Beautiful, clever, and more than a little bored, Ania Khurana has Delhi wrapped around her finger. Having successfully found love for her spinster aunt, she sets her sights on Dimple: her newest, sweetest, and most helpless friend. But when her aunt's handsome nephew arrives from America, the social tides in Delhi begin to shift. Surrounded by old money and new; relentless currents of gossip; and an unforgettable cast of socialites, journalists, gurus, and heirs, Ania discovers that her good intentions are no match for the whims and intrigues of Delhi's high society--or for her own complicated feelings toward her cherished childhood friend, Dev. Pairing razor-sharp observation and social comedy with moments of true tenderness, this delicious whirl through the mansions of India's dazzling elite celebrates that there's no one route to perfect happiness.

Syncretism/Anti-Syncretism - Rosalind Shaw 2003-12-16

Syncretism - the synthesis of different religious - is a contentious word. Some regard it as a pejorative term, referring to local versions of notionally standard 'world religions' which are deemed 'inauthentic' because saturated with indigenous content. Syncretic versions of Christianity do not conform to 'official' (read 'European') models. In other contexts however, the syncretic amalgamation of religions may be validated as a mode of resistance to colonial hegemony, a sign of cultural survival, or as a means of authorising

political dominance in a multicultural state. In Syncretism/Anti-Syncretism the contributors explore the issues of agency and power which are integral to the very process of syncretism and to the competing discourses surrounding the term.

The Emergence of International Society in the 1920s - Daniel Gorman 2012-08-20

Chronicling the emergence of an international society in the 1920s, Daniel Gorman describes how the shock of the First World War gave rise to a broad array of overlapping initiatives in international cooperation. Though national rivalries continued to plague world politics, ordinary citizens and state officials found common causes in politics, religion, culture and sport with peers beyond their borders. The League of Nations, the turn to a less centralized British Empire, the beginning of an international ecumenical movement, international sporting events and audacious plans for the abolition of war all signaled internationalism's growth. State actors played an important role in these developments and were aided by international voluntary organizations, church groups and international networks of academics, athletes, women, pacifists and humanitarian activists. These international networks became the forerunners of international NGOs and global governance.

The 10 Habits of Happy Mothers - Meg Meeker 2011-03-08

This sanity-saving guide "offers practical ways to help you let go of 'mom guilt' in order to become a happier, healthier woman" (Parent & Child). Now with wellness tips and exercises! The pressure on women today has pushed many American mothers to the breaking point. It feels as if "doing your best" is never enough to please everyone, and the demands mothers place on themselves are both impossible and unrealistic. Now Meg Meeker, M.D., critically acclaimed author of *Strong Fathers, Strong Daughters*, puts her twenty-five years' experience as a practicing pediatrician and counselor into a sound, sane approach to reshaping the frustrating, exhausting lives of so many moms. Mothers are expected to do it all: raise superstar kids, look great, make good salaries, volunteer for everything, run errands, keep a perfect house, be the perfect wife. Single mothers often have even more demands—and less support. In this rallying cry for change, Dr. Meeker incorporates clinical data and her own experience raising four children to show why mothers suffer from the rising pressure to excel and the toll it takes on their emotional, physical, mental, and spiritual health. Too many mothers are increasingly lonely, anxious, depressed, and unhappy with themselves, refusing to let themselves off the hook. Here, Dr. Meeker has identified the 10 most positive habits of mothers who are healthy, happy, and fulfilled. The key is to embrace a new perspective and create real joy and purpose by utilizing such core habits as • making friends with those who know the meaning of friendship • finding out what money can buy (and what it cannot) • lightening the overload—and doing less more often • discovering faith and learning how to trust it • taking some alone time and reviving yourself Mothers, it's time to view the unconditional trust that you see in your children's eyes when they take your hand or find your face in a crowd as a mirror of your own wonder and worth. You are the light that shines in their lives, the beacon that guides them. By implementing the key strategies in Dr. Meeker's book, you can be happy, hopeful, and a wonderful role model. You can teach your children to be the very best they can be—and isn't that still the most precious reward of motherhood?

It discusses the many and varied uses to which mills were turned in the civilisations of Rome, China, Islam and Europe, and the many types of mill that existed. The book also includes comparative regional studies of the social and economic significance of milling, and tackles several important historiographical issues, such as whether technological stagnation was a characteristic of late Antiquity, whether there was an industrial revolution in the European Middle Ages based on waterpower, and how contemporary studies in the social shaping of technology can shed light on the study of pre-modern technology."
