## Gender and Sexuality Diversity in a Culture of Limitation - Tania Ferfolja 2020-05-10

Gender and Sexuality Diversity in a Culture of Limitation provides an outstanding and insightful critique of the ways that contemporary education is impacted by a range of political, social and cultural influences that inform the approaches that schools take in relation to gender and sexuality diversity. By applying feminist poststructural and Foucauldian frameworks, the book examines the ongoing impact of broader socio-cultural discourse on the lives of gender and sexuality diverse students and teachers. Beginning with an overview of the impact of how a culture of limitation is realised in Australia, the focus moves beyond this context to examine state and federal policies from comparable societies in countries including the USA and the UK and their effect on the production of knowledges and what's permissible to include in educational curriculum. This research-driven book thus provides a comparative, international overview of the current state of gender and sexuality diversity in schools, and convincingly demonstrates that despite some empowerment of gender and sexuality diverse individuals, silencing and marginalization remain powerful forces. This book will be of great interest to graduate and postgraduate students, academics, professionals, and policy makers interested in the field of gender and sexuality in education. It is essential reading for those involved in pre-service and in-service teacher education, diversity education, the sociology of education, as well as education more generally.

## *USB Embedded Hosts* - Jan Axelson 2011-11-01

Developers who want to access USB devices from their embedded systems will find a helpful resource in USB Embedded Hosts: The Developer's Guide. This new book from the author of USB Complete shows how small systems can take advantage of the same wealth of USB devices available to conventional PCs. The book begins with a review of USB host communication protocols. Readers then learn which USB host requirements are relaxed for embedded systems and what new requirements some embedded systems must meet. To help in selecting a development platform, the book explores available hardware and software for USB host communications in small systems. The heart of the book focuses on communicating with USB devices. The topics (with example code) include USB drives, keyboards, virtual serial ports, network bridges, mics, speakers, video cameras, and printers, plus devices that don't fit defined USB classes. Also discussed are systems that support both USB host and device functions. The example code is written for the BeagleBoard-xM open development board using a distribution of Linux targeted to small systems. Also covered is how to use Linux commands and utilities to learn about, monitor, and debug communications with USB devices.

## **One Tribe at a Time** - Jim Gant 2014-03-26

"Major Jim Gant, a man seen by many of us as the 'perfect insurgent,'--an inspiring, gifted, courageous leader... -- GENERAL DAVID H. PETRAEUS (U.S. Army, Ret.) THE PAPER THAT ROCKED OSAMA BIN LADEN Team members during the May 2, 2011 U.S. military raid that killed Osama Bin Laden seized piles of Al Qaeda intelligence. One piece of evidence found in Bin Laden's personal sleeping quarters was an English language copy of Jim Gant's One Tribe at a Time. It contained notes in the margins consistent with others identified as written by Osama Bin Laden. A directive from Osama Bin Laden to his intelligence chief was also discovered. It identified Jim Gant by name as an impediment to Al Qaeda's operational objectives for eastern Afghanistan. Bin Laden ordered that Gant be assassinated. "[One Tribe at a Time] was hugely important...at a time when I was looking for ideas on Afghanistan...[Gant] was the first to write it down, in a very coherent fashion, very readable, very encouraging frankly...and there is enormous power in that." -- General David H. Petraeus (U.S. Army, Ret.) quoted in American Spartan: The Promise, The Mission, and The Betrayal of Special Forces Major Jim Gant by Ann Scott Tyson Washington Post reporter Ann Scott Tyson read "One Tribe at a Time," and - informed by her combat experience in Afghanistan and Iraq and her eight years as a reporter in China - she realized that Jim's paper made sense. She decided to write a story about Jim entitled, "Jim Gant, the Green Beret who could win the war in Afghanistan." After the article appeared in January 2010, as Jim was in Washington, D.C., attending Pashto language training, he met Ann and the two fell in love. She followed his mission in Afghanistan and wrote AMERICAN SPARTAN: The Promise, the Mission, and the Betrayal of Special Forces Major Jim Gant.

*Angels and Demons in Art* - Rosa Giorgi 2005

This sumptuously illustrated volume analyzes artists' representations of angels and demons and heaven and hell from the Judeo-Christian tradition and describes how these artistic portrayals evolved over time. As with other books in the Guide to Imagery series, the goal of this volume is to help contemporary art enthusiasts decode the symbolic meanings in the great masterworks of Western Art. The first chapter traces the development of images of the Creation and the Afterworld from descriptions of them in the Scriptures through their evolution in later literary and philosophical works. The following two chapters examine artists' depictions of the two paths that humans may take, the path of evil or the path of salvation, and the punishments or rewards found on each. A chapter on the Judgment Day and the end of the world explores portrayals of the mysterious worlds between life and death and in the afterlife. Finally, the author looks at images of angelic and demonic beings themselves and how they came to be portrayed with the physical attributes—wings, halos, horns, and cloven hooves—with which we are now so familiar. Thoroughly researched by and expert in the field of iconography, *Angels and Demons in Art* will delight readers with an interest in art or religious symbolism.

From the New York Times bestselling author of *Sepulchre* and *Labyrinth*—a compelling story of love, ghosts and remembrance. World War I robbed England and France of an entire generation of friends, lovers and futures. In Freddie Watson's case, the battlefields took his beloved brother and, at times, his peace of mind. In the winter of 1928, still seeking some kind of resolution, Freddie is travelling through the

beautiful but forbidding French Pyrenees. During a snowstorm, his car spins off the mountain road. Freezing and dazed, he stumbles through the woods, emerging in a tiny village, where he finds an inn to wait out the blizzard. There he meets Fabrissa, a lovely young woman also mourning a lost generation. Over the course of one night, Fabrissa and Freddie share their stories. By the time dawn breaks, Freddie will have unearthed a tragic mystery that goes back through the centuries, and discovered his own role in the life of this old remote town. By turns thrilling, poignant, and haunting, this is a story of two lives touched by war and transformed by courage.

[Eyeseas](#) - Raymond Queneau 2008

"In the United States, Raymond Queneau (1903-1976) is known mainly for his novel *Zazie dans le metro*, which was made into a film by Louis Malle, for *Exercises in Style*, and for being the founder and one of the most important members of the literary movement known as Oulipo. In France and much of Europe Queneau is known for his prolific and wide ranging writings. During his lifetime some 18 novels, 10 volumes of poetry, 7 volumes of essays, and countless published writings, commentaries, and reviews kept him in public view (and continue to do so today as much of his writing is still in print in France). His reputation as a writer continues to grow with new biographies, critical writings, and anthologies appearing every year. An explorer of linguistics as well as a mathematician, he often combined his love of both subjects such that the essence of his writings resides not in its "content" but in the sounds and the form of the text. He often argued that the real subject of his work is language itself. Because of this many of his novels, and especially his poems, are virtually impossible to translate into English as they are based on spoken versus literary French, puns, street slang, and complex variations of word play and spelling. *Les Ziaux* (*Eyeseas*) presents a survey of his poems as written from his early Surrealist days of the 1920's through to 1943 and is representative of Queneau's range of poetic voices."--BOOK JACKET.

**When I Was Old** - Georges Simenon 2016-02-04

'For personal reasons, or for reasons I don't know myself, I began feeling old, and I began keeping notebooks. I was nearing the age of sixty' Georges Simenon's autobiographical notebooks, in which he recorded his observations, experiences, anxieties and 'all the silly ideas that pass through my head', are one of the most candid self-portraits of a writer ever put to paper. Here, as the celebrated author ruthlessly examines his tortuous writing methods, his past, his fame, his intimate relationships and his fears of ageing, the result is an unsparing, often painfully revealing insight into a man trying both to find and to escape himself. 'As revealed in these notebooks, Simenon's is a shrewd, lucid mind ... the balance tips toward the real, the immediate, the mysteries of human complexity above all ... Utterly unpretentious' The New York Times

**Post-Mortem Journal Communications from Lawrence of Arabia Through the Mediumship of Jane Sherwood** - Jane Sherwood 2009-07

There is probably no stranger nor more controversial book that Jane Sherwood's report, through automatic writing, of the identity of a communicator from the other side of the grave who chose to call himself 'Scott'. After many years of enforced silence, as a result of a solemn promise given to Scott, Jane Sherwood reveals his true identity, namely, Colonel T. E. Lawrence (Lawrence of Arabia). *Post-Mortem Journal* opens at the moment of Lawrence's death when he finds himself lying at the roadside by his shattered motorbike, unaware that he is actually 'dead'. It continues over the years and shows us the development and salvation of a tortured and guilty man who, for the first time, is forced into admitting his weaknesses and vanities during his earthly life and is only now able to come to terms with himself. Such revelations are both harrowing and magnificent. 'As to the validity', says Jane Sherwood, 'of the information contained in "Scott's" journal I can only vouch for my own honesty; what I have received is here set down without addition or modification. The readers must judge of its probability for themselves.'

**Spinning Side Kick** - Anita Lahey 2011

Anita Lahey's second collection, *Spinning Side Kick*, is a hard-knuckled look at the other half. These lively poems mix a girl-about-town cockiness with an all-too-rare emotional honesty about men, love, and relationships. Whether the subject is a one-man chimney demolition, the

lifelong fidelity of seahorses, a lover at war in Afghanistan or a kickboxing match, Lahey confronts the enduring disconnect between the sexes in a language that is slangy and quick, punctuated with jabs. She eyes those moments—in a day, in a life—when the normal clues we rely on disappear, shifting the line between domesticity and danger. In *Spinning Side Kick*, a talented poet returns with sharper aim.
