The Christian Faith - Michael Horton 2011-01-04
Michael Horton's highly anticipated *The Christian Faith* represents his magnum opus and will be viewed as one of—if

not the—most important systematic theologies since Louis Berkhof wrote his in 1932. A prolific, award-winning author and theologian, Professor Horton views this

volume as “doctrine that can be preached, experienced, and lived, as well as understood, clarified, and articulated.” It is written for a growing cast of pilgrims making their way together and will be especially welcomed by professors, pastors, students, and armchair theologians. Features of this volume include: (1) a brief synopsis of biblical passages that inform a particular doctrine; (2) surveys of past and current theologies with contemporary emphasis on exegetical, philosophical, practical, and theological questions; (3) substantial interaction with various Christian movements within the Protestant, Catholic and Orthodoxy traditions, as well as the hermeneutical issues raised by postmodernity; and (4) charts, sidebars, questions for discussion, and an extensive bibliography, divided into different entry levels and topics.

Systematic Theology - Louis Berkhof 1996-09-24

This new printing of Louis Berkhof's classic Systematic Theology represents a publishing landmark. For the first time in its long and acclaimed history, Berkhof's monumental treatment of the doctrines of the Reformed faith is now available together in one volume with Introduction to the Study of Systematic Theology, Berkhof's formal prolegomenon to his theology.

Meant to be read together with Systematic Theology, the Introduction includes Berkhof's discussions of the nature and character of dogmatics, the methods and history of theological system, and the principia, or foundations, of theology - Scripture and God. This edition also includes a new preface by Richard A. Muller that explains both the publishing history and the relation and importance of the Introduction to the rest of Berkhof's text. Written in a concise and compact style and organized in a manner ideal for detailed study, Systematic Theology covers the full range of theology in traditional systematic fashion - examining, in order, the doctrines of God, anthropology, Christology, soteriology, ecclesiology, and eschatology. The work also includes an extensive bibliography and full indexes to the authors, subjects, and Scriptures referenced in the text. Revised and enlarged throughout his lifetime until it reached its present final form, Systematic Theology not only

stands as Berkhof's magnum opus but also is widely considered to be the most important twentieth-century compendium of Reformed theology.

"Bavinck was a man of giant mind, vast learning, ageless wisdom, and great expository skill. Solid but lucid, demanding but satisfying, broad and deep and sharp and stabilizing, Bavinck's magisterial Reformed Dogmatics remains after a century the supreme achievement of its kind."--J. I. Packer, Regent College "This magisterial work exhibits Bavinck's vast knowledge and

appreciation of the Christian tradition. Written from a Reformed perspective, it offers a perceptive critique of modern theology. . . . Recommended."-- Library Journal

Reformed Catholicity - Michael Allen 2015-01-13

Can Christians and churches be both catholic and Reformed? In this volume, two accomplished young theologians argue that to be Reformed means to go deeper into true catholicity rather than away from it. Their manifesto for a catholic and Reformed approach to dogmatics seeks theological renewal through retrieval of the rich resources of the historic Christian tradition. The book provides a survey of recent approaches toward theological retrieval and offers a renewed exploration of the doctrine of sola scriptura. It includes a substantive afterword by J. Todd Billings.

The Last Things - Herman
Bavinck 1996
Herman Bavinck's

Gereformeerde Dogmatiek represents the concluding high point of some four centuries of remarkably productive Dutch Reformed theological reflection. From Bavinck's numerous citations of key Dutch Reformed theologians such as Voetius, de Moor, Vitringa, van Mastricht, Witsius, and Walaeus as well as the important Leiden Synopsis purioris theologiae, it is clear he knew that tradition well and claimed it as his own. At the same time Bavinck was not simply a chronicler of his own church's past teaching. He seriously engaged other theological traditions, notably the Roman Catholic and the modern liberal Protestant ones; effectively mined the church fathers and great medieval thinkers; and placed his own distinct neo-Calvinist stamp on the Reformed Dogmatics. - John Bolt.

Reformed Dogmatics - Herman Bavinck 2008-06-01

first time all four volumes of Herman Bavinck's complete Reformed Dogmatics. This masterwork will appeal not only to scholars, students, pastors, and laity interested in Reformed theology but also to research and theological libraries.

Reprobation and God's Sovereignty - Peter Sammons 2022-01-25

God's right to judge humanity is written on the very fabric of human existence. The doctrine of reprobation--that is, the eternal, unconditional decree of God for the non-elect--is frequently misconstrued in both pastoral and theological literature. In *Reprobation and God's Sovereignty*, Peter Sammons reintroduces this oft-misunderstood doctrine, revealing its relationship to divine sovereignty. With Romans 9 as a guiding text, Sammons presents a thoroughly researched defense of reprobation as an essential part in a Reformed theology that magnifies God and encourages believers to trust in him. *Reprobation and God's*

Sovereignty clearly defines and demonstrates from Scripture the foundational terms and doctrines required for properly understanding reprobation, such as: God's justice Election Compatibilism Secondary causality Preterition Predamnation Understanding these theological ideas proves vital to answering life's all-important question, "Who is God?" Sammons shows how the doctrine of reprobation leads to a greater admiration for God, eliciting higher praise, reverence, and belief in him.

Bavinck on the Christian Life - John Bolt 2015-08-31

The importance of Dutch theologian Herman Bavinck to Reformed theology is difficult to overstate. Bavinck's comprehensive four volume systematic theology, *Reformed Dogmatics*, is a modern classic that has influenced countless pastors and theologians over the past 100 years. In *Bavinck on the Christian Life*, scholar John Bolt brings the great Dutch theologian's life and work to bear on following Jesus in the 21st century. By

practically applying Bavinck's systematic works to the Christian life and looking at the life of the man himself, this book shows the direct connection between robust theology, practical holiness, and personal joy. John Owen is widely hailed as one of the greatest theologians of all time. His many works—especially those encouraging Christians in their struggle against sin—continue to speak powerfully to readers today, offering much-needed spiritual guidance for following Christ and resisting temptation day in and day out. Starting with an overview of Owen's life, ministry, and historical context, Michael Haykin and Matthew Barrett introduce readers to the pillars of Owen's spiritual life. From exploring his understanding of believers' fellowship with the triune God to highlighting his teaching on justification, this study invites us to learn about the Christian life from the greatest of the English Puritans. Part of the Theologians on the Christian Life series.

A Body of Divinity - James Ussher 2007-06

"Archbishop James Ussher (1581-1656) was a leader par excellence among the Irish Puritans. His colorful history is inseparable from that of Irish Christianity and from major events transpiring simultaneously in England and Scotland. Ussher's range of achievements are outstanding, including ancient languages, patristics, ancient and Irish history, theology, and chronology. Though he is best known for his biblical chronology, I believe that his Body of Divinity is his most valuable legacy. This volume, long overdue to be reprinted, was once regarded as a classic in the field of Reformed systematic theology and deserves to be so regarded again. Here is pristine Irish Puritan theology, presented to us in a captivating question and answer format." --Joel R. Beeke, Puritan Reformed Theological Seminary, Grand Rapids, Michigan

Concise Reformed Dogmatics - J. van Genderen

2008

This full treatment of Reformed systematic theology is accessible to church officers and interested lay readers, as well as teachers and students of theology. As in the celebrated Dutch edition, it is formatted with two visually distinct levels of discussion for use either as an introduction or in more advanced study.

Guidebook for Instruction in the Christian Religion -

Herman Bavinck 2022-03-15

“In writing this Guidebook,” Bavinck says in his preface, “I had in mind, the pupils in the highest classes of our Christian gymnasium, public schools, in the education of teachers, and in normal schools, etc. and moreover those who desire to understand the main content of our Christian, Reformed confession of faith through a not too comprehensive or expensive book.” Herman Bavinck completed *Guidebook for Instruction in the Christian Religion* in 1913 and reprinted it in the Netherlands in 1931. He originally intended it for high school students and

Christians of every confession. Bavinck’s goal was to make Christians more familiar with the rich, deep thoughts of Scripture as universally expressed in the Christian faith. *Guidebook for Instruction in the Christian Religion* is an introductory systematic theology by one of the foremost theologians of the past century. Alongside *The Sacrifice of Praise*, this is Bavinck at his best doing catechetical theology. To this end, Bavinck sets off to explain in a simplified manner the main contents of the Christian religion, even giving it a title that is a tip of the hat to John Calvin’s *Institute of the Christian Religion*. While Bavinck’s lengthy *Reformed Dogmatics* is an academic work, *Guidebook for Instruction* serves a more egalitarian aim. It is a theological guide for the everyday person in the pew. In this one—and much shorter—volume, Bavinck walks Christian readers through all the major topics covered in *Reformed*

Dogmatics with theological depth and insight.

Orthodox Yet Modern - Cory C. Brock 2020-07-22

Herman Bavinck showed that orthodox theology continues to speak authoritatively today. Since the English translation from Dutch of Herman Bavinck's magisterial 4-volume Reformed Dogmatics, there has been a blossoming interest in Bavinck's theology. Readers have been drawn to Bavinck for his faithfulness to the Reformed tradition while also engaging the questions of 19th-century Europe. Far from simply revisiting the older dogmatic systems, Bavinck faithfully engages modern trends like historical-criticism, the epistemological problems raised by Kant, the rationalism of the philosophes, and the radical changes ushered in through the French and European revolutions. The question then is, was Bavinck orthodox, modern, or both? In Orthodox yet Modern, Cory C. Brock argues that Bavinck acts as a bridge between orthodox and modern views, insofar as

he subsumes the philosophical-theological questions and concepts of theological modernity under the conditions of his orthodox, confessional tradition. By exploring the relation between Bavinck and Schleiermacher, Orthodox yet Modern presents Herman Bavinck as a theologian eager to engage the contemporary world, rooted in the catholic and Reformed tradition, absorbing the best of modernity while rejecting its excesses. Bavinck represents a theologian who is at once orthodox, yet modern.

The Doctrine of God - Herman Bavinck 1977

The doctrine of God is the foundation of Christian theology and the prerequisite of all true faith. This translation provides, in the words of Hendriksen, 'a spiritual treat' for the serious reader.

The Philosophy of Revelation - Herman Bavinck 1908

Essays on Religion, Science, and Society - Herman Bavinck

2008-06

The Body of Writing: An Erotics of Contemporary American Fiction examines four postmodern texts whose authors play with the material conventions of "the book": Joseph McElroy's Plus (1977), Carole Maso's AVA (1993), Theresa Hak Kyung Cha's DICTEE (1982), and Steve Tomasula's VAS (2003). By demonstrating how each of these works calls for an affirmative engagement with literature, Flore Chevallier explores a centrally important issue in the criticism of contemporary fiction. Critics have claimed that experimental literature, in its disruption of conventional story-telling and language uses, resists literary and social customs. While this account is accurate, it stresses what experimental texts respond to more than what they offer. This book proposes a counter-view to this emphasis on the strictly privative character of innovative fictions by examining experimental works' positive ideas and affects, as well as readers'

engagement in the formal pleasure of experimentations with image, print, sound, page, orthography, and syntax. Elaborating an erotics of recent innovative literature implies that we engage in the formal pleasure of its experimentations with signifying techniques and with the materiality of their medium. Such engagement provokes a fusion of the reader's senses and the textual material, which invites a redefinition of corporeality as a kind of textual practice.

Bavinck - James Eglinton 2020-09-29

Dutch Calvinist theologian Herman Bavinck, a significant voice in the development of Protestant theology, remains relevant many years after his death. His four-volume Reformed Dogmatics is one of the most important theological works of the twentieth century. James Eglinton is widely considered to be at the forefront of contemporary interest in Bavinck's life and thought. After spending considerable time in the Netherlands researching

Bavinck, Eglinton brings to light a wealth of new insights and previously unpublished documents to offer a definitive biography of this renowned Reformed thinker. The book follows the course of Bavinck's life in a period of dramatic social change, identifying him as an orthodox Calvinist challenged with finding his feet in late modern culture. Based on extensive archival research, this critical biography presents numerous significant and previously ignored or unknown aspects of Bavinck's person and life story. A black-and-white photo insert is included. This volume complements other Baker Academic offerings on Bavinck's theology and ethics, which together have sold 90,000 copies.

In partnership with the Dutch Reformed Translation Society, Baker Academic is proud to offer the first volume of Herman Bavinck's complete Reformed Dogmatics in English for the very first time. Bavinck's approach throughout

is meticulous. As he discusses the standard topics of dogmatic theology, he stands on the shoulders of giants such as Augustine, John Calvin, Francis Turretin, and Charles Hodge. This masterwork will appeal to scholars and students of theology, research and theological libraries, and pastors and laity who read serious works of Reformed theology.

ADOPTION - Charles Spurgeon

In this issue of the Free Grace Broadcaster on adoption, Robert Alexander Webb introduces us to the importance of this vital doctrine, giving us three reasons why it is so important. Charles Spurgeon declares that God's act of predestinating sinners to the adoption of children is an act of pure grace. What are the causes of adoption? John Gill answers by demonstrating the gracious work of the Father, the Son, and the Holy Ghost as the cause of that miracle of grace. John Murray describes the Fatherhood of God biblically,

distinguishing it from the false notion that all people are the children of God. He also explains that adoption is neither justification nor regeneration, while being intimately connected to both. Abraham Booth tells us that God's grace reigns in adoption and offers clear biblical ways that believers are united to God and made part of His heavenly family. What is the nature of adoption? And what are its benefits? Do you know? David Martyn Lloyd-Jones explains both with biblical clarity and the force of truth. Scottish theologian and minister John Dick sharply contrasts the satanic family of which believers were once a part with the glory and splendor of being in God's righteous family. How does one know if he or she is indeed a child of God? Octavius Winslow beautifully explains the witness of God's Spirit in our souls that we know that we are the children of God. Then, with clarity and moving imagery, John Eadie makes a valiant attempt to tell us what it

means when the apostle John says, "We shall be like him"—like Christ Jesus! And finally, Thomas Reade helps us to consider the sacred evidence of sonship. He, like Winslow, wants to help us answer the question, "Am I a child of God?" No regenerate soul can read these thoughts without being moved and without desiring to finish his course to the glory of Christ Who saved us. Articles: The Importance of Adoption - Robert Alexander Webb (1856-1919) - God's adoption of sinners as His children is a glorious and beautiful biblical truth; but God's people have not always recognized its importance, nor have they considered it as deeply and thoroughly as justification and regeneration. An Act of Pure Grace - Charles H. Spurgeon (1834-1892) - an overview of adoption that begins in God's eternal purpose before the creation of the world and appears in history through God's mighty work in sinners' hearts. The Causes of Adoption - John Gill (1697-1771) - The Father, the

Son, and the Holy Spirit are all vitally involved in the amazing grace of transforming sinners into sons and daughters of the Triune God. The Fatherhood of God - John Murray (1898-1975) - God's gracious acts of justification and regeneration are distinct from but connected to the grace of God in adopting sinners into His family. Grace Reigns in Adoption - Abraham Booth (1734-1806) - a survey of the sovereign grace of Almighty God as He gloriously transforms slaves of sin into His free children with all the privileges and graces of His divine family. Nate and Benefits of Adoption - David Martyn Lloyd-Jones (1899-1981) - How is the word adoption used in Scripture? And what benefits and assurances does a converted sinner enjoy as a child of the God? Read prayerfully. From Satan's Family to God's - John Dick (1764-1833) - To appreciate the astonishing love of God in adopting sinners into His family, we must understand something about the sinful, satanic family from which He

saves us. The Witness of the Spirit - Octavius Winslow (1808-1878) - The Holy Spirit of God bears witnesses in the hearts of believers that they are indeed God's eternally loved, blood-bought children. Do you have this witness? We Shall Be Like Him - John Eadie (1810-1876) - What does it mean that believers will be like Christ? Here are precious thoughts on which to meditate deeply. Sacred Evidence of Sonship - Thomas Shaw B. Reade (1776-1841) - a precious collection of profound thoughts on discerning whether we are truly the children of God.

A Little Book for New Theologians - Kelly M. Kopic 2012-07-05

In this quick and vibrant little book, Kelly Kopic presents the nature, method and manners of theological study for newcomers to the field. He emphasizes that theology is more than a school of thought about God, but an endeavor that affects who we are. "Theology is about life," writes Kopic. "It is not a conversation our souls can afford to avoid."
