The Economics of Iraq - Amer K. Hirmis

2018-03-12

Meticulously researched and written by Dr Amer K. Hirmis the book takes readers 6000 years back to early Mesopotamian polity, culture, and religious codes which shaped the economy, and continue to shape much of the body of Iraq's polity, economy and society today. Economic

inefficiency, inequality and lack of sufficient employment are common threads that run throughout Mesopotamian/Iraqi economic history. The persistence of poverty, high unemployment, conscious discrimination against women, and a polity dictating blind allegiance and obedience from the subjects to the ruler, denied the Iraqis achieving economic development, the ultimate aim of which is the sustained improvement of the well-being of the people. Even when economic growth was attained, it was desperately non-inclusive. With a novel approach to economic development, this book examines Iraq's economy over the past 100 years. It establishes the historical roots in the consumption patterns, nature of the producers, the economic structure, trade, monetary and fiscal policy and resource allocation. In all these areas the echoes from the ancient past are striking. The principles of Sumerian taxes are still applied in present-day Iraq. The book proposes a set of conditions, which will need to

be created for Iraq to achieve economic development and functional democracy, in the distant future.

The Power of Prayer (Channeling Brain Waves Through Dhikr) - Ahmed Hulusi 2014-06-20

"Prayer is the weapon of a believer." -

Muhammad (saw) Prayer is the act of actualizing one's wants through the divine powers present within. There is of course a scientific explanation to this act. Essentially prayer is 'guided brain waves.' Just as the dimension of knowledge transforms into energy and the quantum field to form the universe, the wants and desires of consciousness emanate from the dimension of knowledge to reveal themselves as the wants and desires of man and become actualized through the densification of guided brain waves. Due to this, the stronger the concentration level,

the faster the response will be to the prayer. "And he who turns away from My dhikr (the absolute reality of which I have reminded him), indeed, he will have a restricted life (limited by the conditions of his body and mind), and We will resurrect him as blind in the period of Doomsday." Quran 20:124 Since only a very small percentage of the brain is employed while a large part of brain capacity remains unused, dhikr allows the activation of this larger percentage. The bio-electrical energy produced in specific regions in the brain via dhikr spreads to other regions and activates the dormant cells thereby increasing brain activity. Whatever the dhikr is about, the frequency corresponding to that meaning is emanated to the cells and thus brain capacity relevant to that particular meaning is increased.

*The Four Light - Suarh Al-mulk Surah As-sajdah Surah Ar-rahman Surah Al-waqi'ah* -  
Authenticate Ulama's Organization 2016-10-04  
The Qur'an should be recited daily so that in

short spaces of time entire recitations are completed. This is something that many are punctual with in Ramadan, however, it is not something that is exclusive to that month. It's blessings transcend to every instance in our lives. To facilitate this, a table has been included at the end of this book which we can use to encourage and remind ourselves of this manner of pleasing Allah Ta'ala. Either we can tick a day when we reach a specific goal of verses/pages each day, or we can insert a number (to represent verses/pages) if our daily timetables are unpredictable or inconstant. In this manner we can still try to read a fixed number of pages per day One should try to aim for a Juz (Parah) a day. If one is trying to create a habit and this is too much, start smaller, e.g. a few pages. With the gradual build up of speed and comfort in reading, one will be able to set this or even higher goals. One should also try and read the Qur'an with a reputable translation at hand so one can reflect upon the meaning of what is

recited. This is why the translation has also been included in this publication (and also our other Publications). With this addition we hope that our recitation of the Qur'an will rise above a repetition of unknown words, and progress to giving audience to the Words of Allah Ta'ala, and taking the commands and advices of Allah Ta'ala to heart. The chapters of the Qur'an presented in this book are those which should be recited daily. If one is not able to recite so much comfortably, then one should start with one or even part of one of these Surahs daily. The specific benefits for reciting each of these chapters are mentioned under their separate headings.

*The Meaning of the Glorious Koran* - Marmaduke William Pickthall 1953

A translation of the Koran into English by a native English speaker. Pickthall meant the work to convey the meaning of the Koran rather than to serve as a replacement for reading it in Arabic. He believed that "the Koran cannot be

translated". The structure includes a short introduction summarizing the life of Mohammed and explaining the organization of the surahs (in the order that Mohammed preferred them rather than by chronological revelation or by consistent theme). The copy of the Koran that Pickthall used was written in 1246 C.E. by Al-Hajj Muhammad Shakarzâdeh from Turkey.

**Rohingyalish - Rohingya Language -** Eng.  
Mohammed Siddique 2013-12-12

Rohingyalish is the writing system of Rohingya people of Arakan State of Burma (Myanmar). Rohingya is an ethnic Muslim minority group. The first Rohingya writing system, which used Arabic script, has been originated since 350 years ago. They are culturally and linguistically different from other ethnic groups in Burma. Though there are two writing systems known as Arabic Script and Hanifi-Script the latest Rohingyalish writing system has been the one which is the most easiest and widely accepted worldwide and has been accepted by ISO on 18

July 2007 awarding ISO code 639-3 rhg. The writing system was founded by Eng. Mohammed Siddique in the year 2000. It has been so intuitively designed that it takes virtually no time to learn as the writing and the reading exactly match to each other and it uses only few letters A to Z and two other Latin letters Ç (retroflex r) and Ñ (nasal sound) including five accented vowels. The first few pages include the Alphabet Table, Samples different vowels, examples of different word patterns, the language concept chart to help teachers convey the language concept followed by step by step illustration with pictures. It is suggested that the basic concept of the vowels be explained to the students before starting the actual lessons. The teacher can access many different online tutorials available to master the concept.

**A Reader on Classical Islam** - F. E. Peters  
1993-12-27

To enable the reader to shape, or perhaps reshape, an understanding of the Islamic tradition, F. E. Peters skillfully combines extensive passages from Islamic texts with a fascinating commentary of his own. In so doing, he presents a substantial body of literary evidence that will enable the reader to grasp the bases of Muslim faith and, more, to get some sense of the breadth and depth of Islamic religious culture as a whole. The voices recorded

here are those of Muslims engaged in discourse with their God and with each other--historians, lawyers, mystics, and theologians, from the earliest Companions of the Prophet Muhammad down to Ibn Rushd or "Averroes" (d. 1198), al-Nawawi (d. 1278), and Ibn Khaldun (d. 1406). These religious seekers lived in what has been called the "classical" period in the development of Islam, the era when the exemplary works of law and spirituality were written, texts of such universally acknowledged importance that subsequent generations of Muslims gratefully understood themselves as heirs to an enormously broad and rich legacy of meditation on God's Word. "Islam" is a word that seems simple to understand. It means "submission," and, more specifically in the context where it first and most familiarly appears, "submission to the will of God." That context is the Quran, the Sacred Book of the Muslims, from which flow the patterns of belief and practice that today claim the spiritual allegiance of hundreds of millions

around the globe. By drawing on the works of the great masters--Islam in its own words--Peters enriches our understanding of the community of "those who have submitted" and their imposing religious and political culture, which is becoming ever more important to the West.

### **Bridges' Translation of the Ten Qira'At of the Noble Qur'an** - Fadel Soliman 2020-02-10

Bridges' translation aims to help non-Arabic readers in pondering the Qur'an (tadabbor). The translators focused not only on translating what God meant to say, but also on translating how He spoke. There are three main new features in this translation that make it unique: 1. It is the first translation which includes the ten Qira'at (modes of recitation). The main text is written in accordance with the Qira'a of Asem, narrated by Hafs. Variations from that are presented in footnotes denoted by 'Q'. The translation presents around 30% of the variations of the

Qira'at--those which affect the meaning. 2. It is the first translation that takes into consideration the Qur'anic phenomenon of grammatical shifts, whether in verb tenses, numbers, or pronouns. These are a great source of pondering for the reader. 3. To denote whether a pronoun like 'you' or an imperative verb like 'say' is plural, dual, or singular, the translators did not impose their understanding on the reader by adding text between brackets like (O Prophet) to denote singular form, or (O mankind) to denote plural form. Rather, this distinction was achieved by adding a superscript after pronouns and imperative verbs. For example: you<sup>pl</sup> is used for a plural pronoun, you<sup>sg</sup> for a singular pronoun, and you<sup>dl</sup> for a dual pronoun.

Ramadan and Fasting - Rewards Unlimited -

Iqrasense 2013-06-18

Ramadan and fasting in Ramadan are one of the VERY beloved acts of worship (and Ibadah) in

the eyes of Allah! This book provides Allah's commands, prophet guidance and scholarly advice and interpretation on a great Islamic month - Ramadan. It also covers the virtues of fasting - rewards that no one can comprehend. Consider the following about Ramadan and Fasting. The prophet said, ““Whoever fasts the month of Ramadan out of faith and in the hope of earning reward, all his previous sins will be forgiven, and whoever stays up during Laylat al-Qadr out of faith and in the hope of earning reward, all his previous sins will be forgiven.” (Agreed upon). ” Nothing probably explains more about the blessings of Ramadan than the Night of Decree (Laylatal Qadr) - the worship during that ONE night is better than worshipping Allah for more than ONE THOUDAND months! On the Night of the Decree in Ramadan, descend the angels and the Rooh [Jibreel (Gabriel)] by Allah's Permission with all Decrees, In this month, Allaah opens the gates of Paradise and closes the gates of Hell,

and chains up the devils, as is stated in al-Saheehayn (al-Bukhaari, 1898; Muslim, 1079), from the hadeeth of Abu Hurayrah who said that the Messenger of Allaah (peace and blessings of Allaah be upon him) said: "When Ramadaan comes, the gates of Paradise are opened and the gates of Hell are closed, and the devils are chained up." Whoever prays qiyaam in Ramadaan with the imam until he finishes, it will be recorded for him that he spent the whole night in prayer, because of the report narrated by Abu Dawood (1370) and others from the hadeeth of Abu Dharr (may Allaah be pleased with him) that the Messenger of Allaah (peace and blessings of Allaah be upon him) said: "Whoever prays qiyaam with the imam until he finishes, it will be recorded for him that he spent the whole night in prayer."
