Dark Edge of Honor - Aleksandr Voinov
2018-09-24

Sergei Stolkov is a faithful officer, though his deepest desires go against the Doctrine. A captain with the invading Doctrine forces, he believes that self-sacrifice is the most heroic act, and his own needs are only valid if they serve the state. Mike, an operative planted within Cirokko's rebels, has been ordered to seduce

Sergei and pry from him the Doctrine's military secrets. His mission is a success, but as he captures Sergei's heart, Mike is tempted by his own charade and falls in love. When the hostile natives of the planet Cirokko make their move, all seems lost. Can Mike and Sergei survive when the Doctrine's internal affairs division takes an interest in what happened in the dusty mountains of Zasadka Pass?

Quid Pro Quo - Aleksandr Voinov 2013-01

For the past six months, Jared's been selling sex at Market Garden, a London club that caters to the better-off. But business is slow in the run-up to Christmas, when businessmen and bankers are too busy bickering over bonuses to rent themselves a little high-class action. Though Jared's wallet finds the downtime unnerving, the rest of him rather enjoys the opportunity it gives him to admire Tristan, an old hand in the club whose reputation usually sees him well-booked. Jared has been crushing on Tristan for months—he's no more immune to Tristan's cockiness and confidence than the johns, and those are just Tristan's inner qualities. Just as Jared's about to chat Tristan up, a businessman asks for something a little different: he wants to

book them both. They agree—and Jared finds himself going from crush to mind-bending lust as he's made the pawn in a sexual power game. Tristan shows him how a pro handles a john while delivering the top-shelf sex for which the Market Garden is so rightly renowned.

Gray's Girl - Mina Carter 2019-04-04

One hot rugby player. One dangerous game. International rugby star Leighton Gray is lonely. He might be "Big L" to his fans and appear to be living the dream, but he has no one to share his fabulous life with. He doesn't like the desperate groupies that hang around the team, hoping to hook up with a player--what Leighton needs is the girl next door. So when his best friend and fellow player, Damon, decides to set up a blind date for his sister, Leighton quickly steps in. He's been crushing hard on Damon's sister for years--if anyone is taking her out, it's him. Frankie Cross is fed up with men. After finding her fiancé buried balls deep in a blonde bimbo, she vows to stay away from the

opposite sex for a good long time. When her brother wants to set her up on a blind date with the skinny little runt he befriended years ago, she's not interested. But one look at the tall, muscular Adonis standing in her doorway changes her mind. Little Leighton is all grown up, and Frankie is having some very naughty thoughts about the man he has become. Maybe it's time to play Leighton's game, even if it is a bit dangerous...

Incursion - Aleksandr Voinov 2016-07-08

Fighting with your back to the wall is all well and good—as long as you've chosen the right wall. When the local authorities ask Kyle Juenger to hunt a shape-shifting Glyrinny spy, he can't

refuse. After all, he can use the reward to replace his paralyzed legs with cyberware, and maybe even to return to his home planet. Besides, he hates the morphs—those invasive, brain-eating monstrosities whose weapons cost him his legs. Kyle's best lead is the Scorpion, a mercenary ship armed to the teeth. Grimm, the Scorpion's pilot and captain, fascinates Kyle. He's everything Kyle lost with his legs, and he's from the same home world. He's also of the warrior caste—half priest, half savior. But Grimm's been twisted by life as a merc, and Kyle's stuck undercover as a criminal on the run. That doesn't stop Grimm from coming on to Kyle, or from insisting he's more than the sum of his past and his useless legs. But Kyle has other concerns—like tracking a dangerous morph who could be wearing anyone's face. And as if things weren't complicated enough, Kyle can't tell if Grimm is part of the solution . . . or part of the problem.

Skybound - Aleksandr Voinov 2012-12

"Love soars." Germany, 1945. The Third Reich is on its knees as Allied forces bomb Berlin to break the last resistance. Yet on an airfield near Berlin, the battle is far from over for a young mechanic, Felix, who's attached to a squadron of fighter pilots. He's especially attached to fighter ace Baldur Vogt, a man he admires and secretly loves. But there's no room for love at the end of the world, never mind in Nazi Germany. When Baldur narrowly cheats death, Felix pulls him from his plane, and the pilot makes his riskiest move yet. He takes a few days' leave to recover, and he takes Felix with him. Away from the pressures of the airfield, their bond deepens, and Baldur shows Felix the kind of brotherhood he'd only ever dreamed of before. But there's no escaping the war, and when they return, Baldur joins the fray again in the skies over Berlin. As the Allies close in on the airfield where Felix waits for his lover, Baldur must face the truth that he is no longer the only one in mortal danger.

Unhinge the Universe - Aleksandr Voinov
2016-07-15

December 1944 - The Battle of the Bulge SS Lieutenant Hagen Friedrichs is the sole survivor of a party sent to retrieve his brother-and the highly sensitive information he's carrying-from behind enemy lines. But his daring rescue attempt fails, and Hagen becomes the prisoner. Allied command has ordered Captain John Nicholls to extract critical intelligence from their new Nazi POW. His secrets could turn the tide of the war, but are they real? John is determined to find out . . . and to shatter the prisoner who killed his lover during the attack on their tiny

base. The deeper he digs, though, the more he realizes that the soldier under the SS uniform is just like him: a scared, exhausted young man who's lost loved ones and just wants to go home. As captor and captive form an unexpected bond, the lines quickly blur between enemy, friend, and lover. And as horrifying rumors spread from the front lines and American soldiers turn their sights on the SS for vengeance, John may be Hagen's only hope for survival. This 75,000 word novel was previously published.

Broken Blades - Aleksandr Voinov 2016-02-19
They only had one night together—a stolen interlude at the 1936 Olympics. After Mark Driscoll challenged Armin Truchsess von Kardenberg to a good-natured fencing match, there was no resisting each other. Though from different worlds—an Iowa farm boy and a German aristocrat—they were immediately drawn together, and it was an encounter neither has ever forgotten. Now it's 1944, and a plane crash in hostile territory throws them back together,

but on opposite sides of a seemingly endless war. Facing each other as opponents is one thing. As enemies, another thing entirely. And to make matters worse, Mark is a POW, held in a cold, remote castle in Germany... in a camp run by Armin. They aren't the young athletes they were back then. The war has taken wives, limbs, friends, leaving both men gray beyond their years, shell-shocked, and battered. The connection they had back then is still alive and well, though, and from the moment Mark arrives, they're fencing again—advancing, retreating, testing defenses. Have they been given a second chance? Or have time and a brutal war broken both men beyond repair?

Restoring Lands - Coordinating Science, Politics and Action - Herman Karl 2012-02-03
Environmental issues, vast and varied in their details, unfold at the confluence of people and place. They present complexities in their biophysical details, their scope and scale, and the dynamic character of human action and

natural systems. Addressing environmental issues often invokes tensions among battling interests and competing priorities. Air and water pollution, the effects of climate change, ecosystem transformations—these and other environmental issues involve scientific, social, economic, and institutional challenges. This book analyzes why tackling many of these problems is so difficult and why sustainability involves more than adoption of greener, cleaner technologies. Sustainability, as discussed in this book, involves knowledge flows and collaborative decision processes that integrate scientific and technological methods and tools, political and governance structures and regimes, and social and community values. The authors synthesize a holistic and adaptive approach to rethinking the framework for restoring healthy ecosystems that are the foundation for thriving communities and dynamic economies. This approach is that of collective action. Through their research and practical experiences, the

authors have learned that much wisdom resides among diverse people in diverse communities. New collaborative decision-making institutions must reflect that diversity and tap into its wisdom while also strengthening linkages among scientists and decision makers. From the pre-publication reviews: "Finally, we have a book that explains how science is irrelevant without people. It's people who decide when and how to use science, not scientists. This book gives us a roadmap for how to really solve complex problems. It involves hard work, and creating new relationships between scientists and the public that don't typically exist in our society." - John M. Hagan, Ph.D. President, Manomet Center for Conservation Sciences
Dark Soul - Aleksandr Voinov 2012-03-01
"A killer's moral compass rarely points true, and among made men, being gay is a capital crime. But Silvio Spadaro, deadly prodigy and heir to a Family fortune, is determined to find his own way -- at the feet of the man he loves or by the

barrel of a gun -- no matter the dangers or costs."--P. [4] of cover.

The Impending Catastrophe and How to Combat It - V. I. Lenin 2012-09-01

Belomor - Julie S. Draskoczy 2019-08-28

Containing analyses of everything from prisoner poetry to album covers, *Belomor: Criminality and Creativity in Stalin's Gulag* moves beyond the simplistic good/evil paradigm that often accompanies Gulag scholarship. While acknowledging the normative power of Stalinism—an ethos so hegemonic it wanted to harness the very mechanisms of inspiration—the volume also recognizes the various loopholes offered by artistic expression. Perhaps the most infamous project of Stalin's first Five-Year Plan, the *Belomor* construction was riddled by paradox, above all the fact that it created a major waterway that was too shallow for large crafts. Even more significant, and sinister, is that the project won the backing of famous

creative luminaries who enthusiastically professed the doctrine of self-fashioning. *Belomor* complicates our understanding of the Gulag by looking at both prisoner motivation and official response from multiple angles, thereby offering a more expansive vision of the labor camp and its connection to Stalinism.

Gold Digger - Aleksandr Voinov 2016-10-09

Not all that glitters is gold. Nikolai Krasnorada leads the life of a corporate nomad. Working for a gold explorations company, he's never put down roots, and he likes it that way. Roots can be dangerous, as everyone from his "man-hating" sister to his manipulative mother to his war-traumatized father has proven. But when his CEO sends him to Toronto to strike a deal with LeBeau Mining, Nikolai meets Henri LeBeau, crown prince to the resources conglomerate and inveterate flirt. Sparks fly immediately, despite the business deal that threatens to go sour and Nikolai's own reluctance to give Henri false hope about him being Mr. Right. He's barely

come to terms with his bisexuality, and getting involved with Henri would get messy. When LeBeau Mining launches a hostile takeover bid, Nikolai and Henri find themselves on opposite sides of the negotiating table. But fortunately – or perhaps unfortunately – for Nikolai, Henri’s not nearly as interested in his company as he is in his heart.

Scorpion - Aleksandr Voinov 2018-12-23

Never stop fighting. Kendras is a casualty of war: injured, penniless, and quite possibly the last surviving member of the only family he's ever had—the elite fighting force known as the Scorpions. When a steel-eyed mercenary offers him medicine and shelter in exchange for submission and a secret task, Kendras has no choice but to accept. He is a Scorpion; he'll do whatever it takes to survive. But his true goal is to rebuild the Scorpions. Neither Steel's possessive nature nor Kendras's shattered foot can keep him from finding the last of his brothers, or the mysterious leader of the

Scorpions, the man who held Kendras's heart long before Steel tried to take it for himself. The goal is simple, the situation anything but. To rescue his leader and escape from Steel for good, Kendras must fight through a morass of politics and intrigue where enemies may be allies and even allies have hidden agendas. But Kendras isn't only fighting for his lost lover and tribe—he soon realizes that nothing less than the birth of an Empire is at stake. This 70,000-word novel has been previously published.

Redeeming Jack - Kate Pearce 2016-12-31

Missionary - Aleksandr Voinov 2019-03-19

*** LARGE PRINT EDITION *** Before he found love, he had to find himself. Mormon missionary Joshua Hawthorne vanished and was presumed dead for five years. Then, seemingly out of nowhere, he returned to Seattle a new man—a seasoned war veteran with a new accent and a new name. Now Julien, he came home to make peace with his dying father, and also to reconcile with Chris, his best friend and the man Julien had never stopped loving. After reuniting, he told Chris about the night everything changed. The long, hot night spent with a group of soldiers from the French Foreign Legion. The night a disillusioned missionary could no longer deny who he was. This 26,000 word prequel to No Distance Left to Run is the story of the night

that changed Joshua's life forever.

A Little Corner of Freedom - Douglas R. Weiner 1999-02-26

While researching Russia's historical efforts to protect nature, Douglas Weiner unearthed unexpected findings: a trail of documents that raised fundamental questions about the Soviet political system. These surprising documents attested to the unlikely survival of a critical-minded, scientist-led movement through the Stalin years and beyond. It appeared that, within scientific societies, alternative visions of land use, resource exploitation, habitat protection, and development were sustained and even publicly advocated. In sharp contrast to known Soviet practices, these scientific societies prided themselves on their traditions of free elections, foreign contacts, and a pre-revolutionary heritage. Weiner portrays nature protection activists not as do-or-die resisters to the system, nor as inoffensive do-gooders. Rather, they took advantage of an unpoliced realm of speech and

activity and of the patronage by middle-level Soviet officials to struggle for a softer path to development. In the process, they defended independent social and professional identities in the face of a system that sought to impose official models of behavior, ethics, and identity for all. Written in a lively style, this absorbing story tells for the first time how organized participation in nature protection provided an arena for affirming and perpetuating self-generated social identities in the USSR and preserving a counterculture whose legacy survives today.

Counterpunch - Aleksandr Voinov 2011-11-01
'Fight like a man, or die like a slave.' Brooklyn Marshall used to be a policeman in London, with a wife and a promising future ahead of him. Then he accidentally killed a rioter whose father was a Member of Parliament and had him convicted of murder. To ease the burden on the overcrowded prison system, Brooklyn was sold into slavery rather than incarcerated. Now, he's

the "Mean Machine," a boxer on the slave prizefighting circuit, pummeling other slaves for the entertainment of freemen and being rented out for the sexual service of his wealthier fans. When Nathaniel Bishop purchases Brooklyn's services for a night, it seems like any other assignation. But the pair form an unexpected bond that grows into something more. Brooklyn hesitates to call it "love"--such things do not exist between freemen and slaves--but when Nathaniel reveals that he wants to help get Brooklyn's conviction overturned, he dares to hope. Then, an accident in the ring sends Brooklyn on the run, jeopardizing everything he has worked so hard to achieve and sending him into the most important fight of all--the fight for freedom.

Urbanization, Biodiversity and Ecosystem Services: Challenges and Opportunities - Thomas Elmqvist 2013-09-21

Urbanization is a global phenomenon and the book emphasizes that this is not just a social-

technological process. It is also a social-ecological process where cities are places for nature, and where cities also are dependent on, and have impacts on, the biosphere at different scales from local to global. The book is a global assessment and delivers four main conclusions: Urban areas are expanding faster than urban populations. Half the increase in urban land across the world over the next 20 years will occur in Asia, with the most extensive change expected to take place in India and China Urban areas modify their local and regional climate through the urban heat island effect and by altering precipitation patterns, which together will have significant impacts on net primary production, ecosystem health, and biodiversity Urban expansion will heavily draw on natural resources, including water, on a global scale, and will often consume prime agricultural land, with knock-on effects on biodiversity and ecosystem services elsewhere Future urban expansion will often occur in areas where the

capacity for formal governance is restricted, which will constrain the protection of biodiversity and management of ecosystem services

The Cossack Myth - Serhii Plokyh 2012-07-26

In the years following the Napoleonic Wars, a mysterious manuscript began to circulate among the dissatisfied noble elite of the Russian Empire. Entitled *The History of the Rus'*, it became one of the most influential historical

texts of the modern era. Attributed to an eighteenth-century Orthodox archbishop, it described the heroic struggles of the Ukrainian Cossacks. Alexander Pushkin read the book as a manifestation of Russian national spirit, but Taras Shevchenko interpreted it as a quest for Ukrainian national liberation, and it would inspire thousands of Ukrainians to fight for the freedom of their homeland. Serhii Plokyh tells the fascinating story of the text's discovery and dissemination, unravelling the mystery of its authorship and tracing its subsequent impact on Russian and Ukrainian historical and literary imagination. In so doing he brilliantly illuminates the relationship between history, myth, empire and nationhood from Napoleonic times to the fall of the Soviet Union.

Soviet Jews in World War II - Harriet Murav
2019-08-28

This volume discusses the participation of Jews as soldiers, journalists, and propagandists in combating the Nazis during the Great Patriotic

War, as the period between June 22, 1941, and May 9, 1945 was known in the Soviet Union. The essays included here examine both newly-discovered and previously-neglected oral testimony, poetry, cinema, diaries, memoirs, newspapers, and archives. This is one of the first books to combine the study of Russian and Yiddish materials, reflecting the nature of the Jewish Anti-Fascist Committee, which, for the first time during the Soviet period, included both Yiddish-language and Russian-language writers. This volume will be of use to scholars, teachers, students, and researchers working in Russian and Jewish history.

Lost Fantasy Hero - Iceman Blue 2015-02-01

As destiny calls upon James, a rough and tough biker, he has to save a magical kingdom where he encounters a cast of legendary demons, guards, and princesses ... Another fantastic story by Iceman Blue which is as erotic as it is funny.

War and Memory in Russia, Ukraine and Belarus

- Julie Fedor 2017-12-05

This edited collection contributes to the current vivid multidisciplinary debate on East European memory politics and the post-communist instrumentalization and re-mythologization of World War II memories. The book focuses on the three Slavic countries of post-Soviet Eastern Europe – Russia, Ukraine and Belarus – the epicentre of Soviet war suffering, and the heartland of the Soviet war myth. The collection gives insight into the persistence of the Soviet commemorative culture and the myth of the Great Patriotic War in the post-Soviet space. It also demonstrates that for geopolitical, cultural, and historical reasons the political uses of World War II differ significantly across Ukraine, Russia and Belarus, with important ramifications for future developments in the region and beyond. The chapters 'Introduction: War and Memory in Russia, Ukraine and Belarus', 'From the Trauma of Stalinism to the Triumph of Stalingrad: The Toponymic Dispute over Volgograd' and 'The "Partisan Republic": Colonial Myths and Memory

Wars in Belarus' are published open access under a CC BY 4.0 license at link.springer.com. The chapter 'Memory, Kinship, and Mobilization of the Dead: The Russian State and the "Immortal Regiment" Movement' is published open access under a CC BY-NC-ND 4.0 license at link.springer.com.

William van den Bercken 2019-05-01

The series Religion and Society (RS) contributes to the exploration of religions as social systems – both in Western and non-Western societies; in particular, it examines religions in their differentiation from, and intersection with, other cultural systems, such as art, economy, law and politics. Due attention is given to paradigmatic case or comparative studies that exhibit a clear theoretical orientation with the empirical and historical data of religion and such aspects of religion as ritual, the religious imagination,

constructions of tradition, iconography, or media. In addition, the formation of religious communities, their construction of identity, and their relation to society and the wider public are key issues of this series.

Politeness Devices in the Tuvan Language - Vitaly Voinov 2014-10-01

This work investigates the linguistic expression of politeness in Tuvan, a Turkic language spoken by about a quarter of a million people in South Siberia. Combining insights from Brown and Levinson's classic model of politeness with those of more recent discursive politeness theories, this work examines the morphological, syntactic, pragmatic, and sociolinguistic aspects of some of the primary verbal means through which Tuvans

express politeness to each other in conversation. The language data analyzed is culled from an electronic corpus of Tuvan literature, fieldwork questionnaires, and the author's individual contact with Tuvan speakers. The book first explores culturally internal (emic) perceptions that native Tuvan speakers have of what politeness means in Tuvan society: how Tuvans themselves characterize and categorize politeness behavior, what social norms they believe to be primary in generating it, and their evaluation of the current level of politeness versus impoliteness in Tuva. Following this, the work applies a culturally external (etic) grid to examine politeness devices that Tuvans use to manage potential face threats in conversation, separately looking at devices based on social indexing and those based on people's desire to not be imposed upon. Specific Tuvan verbal devices investigated in detail include respectful pronouns, deferential terms of address, indirect speech acts, polite auxiliary verbs and politeness

particles. Although genuine politeness is the primary focus of this book, the discussion also interacts with closely related issues, such as rudeness, overpoliteness, and mock politeness.

Sound in Z - Andrey Smirnov 2013

Russia, 1917 – inspired by revolutionary ideas, artists and enthusiasts developed innumerable musical inventions, instruments and ideas often long ahead of their time – a culture that was to be cut off in its prime as it collided with the totalitarian state of the 1930s. Andrey Smirnov's account of the period offers an engaging introduction to some of the key figures and their work, including Arseny Avraamov's open-air performance of 1922 featuring the Caspian flotilla, artillery guns, hydroplanes and all the town's factory sirens, and Alexei Gastev, the polymath who coined the term 'bio-mechanics'. Shedding new light on better-known figures such as Leon Theremin (inventor of the world's first electronic musical instrument, the Theremin), the publication also investigates the

work of a number of pioneers of electronic sound tracks using 'graphical sound' techniques. Sound in Z documents an extraordinary and largely forgotten chapter in the history of music and audio technology.

Blood Run Cold - Aleksandr Voinov 2010-05-03

After an "incident," Frederik Berg, a financial consultant with a reputation for shady business practices, is hired by the Dalcas, a family of ancient and influential wealth. The patriarch, Lucian, takes an interest in him. He is intrigued by Frederik's sociopathic nature and wants to keep him as a pet—literally. Lucian reveals himself to be a vampire, and in him, Frederik finds what he has been looking for all along: a predator even more dangerous and fearsome than he is, someone he can submit to. But there is bad blood all around. Lucian has two children: jealous, opportunistic Elena and quiet, slippery Emil, who takes it upon himself to uncover Frederik's past and use it against him. That past comes in the form of Ghislain Saint-Denis and

Prince Hasan, who were involved in Frederik's "incident." Though he intended to use them, Emil finds himself growing attached to both men. When Lucian promises to make Frederik a vampire, Emil fears for his lovers' safety, knowing that Frederik will take his revenge upon Ghislain and Hasan. Emil tries to protect them, but he can only do so much. And Lucian has no intention of keeping Frederik leashed. Meanwhile, Elena has plans of her own. She is jealous of both her brother and her father, and intends to make sure that all of their pets meet their end. Both sides strike their blows, and family tensions come to a head. Soon it becomes clear that not everyone will survive the conflicts.

Gold Diggers - Sanjena Sathian 2022-04-19

One of The Washington Post's 10 Best Books of 2021 * One of NPR's Best Books of 2021 * New York Times Book Review Editors' Choice * Long-listed for the Center for Fiction First Novel Prize "Dizzily original, fiercely funny, deeply wise." —Celeste Ng, #1 bestselling author of *Little*

Fires Everywhere "Sanjena Sathian's *Gold Diggers* is a work of 24-karat genius." —Ron Charles, *The Washington Post* How far would you go for a piece of the American dream? A magical realist coming-of-age story, *Gold Diggers* skewers the model minority myth to tell a hilarious and moving story about immigrant identity, community, and the underside of ambition. A floundering second-generation teenager growing up in the Bush-era Atlanta suburbs, Neil Narayan is funny and smart but struggles to bear the weight of expectations of his family and their Asian American enclave. He tries to want their version of success, but mostly, Neil just wants his neighbor across the cul-de-sac, Anita Dayal. When he discovers that Anita is the beneficiary of an ancient, alchemical potion made from stolen gold—a "lemonade" that harnesses the ambition of the gold's original owner—Neil sees his chance to get ahead. But events spiral into a tragedy that rips their community apart. Years later in the Bay Area,

Neil still bristles against his community's expectations—and finds he might need one more hit of that lemonade, no matter the cost. Sanjena Sathian's astonishing debut offers a fine-grained, profoundly intelligent, and bitingly funny investigation into what's required to make it in America. Soon to be a series produced by Mindy Kaling!

A Lady Awakened - Cecilia Grant 2011-12-27

In Cecilia Grant's emotionally rich and deeply passionate Regency romance debut, a deal with a rumored rogue turns a proper young woman into . . . *A Lady Awakened*. Newly widowed and desperate to protect her estate and beloved servants from her malevolent brother-in-law, Martha Russell conceives a daring plan. Or rather, a daring plan to conceive. After all, if she

has an heir on the way, her future will be secured. Forsaking all she knows of propriety, Martha approaches her neighbor, a London exile with a wicked reputation, and offers a strictly business proposition: a month of illicit interludes . . . for a fee. Theophilus Mirkwood ought to be insulted. Should be appalled. But how can he resist this siren in widow's weeds, whose offer is simply too outrageously tempting to decline? Determined she'll get her money's worth, Theo endeavors to awaken this shamefully neglected beauty to the pleasures of the flesh—only to find her dead set against taking any enjoyment in the scandalous bargain. Surely she can't resist him forever. But could a lady's sweet surrender open their hearts to the most unexpected arrival of all . . . love?
