A time when men sold their souls for a bag of gold and women sold their bodies for a place to sleep. Angel expects nothing from men but betrayal. Then she meets Michael Hosea, a man who seeks his Father’s heart in everything. Michael obeys God’s call to marry Angel and to love her unconditionally. Slowly, day by day, he defies Angel’s every bitter expectation, until despite her resistance, her frozen heart begins to thaw. But with her unexpected softening comes overwhelming feelings of unworthiness and fear. And so Angel runs. Back to the darkness, away from her husband’s pursuing love, terrified of the truth she no longer can deny: her final healing must come from the One who loves her even more than Michael does . . . the One who will never let her go. The City, Not Long After - Pat Murphy 2014-04-15

A chilling postapocalyptic novel of hope, despair, art, and war from the Nebula and Philip K. Dick Award-winning author of *The Falling Woman*. A plague wiped out most of the population, but some have been spared. In San Francisco, those who were left—painters, writers, dreamers—began rebuilding the city in their image: a society based on art, community, and peace. But not everyone has the same pacifist ideals. When a mysterious young woman, Jax, appears in San Francisco, she brings disturbing news. There’s a power-hungry man, a general,

moving across California, annexing cities and rebuilding his own version of America, willing to destroy anyone who stands in his way. His sights are set on the Golden Gate Bridge, and his army will soon descend, bringing guns, determination, and violence. If Jax and her allies are to survive, they’ll have to defend themselves with nothing more than their creativity—and the soul of a city that refuses to be dominated. Drawing comparisons to the mind-bending work of Gabriel García Márquez, this lush and thought-provoking dystopian novel is an examination of human spirit, for better or worse, and a magical journey into what it means to survive.

The secret history of our most vital organ--the human heart *The Man Who Touched His Own Heart* tells the raucous, gory, mesmerizing story of the heart, from the first "explorers" who dug up cadavers and plumbed their hearts' chambers, through the first heart surgeries—which had to be completed in three minutes before death arrived—to heart transplants and the latest medical efforts to prolong our hearts' lives, almost defying nature in the process. Thought of as the seat of our soul, then as a mysteriously animated object, the heart is still more a mystery than it is understood. Why do most animals only get one billion beats? (And how did modern humans get to over two billion—effectively letting us live out two lives?) Why are sufferers of gingivitis more likely to have heart attacks? Why do we often undergo expensive procedures when cheaper ones are just as effective? What do Da Vinci, Mary Shelley, and contemporary Egyptian archaeologists have in common? And what does it really feel like to touch your own heart, or to have someone else's beating inside your chest? Rob Dunn's fascinating history of our hearts brings us deep inside the science, history, and stories of the four chambers we depend on most.

That's why she turns down a date with Brad, the guy she secretly likes but her friends have labeled as a loser, to keep her promise to watch Sierra's back at a party. She's been date raped, and she doesn't want anyone to know. Not her parents, not her goody-two-shoes best friend Molly, and definitely not Brad. But keeping quiet leaves Hannah stuck in depression, fear, and self-blame, creates an ever-widening rift between her and Molly, and reinforces the lie that she is a hypocrite who gets drunk and sleeps around. The only way out is an act of courage she isn't sure she is capable of. When Hannah decides to reinvent herself into someone unafraid to speak her truth -- or to date Brad no matter what anyone thinks-- friends and enemies alike pressure her to go back to being quiet, while her own fear and pain keep getting in her way. But if she doesn't silence the frightened voice in her head and stand up for herself and other survivors, there's no way she'll ever be able to reclaim her happiness. And she's not the only one who could get hurt if she lets her rapist win.
