**Narcoland** - Anabel Hernandez 2013-09-10

The product of five years' investigative reporting, the subject of intense national controversy, and the source of death threats that forced the National Human Rights Commission to assign two full-time bodyguards to its author, Anabel Hernández, Narcoland has been a publishing and political sensation in Mexico. The definitive history of the drug cartels, Narcoland takes readers to the front lines of the "war on drugs," which has so far cost more than 60,000 lives in just six years. Hernández explains in riveting detail how Mexico became a base for the mega-cartels of Latin America and one of the most violent places on the planet. At every turn, Hernández names names - not just the narcos, but also the politicians, functionaries, judges and entrepreneurs who have collaborated with them. In doing so, she reveals the mind-boggling depth of corruption in Mexico's government and business elite. Hernández became a journalist after her father was kidnapped and killed and the police refused to investigate without a bribe. She gained national prominence in 2001 with her exposure of excess and misconduct at the presidential palace, and previous books have focused on criminality at the summit of power, under presidents Vicente Fox and Felipe Calderón. In awarding Hernández the 2012 Golden Pen of Freedom, the World Association of Newspapers and News Publishers noted, "Mexico has become one of the most dangerous countries in the world for journalists, with violence and impunity remaining major challenges in terms of press freedom. In making this award, we recognize the strong stance Ms. Hernández has taken, at great personal risk, against drug cartels."

*Tango Lessons* - Marilyn G. Miller 2014-01-13

From its earliest manifestations on the street corners of nineteenth-century Buenos Aires to its ascendancy as a global cultural form, tango has continually exceeded the confines of the dance floor or the music hall. In *Tango Lessons*, scholars from Latin America and the United States explore tango's enduring vitality. The interdisciplinary group of contributors—including specialists in dance, music, anthropology, linguistics, literature, film, and fine art—take up a broad range of topics. Among these are the productive tensions between tradition and experimentation in tango nuevo, representations of tango in film and contemporary art, and the role of tango in the imagination of Jorge Luis Borges. Taken together, the essays show that tango provides a kaleidoscopic perspective on Argentina's social, cultural, and intellectual history from the late nineteenth to the early twenty-first centuries. *The Seduction of Modern Spain* - Aurora G. Morcillo 2010

This book examines how sexual politics, specifically those surrounding the modernization of a consumer economy, are key to understanding the transformation of Spain from isolated dictatorship to modern state. It focuses on issues concerning modernity and the commodification of the female body under the dictatorship of Francisco Franco in the 1950s and 1960s. These two decades are critical to understanding this transformation because they coincide with the opening of markets, the freer movement of people in and out of the country through tourism and emigration, and the embracing of the "American way of life" popularized in Hollywood movies. From a gender perspective this "in between moment" in Homi Bhabha's terms, from autarchy to consumerism favored the transition from the virginal female model, prescribed by the regime, (what the author calls "True Catholic Womanhood") to a seductive modern woman that the media sold to Spanish women. This study will add a significant piece to the growing corpus of literature on the body as an essential element of analysis in gender history and in the power dynamics of culture. It will help to fill a gap in the field of Spanish Cultural Studies in general and the emerging field of cultural

Spanish history in particular. The originality of this study resides in Dr. Morcillo's use of feminist theories of the body to study archival sources of the Francoist years. Of special interest are the collections of Ministry of Culture and Administrative papers Women's Section of Falange at the Archivo General de la Administracion in Alcala de Henares. Also important are the works of intellectuals of the period, as well as health books, maternity and hygiene guides, conduct manuals, and documents produced by the Catholic Church hierarchy with regard to moral behavior and sexual mores that provide a textured analysis of gender relations under the dictatorship. The author's interest in unveiling the regime's technologies of control of ordinary Spaniards is covered through the study of the media, printed press, and the movie industry of this period particularly the so-called New Spanish Cinema inaugurated in the 1960s, illustrating how ads and films shaped and contested the regime's vision of modernity and gender roles. Through the production of dual versions of films the censorship process utilized women's cinematic bodies to present a more liberal image of Spain in the international scene. While nudity was allowed in the international versions the domestic productions continued to cut the customary kiss. The economy of desire displayed in today's Almodovar's films is already present in movies like La Tia Tula by Miguel Picazo (1964). This book will be essential for scholars and students interested in Ibero-American cultural studies, gender, religion, and totalitarian politics.

Upside Down - Eduardo Galeano 2014-05-13

From the winner of the first Lannan Prize for Cultural Freedom, a biting funny, kaleidoscopic vision of the first world through the eyes of the third Eduardo Galeano, author of the incomparable Memory of Fire Trilogy, combines a novelist's intensity, a poet's lyricism, a journalist's fearlessness, and the strong judgments of an engaged historian. Now his talents are richly displayed in Upside Down, an eloquent, passionate, sometimes hilarious exposé of our first-world privileges and assumptions. In a series of lesson plans and a "program of study" about our beleaguered planet, Galeano takes the reader on a wild trip through the global looking glass. From a master class in "The Impunity of Power" to a seminar on "The Sacred Car"--with tips along the way on "How to Resist Useless Vices" and a declaration of "The Right to Rave"--he surveys a world unevenly divided between abundance and deprivation, carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, Upside Down makes us see the world anew and even glimpse how it might be set right. "Galeano's outrage is tempered by intelligence, an ineradicable sense of humor, and hope." - Los Angeles Times, front page

The Dictator's Seduction - Lauren H. Derby 2009-01-01

The dictatorship of Rafael Trujillo, who ruled the Dominican Republic from 1930 until his assassination in 1961, was one of the longest and bloodiest in Latin American history. The Dictator's Seduction is a cultural history of the Trujillo regime as it was experienced in the capital city of Santo Domingo. Focusing on everyday forms of state domination, Lauren Derby describes how the regime infiltrated civil society by fashioning a "vernacular politics" based on popular idioms of masculinity and fantasies of race and class mobility. Derby argues that the most pernicious aspect of the dictatorship was how it appropriated quotidian practices such as gossip and gift exchange, leaving almost no place for Dominicans to hide or resist. Drawing on previously untapped documents in the Trujillo National Archives and interviews with

Dominicans who recall life under the dictator, Derby emphasizes the role that public ritual played in Trujillo's exercise of power. His regime included the people in affairs of state on a massive scale as never before. Derby pays particular attention to how events and projects were received by the public as she analyzes parades and rallies, the rebuilding of Santo Domingo following a major hurricane, and the staging of a year-long celebration marking the twenty-fifth year of Trujillo's regime. She looks at representations of Trujillo, exploring how claims that he embodied the popular barrio antihero the tiguere (tiger) stoked a fantasy of upward mobility and how a rumor that he had a personal guardian angel suggested he was uniquely protected from his enemies. The Dictator's Seduction sheds new light on the cultural contrivances of autocratic power.

**Cultural Encounters** - Mary Elizabeth Perry 2018-08-14

More than just an expression of religious authority or an instrument of social control, the Inquisition was an arena where cultures met and clashed on both shores of the Atlantic. This pioneering volume examines how cultural identities were maintained despite oppression. Persecuted groups were able to survive the Inquisition by means of diverse strategies—whether Christianized Jews in Spain preserving their experiences in literature, or native American folk healers practicing medical care. These investigations of social resistance and cultural persistence will reinforce the cultural significance of the Inquisition.

**Anna Karenina (Illustrated)** - Leo Tolstoy 2014-08-12

Anna Karenina (Russian: «Анна Каренина»; Russian pronunciation: [ˈanːə kɐˈrʲenʲɪnə])[1] is a novel by the Russian writer Leo Tolstoy, published in serial installments from 1873 to 1877 in the periodical *The Russian Messenger*. Tolstoy clashed with editor Mikhail Katkov over political issues that arose in the final installment (Tolstoy's unpopular views of volunteers going to Serbia); therefore, the novel's first complete appearance was in book form in 1878. Widely regarded as a pinnacle in realist fiction, Tolstoy considered Anna Karenina his first true novel, when he came to consider *War and Peace* to be more than a novel.

Fyodor Dostoyevsky declared it to be flawless as a work of art. His opinion was shared by Vladimir Nabokov, who especially admired the flawless magic of Tolstoy's style, and by William Faulkner, who described the novel as the best ever written.[2] The novel is currently enjoying popularity, as demonstrated by a recent poll of 125 contemporary authors by J. Peder Zane, published in 2007 in *The Top Ten in Time*, which declared that Anna Karenina is the greatest novel ever written

**The Right to Dress** - Giorgio Riello 2019-01-31

This is the first global history of dress regulation and its place in broader debates around how human life and societies should be visualised and materialised. Sumptuary laws were a tool on the part of states to regulate not only manufacturing systems and moral economies via the medium of expenditure and consumption of clothing but also banquets, festivities and funerals. Leading scholars on Asian, Latin American, Ottoman and European history shed new light on how and why items of dress became key aspirational goods across society, how they were lobbied for and marketed, and whether or not sumptuary laws were implemented by cities, states and empires to restrict or channel trade and consumption. Their findings reveal the significance of sumptuary laws in medieval and early modern societies as a site of contestation between individuals and states and how dress as an expression of identity developed as a modern 'human right'.

**Transatlantic Malagueñas and Zapateados in Music, Song and Dance** - Walter Aaron Clark 2019-06-20

*Transatlantic Malagueñas and Zapateados* is an exploration of two fandango dances, recording the circulations of people, imagery, music, and dance across what were once the Spanish and Portuguese Empires. Although these dance-musics seem to be mirror images, the unbreachable space between them reflects the political fault-lines along which nineteenth-century musical populism and folkloric nationalism extend into present-day debates about globalization, immigration, neoliberalism, and neofascism. If malagueñas are a fantastic incarnation of Spanishness, caught like a fly in amber by their anachronistic references to a fraught imperial past, noisy and raucous zapateado dances cut toward the future. Inherently marked by European conventions of zapatos (shoes), zapateados are nonetheless shaped by Africanist and Native American footwork traditions. In these Afro-Indigenous mestizajes, not only are European aesthetic values reordered and resignified, but the Catholic catechism which indoctrinated the New World yields to alternate spiritual systems springing out of a culture of resistance to European domination.
