Journalism of the 21st Century Longlisted for the National Book Award Los Angeles Times, Best Nonfiction Gift One of President Obama's Favorite Books of 2021 This compelling #1 New York Times bestseller examines the legacy of slavery in America—and how both history and memory continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work

sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful

role that memory and history can play in making sense of our country and how it has come to be.

Feminist Frameworks and the Bible - L. Juliana

Claassens 2017-10-19

This volume on intercultural biblical interpretation includes essays by feminist scholars from Botswana, Germany, New Zealand, Nigeria, South Africa, and the United States. Reading from a rich variety of socio-cultural locations, contributors present their hermeneutical frameworks for interpretation of Hebrew Bible texts, each framework grounded in the writer's journey of professional or social formation and serving as a prism or optic for feminist critical analysis. The volume hosts a lively conversation about the nature and significance of biblical interpretation in a global context, focusing on issues at the nexus of operations of

power, textual ambiguity, and intersectionality. Engaged here are notions of biblical authority and postures of dissent; women's agency, discernment, rivalry, and alliance in ancient and contemporary contexts; ideological constructions of sexuality and power; interpretations related to indigeneity, racial identity, interethnic intimacy, and violence in colonial contexts; theologies of the feminine divine and feminist understandings of the sacred; convictions about interdependence and conditions of flourishing for all beings in creation; and ethics of resistance positioned over against dehumanization in political, theological, and hermeneutical praxes. Through their textual and contextual engagements, contributors articulate a broad spectrum of feminist insights into the possibilities for emancipatory visions of community.

Our Long Walk to Economic Freedom - Johan Fourie

2022-06-30

Our Long Walk to Economic Freedom is an entertaining and engaging guide to global economic history told for the first time from an African perspective. In thirty-five short chapters Johan Fourie tells the story of 100,000 years of human history spanning humankind's migration out of Africa to the Covid-19

pandemic. His unique account reveals just how much we can learn by asking unexpected questions such as 'How could a movie embarrass Stalin?', 'Why do the Japanese play rugby?' and 'What do an Indonesian volcano, Frankenstein and Shaka Zulu have in common?'. The book sheds new light on urgent debates about the roots and reasons for prosperity, the march of opportunity versus the crushing boot of exploitation, and why it is the builders of society - rather than the burglars -who ultimately win out.

Wayward Feeling - Helene Strauss 2022-05-30

Inventive new methods of audio-visual mediation and aesthetic activism have been giving shape, since at least the mid-2000s, to feelings of despair, disappointment, and rage at the injustice that South Africa's colonial and apartheid histories continue to trail in their wake. Wayward Feeling reveals how racism, sexism, and other forms of structural disenfranchisement have continued to assert themselves

in affective terms, and how these terms have been recast in spaces both public and intimate in "post-rainbow" times. Helene Strauss argues that the tension between aspiration and achievability has yielded modes of feeling that increasingly disrupt the thrall of post-apartheid nation-building and reconciliation myths, even as wide-spread attachment to the utopian ideals of the anti-apartheid struggle continues to shape dissenting political organising and cultural production.

Drawing on a variety of audio-visual forms - including video installations, conceptual artwork, documentary film, live art, and sonic installations - Wayward Feeling examines some of the affective resources that people in contemporary South Africa have been drawing on to make difficult lives more bearable.

"I have discovered the secret that after climbing a great hill, one only

finds that there are many more hills to climb. I have taken a moment here to rest, to steal a view of the glorious vista that surrounds me, to look back on the distance I have come. But I can rest only for a moment, for with freedom comes responsibilities, and I dare not linger, for my long walk is not ended." In 1994, Nelson Mandela became the first president of a democratic South Africa. From the outset, he was committed to serving only a single five-year term. During his presidency, he and his government ensured that all of South Africa's citizens became equal before the law, and he laid the foundation for turning a country riven by centuries of colonialism and apartheid into a fully functioning democracy. *Dare Not Linger* is the story of Mandela's presidential years, drawing heavily on the memoir he began to write as he prepared to leave office, but was unable to finish. Now the acclaimed South African writer Mandla Langa has completed the task, using Mandela's

unfinished draft, detailed notes that Mandela made as events were unfolding, and a wealth of unseen archival material. With a prologue by Mandela's widow, Graça Machel, the result is a vivid and often inspirational account of Mandela's presidency and the creation of a new democracy. It tells the story of a country in transition and the challenges Mandela faced as he strove to make his vision for a liberated South Africa a reality.

In this inspiring collection of true stories, thirty African-Americans who were children or teenagers in the 1950s and 1960s talk about what it was like for them to fight segregation in the South-to sit in an all-white restaurant and demand to be served, to refuse to give up a seat at the front of the bus, to be among the first to integrate the public schools, and to face violence, arrest, and even death for the cause of freedom.
