development graphically. Indian civilization has been evaluated as initially glorious and highly developed, but later it turned static due to several inherent factors. Anglo-Saxon civilization has been adjudged as initially primitive and after AD 1000 it began to move slowly and later gained pace to become world leader. It has been suggested in the book that

Indians should learn from the Anglo-Saxons and should follow their road to development, which has been heavily propitiated with scientific and technological innovations and rational thinking since AD 1000.

The Truth of Babri Mosque - Ashok Pant

2012-08-31

The word Babri was literally used to define something abnormal, out of sense or mad. Three instances mentioned in Babar-Nama support this. Babars journal is replete with precise detail with a telling image or idiom as a bud resembling a sheeps heart, fell like water on fire which lingers in the readers mind long after the event or anecdote has receded. Few of the phrases and words in the Babar Nama are now part of everyday language in India and Pakistan as Namak Haram means lack of trustworthiness, hamesha means always, bakhshish means gift, maidan means plain area, julab means laxative and the most important, which is of our use here, is Babri/Baburi /Bavala means related to

unhealthy mental state or mad or abandoned or one who is abnormal. Babar writes about his infatuation, after his marriage in March AD 1500, for a boy as, In those days I discovered myself a strange inclination - no, a mad infatuation-for a boy in the camps bazaar, his name was Babri/Baburi being apposite. Until then I had no inclination of love and a couplet of Muhammad Salih came to my mind: When I see my friend I am abashed with shame; My companions look at me, I look away sans aim. This couplet suited my state of mind perfectly. In that maelstrom of desire and passion, and under the stress of youthful folly, I used to wander, bareheaded and barefoot, through streets and lanes, orchards and vineyards. I showed civility neither to friends nor to strangers, took no care of myself or others. Babar clearly stated that guys name was Bavara as he was of raging and flickering nature and Babar himself became Bavara or crazy for him to attain his sexual proximity. That is why the term Babri Mosque is

pecially used only for the construction that was done according to Mughal architecture at Ramjanmabhoomi because it was made for Hindus not for Muslims. Babri Mosque means Mosques of infidels-insane Hindus.
